JACQUELINE SALVATORE IS ABLE TO PROVIDE A SILVER LINING IN THE DARKEST OF MOMENTS

Rahway resident Jacqueline Salvatore is a Family Services Coordinator (FSC) at NJ Sharing Network. Jacqueline has developed a passion for organ and tissue donation and transplantation. Joining the NJ Sharing Network team in September 2016, her role as FSC focuses on providing care, support, information and education to organ and tissue donor families during and after the discussion of the donation process. Jacqueline works hand in hand with the onsite medical team and other NJ Sharing Network staff to ensure that potential donor families are supported throughout the entire process while addressing any emotional needs, including grief support. She helps families honor the gift their loved ones gave through a flag raising and other tributes to their memory. She can also connect donor families with their loved ones' transplant recipients.

"After donation, I sincerely express the fact that donor families are now a part of our NJ Sharing Network family and it's our job and lifelong mission to honor the incredible gift given," said Jacqueline. "Whether it is calling the family after three weeks, four months, five years, we are with them for the long haul and will continue to be their support system."

Jacqueline is on-call from 7am-10pm and can be called to any of NJ Sharing Network's hospital partners throughout the state. The donation process can be time consuming and FSCs could work for more than 12 hours supporting a family through this difficult time. Jacqueline has always been dedicated to providing care for others. After working in hospice for almost ten years, she took a unique turn with her social work degree and is now able to share in a small, yet positive, moment with families.

"Our Family Services team is an amazing group of people that truly live the mission of NJ Sharing Network and touch the lives of countless families," said Carolyn Welsh, Director of Organ Donation Services, NJ Sharing Network. "Gentle, kind, knowledgeable, and passionate, Jacqueline is an exceptional asset to the team and goes above and beyond in her role."

In addition, Jacqueline is involved in supporting families outside of her regular responsibilities at NJ Sharing Network. She participates in the organization's 5K Celebration of Life, which brings together thousands of walkers, runners and volunteers to honor those who gave the gift of organs or tissue, pay tribute to those who have received a transplant, offer hope to those currently waiting for a transplant and remember those who have died while waiting for the gift of life. This year's events will be held April 2 in Paramus, May 7 in Long Branch and June 4 in New Providence.

Jacqueline Salvatore earned her Bachelor of Arts from Smith College and her Master of Social Work from Columbia University School of Social Work.

To date, there are over 120,000 people waiting for a transplant and 22 die each day while waiting, but one organ donor can save eight lives and one tissue donor can restore health to over 75 people. In New Jersey, there

(above) Rahway resident Jacqueline Salvatore's unique social work role at NJ Sharing Network provides around the clock support for organ and tissue donor families.

are over 4,000 people on the waiting list and one person dies every three days waiting.

New Jersey residents can help save lives by registering as organ and tissue donors at www.NJSharingNetwork.org, having a conversation with family and friends and joining NJ Sharing Network at its upcoming events.

About NJ Sharing Network

NJ Sharing Network saves lives through organ and tissue donation. Located in New Providence, the organization recovers organs and tissue and belongs to a national network that helps the 120,000 people waiting for a transplant. In 2016, more lives were saved than ever before. Thanks to the selflessness of New Jersey organ donors and their families who said yes to donation, 613 people are alive today. This year, the organization is celebrating 30 years of saving lives.

To All of my Neighbors and Friends in Rahway, the town in which I am proud to be a homeowner !! I love where I live and will never move!!!!

Rahway has a very special significance to me. At the young age of 20, when I graduated from Rutgers University with a degree in Education, I was hired as a full-time teacher at Rahway High. My students were 2 years younger than me and I had a wonderful teaching experience!!! My name at that time was Miss Flicker and I am sure many of my students will remember me from the 70's!!!!!!!

In 1988 I built a real estate business together with my wonderful husband Juan and our three-year-old baby girl in arms.

From giving "Good Old Fashioned Service," and caring for each and every client, we are now successfully celebrating 3 decades of providing the most personal and genuine service for which we are extremely proud. Our goal is to make all of our homeowners happy and that is what we do!!

Some of our recent success stories in Rahway and surrounding areas are the following:

We have just closed on 752 West Lake Ave Rahway and the sellers and buyers are both ecstatic!!! Successfully sold by Jill Guzman

We have successfully closed recently on 1943 Bond Street to a precious family first

time buyers! Sold by our Altheria Fairfax

We just closed 211 Chandler in Linden! Successfully sold by our Altheria Fairfax!

We just closed a gorgeous new construction home in Linden, the town next to Rahway, at 2118 Alberta Ave for \$396,000!!! Yay! We are breaking records!! Marketed by Altheria Fairfax!

We sold a ranch on Knapp Drive in Rahway to the happiest buyers ever. They hail from NYC and love the country feel of Rahway!!! (As do all of our buyers!)

Thinking of selling your home????????????????

Look no further!!!!

We are here to bring you the top of the line quality, service, and price.

Call your neighbor who lives right here in Rahway.

TURN YOUR CAMERA INTO THE LATEST CRIME FIGHTING TOOL

The Rahway Police Department has launched an innovative new security camera registration program called SafCam to aid in the investigation of serious crimes. The Rahway PD is committed to utilizing every resource to prevent and solve crimes, and to protect citizens and their property. Many residents and businesses are already utilizing surveillance camera systems, and these cameras may capture persons and events without the owner's knowledge. This captured information may help the Rahway Police Department solve crimes, and help to keep the town safe.

The Rahway PD is asking residents and businesses to register their privately-owned surveillance camera systems with the police department. As our officers respond to reports of criminal activity in our community, they may be able to use the information or footage captured on these security cameras to assist in the apprehension and prosecution of the criminals involved.

The SafCam program allows us to map out the locations of the cameras, so officers can find possible evidence faster. The directory would not allow officers to tap into private cameras, rather it would only indicate where the cameras are located. Using geographic locations of the registered cameras, the Rahway PD will be able to communicate directly by email or phone with citizens in an area in which a crime occurred. We may request that participants check their video surveillance system for a specific date and time to see if it captured something related to the crime (for example, a car or suspect). If the citizen finds any video evidence, they can contact the Rahway

Police Department to make arrangements for video retrieval. This valuable evidence may then assist in the apprehension and prosecution of the criminals involved. You would only be contacted by the Rahway PD if there is an incident within the vicinity of your camera system. Officers or detectives may request to view the footage in order to assist in their investigation. Citizens and business owners who register their security cameras will receive a window sticker to show they are participating in the program.

Rahway Police Chief John Rodger stated, "The SafCam program is gaining momentum throughout the country. The Rahway Police Department has taken our program a step further by integrating the location of surveillance cameras into our mapping system. This information will be available to officers with the touch of a button, and will save countless hours of going door to door to see if residents or business owners have camera systems available. We are asking Rahway residents and business owners to take an active role in keeping their community safe."

The online registration process is simple and only takes a few minutes to complete. Residents and businesses can register their cameras by going to www.rahwaypolice.com and clicking the "register camera" button on the top right hand corner of the page.

There is no cost to register your camera, and your information is kept strictly confidential. As an added incentive, Ring camera system is offering a \$25 discount for all Rahway residents who purchase their system from www.ring.com (Promo code: 41rahway).

PROPER MULCHING SAVES TIME, MONEY, AND PLANTS

Mulching your landscape has many benefits for your garden, but the reason most homeowners mulch is to give their property a dramatic finished look. Your plants and flowers pop out with mulch.

Properly used mulch suppresses weeds, keeps the soil moist, and maintains the soil temperature. This will help keep your plants healthy and reduce maintenance, especially weeding during the summer months.

Usually one or two inches of mulch with 5 inches of space between the base of trees and/or the stems of shrubs is a good rule of thumb.

Mulching trees and shrubs is a recommended cultural maintenance method with many benefits, yet it can literally kill plants if mulch is applied improperly.

VOLCANO MULCHING KILLS TREES AND SHRUBS

A mountain of mulch, piled high against the tree trunk, does not kill a tree immediately but will result in a slow death. Over-mulching is a waste of mulch (and money!). It is a leading cause of death for azalea, rhododendron, dogwood, boxwood, mountain laurel, hollies, cherry trees, ash, birch, linden, spruce, and many other landscape plants.

How does over-mulching kill trees and shrubs?

Lack of oxygen to tree roots. This is especially common in the spring and the fall, which are

(above) Volcano mulching will slowly kill trees by suffocating the roots and creating shelter for rodents which crew on the base of the tree.

(above) President of The Rahway Garden Club, James Keane has been researching and answering garden questions since 1995.

keanegardener.blogspot.com*

critical periods for root growth, and during other wet periods. Symptoms may take several years to appear.

Inner bark death. This comes from the piles of mulch placed directly against the stems/trunks of trees and shrubs. (This can also happen to trees planted too deeply. Carefully follow directions when planting trees and bushes.)

Fungal and bacterial diseases. Moisture is required to spread and reproduce these diseases. Trunk diseases gain a foothold into the moist, decaying bark tissue under the mulch. Once established, the disease organisms ultimately invade the inner bark, starving the plant, and finally kill the plant.

Excess heat. This is created when wet mulch starts to heat up and begins to decompose the lower bark.

Rodents such as mice and voles. These live under the warm mulch in the winter and chew on the nutritious inner bark. Often this goes unnoticed until the following spring when the "tree doesn't look good".

A MESSAGE FOR COMMERCIAL REAL ESTATE BROKERS, LANDLORDS, FRANCHISORS AND PROFESSIONALS WHOSE CLIENTS NEED A CERTAINTY OF FUNDING.

White Rose Funding is a direct and indirect lender that can provide funding for:

- Tenants in need of capital for a build-out, equipment or machinery;
- Franchisee and other Start-Ups in need of acquisition funding or working capital; and
- An established business that has sudden and temporary cash needs.

We provide flexible financing on fair terms that rewards the forwarder by offering:

- Financial remuneration to the forwarder; and
- A tailored solution for your client.

For example, a Landlord or Commercial Real Estate Broker is showing property to a prospective tenant, the location is ideal, but the build-out cost is likely beyond the tenant’s initial budget. The Landlord seeks personal guarantees sensing there could be financial issues down the road. White Rose Funding could provide a term loan for the build-out, fixtures and equipment, and a working capital loan that will ring-fence the rent guarantee.

There is no cost to your client unless we provide the financing.

If the client does not enjoy prime credit status, we have relationships with preferred SBA Lenders that can make the process fast and efficient.

When you need access to an alternate lending source for your business needs, please consider White Rose Funding.

AUDITIONS FOR TWO PRODUCTIONS AT CDC

The 2017 Short Play Festival featuring *Standing on Ceremony: The Gay Marriage Plays*, and other short pieces, will hold auditions on May 7 at 7:30pm and May 8 at 7:00pm with performances planned for September 7, 8 and 9. This special event is a non-equity, non-paying production and 50% of the ticket profits will be donated to the Gay, Lesbian, Straight Education Network, or GLSEN. Auditions and performances will take place at CDC Theatre, 78 Winans Ave in Cranford, NJ. Additional information can be found by visiting www.cdctheatre.org or the Cranford Dramatic Club Facebook page.

In a second special event, director Cynthia Ross will cast for Neil LaBute's *The Shape of Things*. Auditions will be held on May 15, 16 at 7:45pm at the theatre's 78 Winans Ave location, with performances on August 10, 11 and 12 at 8:00pm. Additional information can be found by visiting www.cdctheatre.org or the Cranford Dramatic Club's Face Book page.

9 TO 5, THE MUSICAL, AT CDC THEATRE

In May, at CDC Theatre in Cranford, three unlikely friends will take control of their office and learn there is nothing they can't do, even in a man's world. *9 to 5 The Musical*, with music and lyrics by Dolly Parton and book by Patricia Resnick, is based on the seminal 1980 hit movie. Set in the late 1970s, this hilarious story of friendship and revenge in the Rolodex era is outrageous, thought-provoking and even a little romantic.

"Having loved the movie, I was excited to see show when it was on Broadway, and was not disappointed. "Already in rehearsal at the theatre's home at 78 Winans Ave. in Cranford, Clifford Parrish, who is both the director and musical director of the show, shared some of his reasons for coming back to work on a show at CDC Theatre. "The audience was really with these women as their story unfolded. Even though we've come a long way on women's issues since 1979, the story still needs to be told. Even though it's a comedy, this show is about women's empowerment. The Dolly Parton score is also a lot of fun, with some truly beautiful ballads. I am excited about working with a tremendously talented cast!"

The large cast features frequent performers

at CDC and some new faces. Kara Wilson, Melissa Timpson and Hannah Schroeder take the leading roles of Judy, Violet and Doralee. Richard Colonna will be their lecherous boss Mr. Hart and Arlene Britt his adoring employee Roz. Jason Cilento is Joe, a handsome accountant smitten with Violet while Mark Piltz plays Doralee's supportive and attractive husband Dwayne, with Will Roper as Violet's teenage son Josh. Joel Redmount will play Hart's boss and Chairman of the Board, Mr. Tinsworthy and Danielle Gruskiewicz is Hart's unsuspecting wife. The ensemble and featured roles will be brought to live by Michele Greenspan, Katherine Brown, Joanna Riley, Carolyn Milhiser, Beth Kasper, Zach Mazouat, Edgar Hidlago and Tommy Lackamy.

The production will open on May 5 and run weekends through May 20. Additional information and tickets can be found by visiting www.cdctheatre.org.

Funding has been made possible in part by the NJ State Council on the Arts, Dept. of State, a Partner Agency of the National Endowment for the Arts, through a grant administered by the Union County Office of Cultural & Heritage Affairs

VOLUNTEERS INCLUDING RAHWAY'S PAT MORAN, LOG 50,000+ HOURS AT FURNITURE ASSIST

As it nears its second year in its new location in Springfield, the volunteers for Furniture Assist, a group that distributes furniture and other household items to people in need, will log in their 50,000 hour threshold. Furniture Assist (FA) is currently located at 24 Commerce Street in Springfield, just off Route 22 and Hillside Avenue. It was founded a dozen years ago, operated in Kenilworth for a number of years, and is still overseen by Dawson Yeomans and his wife Sandy of Newark along with a volunteer board of trustees: Tom Conniff, Ken Kardigan, Jennifer Scott, and Kassie Moran-Smith.

As its name implies, the group accepts furniture – beds, tables, chairs, desks etc. But they also accept just about anything that can be used by a family setting up a home: working electronics (computers, printers, phones etc.); children's books; gently used clothing; linens; household goods, such as kitchen accessories/utensils; small appliances; decorative items, like wall art and knick-knacks; lamps; as well as toys and games. Marilyn Court of Metuchen and Patricia Moran of Rahway are volunteers who sort through the toy donations, cleaning them, dressing the dolls, and counting all the pieces of a puzzle or game before distributing them on Sunday mornings to brighten the lives of children in need.

Qualified clients are referred to FA by social organizations, based on need. Maybe they were homeless now setting up their first home or perhaps they lost a home to fire or flood. On average, 15 families per week are helped – that's nearly 10,000 families over the years - so there is always a great need for year-round donations. Furniture Assist is a registered 501(c) (3) organization so all donations are tax deductible as allowed by law. Volunteers supply a tax letter at the time of donations.

So if during these days of spring cleaning, you are wondering what to do with those used-but-in-good-shape household items, consider

delivering them to Furniture Assist at the Springfield address. They are open every Sunday, except holidays, from 12 – 2:30. Or, if you are looking for a charity to fill up those extra hours you have, FA is always open to volunteers. You can just show up and introduce yourself to Dawson or Sandy or give them a call at the phone number below. Many volunteers also help sort through donations on Mondays and Wednesdays following donations. The group also needs volunteers on the board of trustees to help run the organization. More information on the board can be found by emailing Board@FurnitureAssist.com

Kassie Moran-Smith, a resident of Westfield and a volunteer with FA for more than 10 years, most recently moved to the position of secretary for the Board. She is proud to announce a new initiative: 100 for 100.

"This program would double our budget." She explains. "If 100 families/clubs/businesses and or groups/troops sent \$100/month for the next year, FA would be able to hire our first paid employee. This valuable member would write grant applications, expand and run our volunteer program, and help plan fundraisers to support specific projects, such as purchasing a truck, which FA can use to help clients move their new furniture into their new homes." The box truck would also be used to move items to the group's largest fundraiser: A Yard Sale!

This year, it will be held in Westfield on Prospect St, Friday May 5th and Saturday May 6th.

To help with the rent and publicity, Furniture Assist appreciates any financial assistance, even if you cannot afford the 100 for 100. All financial donations should be sent to Furniture Assist, Inc., 24 Commerce St. Springfield, NJ 07081. Include a note if it is for the 100 for 100.

For more information, check out their website at www.furnitureassist.com or call 973-868-6007.

LOOK... UP IN THE SKY... IT'S THE HINDENBURG

Submitted by Al Shipley, City Historian and Rahway Library Research Consultant

Eighty years ago this month, the German dirigible LZ-129 Hindenburg shocked the world when it burst into flames while attempting its landing at the Naval Air Station at Lakehurst, New Jersey. A few hours before the tragedy, many Rahway residents watched in awe as the giant blimp floated majestically over the city, totally unaware of the horrific event that was about to unfold.

The Hindenburg was designed to be the largest, fastest, and most comfortable airship in the world when construction began in 1931. Completed five years later, the massive aircraft was 804 feet in length (almost three football fields) and about four times larger than the blimps presently seen over sporting venues. Classified as a rigid airship because its outer skin was supported by a metal framework to help keep its shape, the Hindenburg weighed 240 tons. Despite its weight, it had a cruising speed of 74 mph and was capable of reaching a top speed of 84 mph. The craft was designed to be filled with helium gas, but the United States controlled the world's helium gas supply and refused to export the gas to Nazi Germany. It was therefore re-engineered to use hydrogen gas which, although highly flammable, was more readily available, less expensive, and would actually provide more lift.

Hindenburg's maiden flight was made on March 4, 1936 and its first transatlantic voyage took place two days later on March 6. The trip from Frankfurt, Germany to the Lakehurst Naval Base took 2 ½ days as compared to the 5-10 day journey by ocean liner. The experience offered the 50 passengers (there were also 56 crew members on board) was as grand as the dirigible itself. The two-decked craft contained private cabins, public rooms, a lounge, a spacious promenade, dining room, kitchen, a reading and writing room, wash rooms, and even a smoking room. A round trip ticket for the exclusive flight was \$720.00 which by today's cost would be over \$6,500.

In 1936, the Hindenburg made 17 successful transatlantic round trips carrying over 3,500 passengers and 66,000 pounds of freight including over 17,000 pieces of mail. In the early part of 1937, six flights were made without incident and it appeared that travel by airship would become the preferred mode of transportation for the foreseeable future. This optimistic view, however, would, like the aircraft itself, go up in flames on the evening of May 6.

Weather predictions for the New York Metropolitan area on Thursday, May 6 called for mostly cloudy skies with the possibility of afternoon and evening showers. The Hindenburg was scheduled to arrive at Lakehurst at 5 a.m. but because of strong headwinds it was slowed down considerably and readjusted the landing time to 5 p.m. The airship passed over New York City around 3 p.m. and made its appearance over Rahway at approximately 3:45. As the craft floated overhead in the cloudy sky, car horns honked and pedestrians stopped to point and wave at what must have looked like a silver whale. A former Rahway resident recalled seeing the Hindenburg when she was a young girl after leaving a Brownie meeting

(above) The Hindenburg dwarfs the New York City skyscrapers as it flies over Manhattan on the afternoon of May 6, 1937. The massive dirigible would pass over Rahway at 3:45 p.m. on that ill fated day.

at the Girl Scout House. She remembered, "As I walked out with the other girls to go home, we looked up and directly above our heads was the huge, huge airship. It was flying very low. As a young girl, to me it looked enormous."

The Hindenburg reached Lakehurst at 4:00 but was forced to circle the airfield for three hours while it waited for a storm to pass. Finally, just after 7:00, clearance was given for a final approach. All appeared normal as ground crew members stood under the craft and grabbed two landing lines that had been dropped from the nose. Then, at 7:21, the great ship suddenly exploded in flames and crashed to earth in a massive heap of metal, smoke, and fire. The entire craft was totally destroyed in the raging inferno in less than 30 seconds. Of the ninety-seven persons on board (36 passengers and 61 crew) thirty-five perished plus one member of the ground crew.

In the days and weeks that followed, investigations were launched to discover the cause of the disaster. Considering world tensions of the late 30s, hints of sabotage were immediately heard with theories that a planted bomb or a shot from a gun or rifle destroyed the Hindenburg. Many believed lightning struck the ship or a spark caused by built up static electricity ignited leaking gas. There was also speculation that a bracing wire in the metal interior may have snapped and punctured a gas cell causing the explosion. Some contended one of the engines backfired sending a shower of sparks against the ship's outer skin. With the exact cause never having been conclusively determined, the catastrophe of the "Queen of the Skies" remains a subject of research and debate even after the passing of eighty years.
