DEVELOPMENT IN THE OLD ART COLOR COMPLEX

Submitted by By Robert J. Seader, Mayor; Borough of Dunellen

Discussions with the owners of the old Art Color Complex on developing the site have begun.

Brudner Redevelopment Partners Urban Renewal, L.L.C. (Brudner, LLC.) has presented to the Dunellen Borough Council for consideration plans that include up to 340 town-house style apartments, a two-story mixed retail and professional building on South Washington Avenue, and a large anchor store (which might be a supermarket or other national chain) with smaller retail units in the center of the 19 acres.

During a presentation to the Council during a recent meeting, representatives from Brudner, LLC. described the proposal, emphasizing that in response to the wishes of the Council, all buildings would reflect a railroad-style architectural theme and be in conformity with the styles of many of our historic downtown buildings.

For safety, traffic flow, and pedestrian access to the rest of downtown Dunellen, there will be a new traffic signal placed at the New Market Road intersection.

We anticipate that as many as 580 people will eventually rent units in the new development, many taking advantage of Dunellen's rail station on the Raritan Valley Line that takes passengers to Newark and then via PATH to New York City. Recently, the One Seat Ride program by New Jersey Transit has trains going directly to NYC a number of times per day.

Furthermore, the developers will be obligated to enhance, at their own expense, any infrastructure needs such as roads, sidewalks, power, water, or sewers. The borough should have no out-of-pocket costs for this project.

The new units, both residential and commercial, will add to our tax base.

The Dunellen Borough Council is now working with Brudner, LLC. on an Agreement that will spell out in detail what the developers will build, the timeline for the project, and its impact on the borough. If you have any questions, please call Borough Hall at 732-968-3033 and we will be glad to speak with you.

New Therapy Used by Tiger Woods Comes to Central New Jersey

ALL NATURAL HEALING SOLUTION BRINGS NEW HOPE TO PAIN SUFFERERS

"I have suffered with Plantar Fasciitis for years. I could not walk or stand for even short periods of time. Once I found out about PRP Therapy at Performance Rehab I had to give it a try. I'm so glad I did! I not only can stand for long periods of time I can now go on evening jogs. Thank you to all the doctors and staff of Performance Rehab, you're amazing!"
 - Mary M.

"Thanks to Performance Rehab and their unique PRP treatment program I now take no pain medication and I'm finally working out again. I have never felt better, balanced, pain free and generally positive."
 - Vick M.

"My knee was killing me and I had tried every treatment out there out there hoping to get back on my bike. Thanks to Performance Rehab and Platelet-Rich Plasma Therapy, I am riding again!"
 - Mark M.

Do you suffer from any of the following conditions?

- Tennis elbow/golfer's elbow
- Rotator cuff/tendonitis/bursitis
- Arthritic hip/knee/ankle/shoulder conditions
- Plantar fasciitis/heel spur pain
- Meniscus injury of the knee
- Chronic tendonitis
- Chronic pain

The goal of PRP Therapy is to resolve pain through the natural healing process and has proven to have lasting results. For years, doctors have tried to reduce inflammation, with anti-inflammatory medication, thinking it could be the source of pain. Teams of doctors and researchers are now finding that harnessing the power of inflammation allows the body to go through its natural healing arc, which can relieve pain by getting rid of the problem. This new treatment program offered at Performance Rehabilitation & Integrated Medicine is called Platelet-Rich Plasma (PRP) Therapy and is a cutting-edge process that relieves pain by promoting long lasting healing of musculoskeletal conditions. This rapidly emerging technique is showing exciting potential with osteoarthritis of the knee, shoulder, hip and spine, rotator cuff tears, chronic plantar fasciitis, anterior cruciate ligament (ACL) injuries, pelvic pain and instability, back and neck injuries, tennis elbow, ankle sprains, tendonitis, and ligament sprains.

What is Platelet-Rich Plasma Therapy?

PRP is an emerging non-surgical treatment in an ever popular, all natural health sector. This non-surgical treatment involves the injection of healing proteins, growth hormones and stem cells from a patient's own blood directly into the site of the injury. The doctors at Performance Rehabilitation & Integrated Medicine have seen dramatic results as this treatment triggers the body's own ability to repair itself.

Professional Athletes Use PRP Therapy.

Platelet Rich Plasma has come a long way in just a few short years in the treatment of sports injuries. Now most sports organizations, trainers and players recognize the importance of PRP in their respective sports. Treating professional athletes with PRP is a common practice designed to encourage healing and reduce downtime. **Performance Rehabilitation & Integrated Medicine** offers the same treatment that Tiger Woods, Kobe Bryant, Alex Rodriguez, Hines Ward and many elite athletes use. You owe it to yourself to find out if it is right for you.
