VALLEY ROAD SCHOOL HONORS VOLUNTEER EMERGENCY SQUAD

Students and staff at Valley Road School in Clark learned a lesson in caring for the community and humility when they raised money for the Clark Volunteer Emergency Squad in April. In order to show their appreciation for these unselfish members of the community students and staff were encouraged to put hats on in support. They came to school donning interesting hats and decorative shows of recognition. Mrs. Haney successfully put together the fourth annual event of its kind.

The Clark Volunteer Emergency Squad is available at all times of the day and all days of the week to help anyone in need who may require it. The school raised funds to help maintain this organization and allow it to continue doing the great things it already does. The squad is almost completely funded by donations. If you would like to further assist in their operations, they are located at 875 Raritan Road and all support is appreciated.

(above) Mr. Bryan Lowe, Mrs. Janeen Allmendinger, Captain Michael Hajkowski, and Mr. Joseph Beltramba pose with students as Sean Mirek and Juliana Rama present the check of the funds raised.

PICKLEBALL COMING TO CLARK RECREATION

PUBLISHING PARTY

The students in Miss Lewis' class held a publishing party recently. After months of going through the writing process, the children published fictional stories. Each child invited guests to come and hear them read their story. At the end guests were able to meet the authors.

Pickleball's growing popularity can't be denied. Pickleball is one of - if not the - fastest growing sport in the country. Originally popularized by a Boomer population, in the state of Washington in 1965, looking for something a

little more exciting than bingo, but less time-consuming than a round of golf, the sport has made a generational jump and is catching fire among people of all ages. Pickleball is a combination of tennis, badminton and ping pong. Played with a paddle and a "Wiffle Ball" type ball. Doubles is played most often.

Clark Recreation Director, Ralph Bernardo is always looking for new programs and classes to offer our residents and get people off the couch. He thought this was a great fun, exciting sport, not only for seniors but any age. A clinic was held at Clark Recreation on April 14th to introduce the sport. Most people have never heard about Pickleball unless you go down south in which case there is a waiting line to use a court. A group of adults participated in the free session and was taught and instructed by seasoned Pickleball player Candy Pantano and a group. The program will be offered shortly at the courts at the Recreation Center and will be available to all residents. Stop by the Recreation Center for start date and more information or call 732-428-8400.

HEHNLY STUDENTS JOIN TOGETHER TO MAKE A DIFFERENCE ON EARTH DAY

The students of Frank K. Hehnlly School came out in large numbers to celebrate Earth Day by choosing to walk to school, instead of riding in a car. Students and teachers met at various locations in the Hehnlly School neighborhood and walked to school to show their concern for the Earth.

“Each year, the number of students that participate in our Earth Day

walk grows and grows,” explained Mrs. Begin, Hehnlly School Principal. “It is vital to begin teaching children at an early age about the importance of protecting the Earth and that it is a job that we all need to do together.”

In addition to the walk, Hehnlly School held a variety of classroom events and activities throughout the day to honor this special day.

Cub Master Scott McCabe was present performing the ceremony and Scout Master Ted McKeown was present and awaited each Webelos II as they officially crossed the bridge, (bridged over), to Boy Scout Troop 145 of Clark. The Blue and Gold Banquet is a celebration of the anniversary of Cub Scouting and is named after the symbolic colors of Cub Scouting. For more information on joining cub scouts please visit www.cubpack145.info.

HEHNLY STUDENTS DIVE INTO READING

In Mrs. Guarino's third grade class, students got to "dive into" a book about sea creatures in their recent guided reading group. Students read an information text about various sea creatures and then used the information they learned to compare and contrast various aspects of the creatures. Students then extended their learning by creating Venn diagrams to further outline the similarities and differences.

"In our classroom, our guided reading groups offer students the opportunity to work in small groups on their own reading level. These small groups allow for a great deal of interaction between the students and enable me as their teacher, to focus in on various strategies to improve fluency and comprehension," explained Ms. Guarino.

CLARK STUDENTS CELEBRATE EARTH DAY

Students in Miss Bartolomeo's class, at Carl H. Kumpf Middle School in Clark, celebrated Earth Day. In preparation for Earth Day, the students learned about the history of the holiday and ways they could help the Earth.

To start off the day, the class planted flowers around the flag pole in front of the school. With

the help of a generous donation by Schieferstein's Farm on Madison Hill Road, in Clark, the class planted blue, purple, and yellow pansies.

Later that day, the students created hand crafted recycling bins for the school. The students took boxes and decorated them using construction paper, crayons, colored pencils, stencils, stickers, and recycling symbols. The class was happy about their contributions to their planet on Earth Day.

C.A.L.C. AUTISM AWARENESS

Members of the Crusader Athletic Leadership Council recently participated in the Clark School District's Autism Awareness Day at the Clark Pre-School. Autism is one of a group of serious developmental problems called autism spectrum disorders that appear in early childhood, usually before age three. Though symptoms and severity vary, all autism spectrum disorders affect a child's ability to communicate and interact with others. The number of children diagnosed with autism appears to be rising. It's not clear whether this is due to better detection

and reporting of autism or a real increase in the number of cases or both. While there is no cure for autism, intensive, early treatment can make a big difference in the lives of many children with the disorder.

C.A.L.C. members participated in numerous events throughout the occasion that not only were enjoyable for all of the children, but also raised awareness for autism. In addition, the teachers had a multitude of activities relating to autism that incorporated C.A.L.C. members and pre-school students alike. Miss Lillis, Clark Pre-

School Teacher said "I could not have been happier with our 3rd Annual Autism Awareness Event! All of those who participated in Thursday's event seemed to have a smile on their face from start to finish. Seeing all of those smiling faces makes this event worth while!"

The C.A.L.C. would like to thank Mrs. Consiglio, Mrs. DeAngelis, Mrs. Kowalski, Mrs. LaManna, Miss Lillis, Pre-School Director Marie Sarosy, and everyone associated with the Clark Pre-School for welcoming us and allowing us to be a part of a fabulous day.

VALLEY RD STUDENTS ENJOY A NIGHT OF THEATRE

Fifth and fourth graders at Valley Road School put on a successful performance of Lewis Carroll's "Alice in Wonderland." Directed by Mr. Bryan Lowe, Miss Jackie Grigoli, Miss Jen Bartolemeo, and Miss Brianna Kane actors, actresses, and stage crew had rehearsed for several weeks leading up to the night of the play. The cast showcased their talents in front of the entirety of the school as

well as the community. The show was a resounding success with lots of laughs and a captivated audience.

The success of the show was made possible largely because of the great effort of the students. Students did a great job at multi-tasking and balancing responsibilities. Not only were the participants involved in the memorization of lines, but they also helped to design and make the set. "It was great to see students of all different personalities and interests shine through their collaboration and involvement in this event," Lowe said.

(left, l-r) Gabrielle Menzo and Ashley Belverio pose to have their picture taken as Alice after the performance.

Students in Miss Bartolomeo's class at Carl H. Kumpf Middle School, in Clark, are learning about the human body. The students focused specifically on the circulatory system recently. With the help of Mrs. Arwa Lokhandwala, the students did an experiment to learn about the different blood types. The students learned that there was blood type A, blood type B, blood type AB, and blood type O.

In the experiment, the students used acrylic paint to represent blood type A, vinegar for blood type B, and water for blood type O. The

acrylic paint and vinegar were mixed to make the combination for blood type AB. The students learned what happened when you mixed two blood types together. The students also used glitter to represent red blood cells in the body, and mineral oil to represent plasma.

When the students completed the experiment, they recorded their observations on their lab reports. Then, the students had the opportunity to look at different blood cells under microscopes. The students had a wonderful time being scientists for the day!

THE NJ DEVIL VISITS VALLEY ROAD SCHOOL

Students in Ms. Grigoli's Kindergarten class received a visit from the NJ Devil's hockey mascot as part of the Stick with It: Achievement in Academics program. This program encourages students to read each day, seven days a week. Students are asked to have their parents help them record their minutes on their reading log. The students in Ms. Grigoli's class won a pizza party and a visit with the NJ Devil for the

amount of minutes logged on their reading logs. The students were very proud of their reading log achievements and were even more excited to find out the class had won.

The NJ Devil arrived with pizza, water, and juice for the class. He interacted with the students, made them laugh, and got them excited about reading. Each student was given a gift bag which included an Achievement in Academics

shirt. The NJ Devil took the time to personally sign each child's shirt individually. He also had some time to have a dance party with the class to a few of their favorite songs. The NJ Devil posed for pictures and the class received a Congratulations banner to hang in their classroom. The NJ Devil's visit was a great motivator and reward for the students reading achievements.

STUDENTS LEARN ABOUT FIRE SAFETY

Kathryn Jones, teacher at Carl H. Kumpf Middle School and Arthur L. Johnson High School taught a lesson on fire safety with her life skills class. Her students had the exciting opportunity of meeting a special guest, "Firefighter Brian." He has been a volunteer fireman for the past 9 years and provided the students with insight as to what to do in case of an emergency. The students were excited to ask him questions about what he does on a daily basis and why he chose to become a fireman. Each student had at least one question ready to ask Firefighter Brian and he provided answers to the best of our understanding. He explained the difficulties firemen face. Firefighter Brian enforced the importance of having a safety plan in place in case the students are ever in a scary situation such as a house fire. Each student expressed two ways they could get out of their home in case one exit was blocked by fire. Students had to show true critical thinking skills to provide detail as to how it was a safe way to escape from their home. Everyone did such a great job and really enjoyed all of Firefighter Brian's insightful information. Not only did he

teach them about the rights and wrongs in a fire but he taught them why firemen wear the fire gear they do and the importance behind it. He then allowed the students to hold his fire jacket to see how heavy it actually is.

The students loved this and loved seeing how fast a fireman has to get ready for a call as Firefighter Brian quickly slipped into his fire suit and put his mask on. This opportunity provided a wonderful hands-on learning experience for all the students.
