SCHOOLS CELEBRATE TRUE MEANING OF THANKSGIVING

Submitted by Mary Ann McGann

Students, staff, and families across the Westfield Public School District continued the district's longstanding tradition of giving back to families in need during the holiday season.

Throughout the month of November, the Early Act Club at Jefferson Elementary School coordinated a food drive to help those who are less fortunate in the local community. Thirty-four fifth graders gave up their recess times to create and hang posters as well as organize the donations over the past several weeks.

"Due to their efforts and the generosity of the Jefferson families, Early Act was able to collect more than one hundred canned and prepackaged food items," says Jefferson principal Dr. Susie Hung who, with school secretary John DiOrio, some Early Act members and teacher advisors Tiffany Winters and Megan Cardillo, delivered the food items to Grace Presbyterian Church on Nov. 20. "Reverend Timothy Ferguson was extremely touched and appreciative of the donation from Jefferson families. The food pantry is now fully stocked and anyone can stop by to retrieve whatever they need."

The Early Act Club is a service club for 5th grade students, sponsored by the Rotary Club of Westfield and held at several of the district's elementary schools.

Westfield students also continued the weekly tradition of bringing and making extra lunches on a designated day to donate to local charities,

including St. Joseph's Social Service Center in Elizabeth.

"We call it "Two Lunch Tuesday" and this week, we increased the donated lunches by promoting a contest among the classes," says Franklin principal Dr. Eileen Cambria on Nov. 20. "The grade level with the most lunches was rewarded with an extra recess period."

"Every week, when we bring the school lunches, the volunteers feel so proud to donate what the school contributes because we see the need firsthand. At Thanksgiving, though, the need is doubled," adds Franklin parent volunteer Laura Williamson who estimates that the school community donated more than 1,000 lunches.

Among the many ways Westfield students, staff, and families celebrated the true meaning of the holiday season were Thanksgiving pictures and cards delivered by McKinley families to local veterans and food baskets created by Westfield High School students for four refugee families in the area who will enjoy a traditional Thanksgiving feast for the first time. At Edison Intermediate School, students in the Student Government Association organized a Thanksgiving food drive, collecting and donating more than 200 items to area food banks and shelters.

FUNDRAISING FOR NICARAGUA AND LOCAL MISSION

Recently members of the Service and Mission Team of the First Presbyterian Church of Cranford graciously accepted a check for 3,500 from First Presbyterian Church member Lynne Fitzpatrick and members of her team from the Guillotine Salon and Spa in Westfield, NJ.

Lynne, owner of the Guillotine, recently held a fundraiser which raised \$3,500 to assist homeless programs and the Cranford Elmora

Soup Kitchen. These organizations have been supported by First Presbyterian of Cranford for 30 years. During the same event, funds were raised to support social justice programs and organizations that assist women and children,

especially those who are victims of domestic violence and sexual abuse. Lynne and her team have also sponsored scholarships and equipment for those looking to become hair stylists in Nicaragua.

“A DRUG FREE OPTION TO CURE BACK PAIN.”
-The New York Post

The New York Time's Business Entrepreneurship section has featured an article about how "stretching is the new big thing in fitness" featuring an interview with our very own Hakika V. DuBose, the founder of Kika Stretch Studios, formally Power Stretch Studios.

"That's the thing that makes me different. It's all about creating space within the body. It's even worse for people who do work out because when they stretch all that effort simply creates more contracting and more tension.

People who are in pain have tried everything and they're still in pain. Then they come to us and we're like 'That isn't pain; that's tension'."

MARCHING BAND COMPETES IN REGIONAL COMPETITION FINALS

Submitted by Marcy Lechner

Westfield High School's marching band reached the finals of a prestigious regional competition for the first time ever this season.

The Marching Blue Devils were competing in the Bands of America Mid-Atlantic Regional Marching Band Competition at the University of Delaware for the third consecutive year.

Twenty-seven of the top high school marching bands on the East Coast, traveling from as far as Connecticut and North Carolina, made the journey to Delaware for the annual competition but just ten were chosen to compete in the finals.

Senior Alexander McGrail, who plays tenor saxophone, remembers the Westfield band's first appearance in the competition.

"We stayed to watch the top ten bands perform even though we didn't make the finals and I

remember being amazed by how good they were and wondering how we could ever be that good," he said.

Although the Blue Devils finished in tenth place, just six points separated Westfield (72.4) from this year's champion, Pennsylvania's Norwin High School (78.65).

Band Director Christopher Vitale said: "We're extremely proud of the band for reaching finals at the 2018 Bands of America Mid-Atlantic Regional. Three years ago we attended our first BOA Regional and have been working since that day for the opportunity to perform alongside the best high school bands in the Mid-Atlantic region.

"Our Westfield students left a lasting impression on their audience this weekend representing their community, school, and band

program in the most positive way possible. The entire evening was magical and will serve to be a very special moment in time in our band's history for years to come."

The 2018 production, Goodbye Yellow Brick Road, highlights teenage fears and challenges and the long road to finding the courage to face them.

Goodbye Yellow Brick Road, by Elton John, forms the musical centerpiece of the show and Superman theme Man of Steel and classical music by Shostakovich are also featured. All the music is specially arranged by Band Director Trevor Sindorf for the band.

The Westfield marching band performed their 2018 production for the final time at the traditional Thanksgiving football game against Plainfield at Plainfield High School.

THE WOMAN'S CLUB OF WESTFIELD FILLS STOCKINGS FOR U.S. TROOPS

Submitted by Anne Magnotti

Ladies who are members of The Woman's Club of Westfield Home Life Department spent an afternoon together recently busily filling, with much eagerness, many, many Christmas stockings to the brim with greeting cards of good cheer, writing pads with pens, decks of cards, candy, lotion, fun items and so much more. The stockings will be shipped to those active in the military with the hope of bringing a smile to a soldier's face and as a way of showing our appreciation and gratitude for all the work that our service men and women do and for all the sacrifices that they make defending our country.

These stockings will join many other

stockings as part of the "Boatsie Boxes" delivery system. Boatsie Boxes began in 2004 when Master Sergeant Patrick R. Boatsie's mother, Gail, forwarded a personal request from the Deputy of Programs in Baghdad for personal items needed for the Military in Baghdad hospitals. Four months later Master Sergeant Boatsie was deployed from Baghdad and the care package delivery was extended to include any deployed troop in need of support.

The Woman's Club of Westfield meets at a general meeting the second Monday of the month at The Masonic Lodge in Westfield, 1011 Central Avenue, Westfield at one o'clock in the afternoon.

On the evening of Tuesday, October 23, 2018, Mayor Shelly Brindle, representing the Town of Westfield, issued a proclamation honoring the work of the Rotary Club of Westfield.

The Rotary Club of Westfield recently raised \$3,500 in grants and purchased and planted 25 trees on Dudley Court in Westfield. The grants were provided by The Westfield Foundation, Rotary International District 7510, and the Rotary Club Foundation.

Trees are good for the environment because the leaves filter out air pollution, produce oxygen, consume carbon dioxide - which is a greenhouse gas -, reduce global warming, provide fresh, clean air, and beautify the Town. In recent years, the Township has lost many trees due to the storms. Several community groups were mobilized to help with the project in addition to the Rotary Club: the Westfield High School Interact Club; Boy Scout Troop 77; local

residents of Dudley Court; and the Township Public Works Department.

The Rotary Club of Westfield was founded in 1921 and has done many projects over the past 98 years to help the Township. They are known for their annual Pancake Day and Breakfast with the Bands which is a fundraiser to raise money for college scholarships. The Rotary Club has provided approximately 1.6 million dollars in scholarships to 1,400 Westfield High School seniors since 1967, and is the largest scholarship program in town. The club gives approximately \$100,000 per year in College Scholarships and \$20,000 in Community Grants.

The Rotary Club meets the first three Tuesdays of the month for lunch at 12:15 p.m. on the second floor of the Westfield Y. Guests are always welcome. For information contact Michael Hart at drmhart@yahoo.com.

DIA DE LOS MUERTOS AT EDISON INTERMEDIATE SCHOOL

It was a celebration of family and remembrance at Edison Intermediate School on November 2, as students in grades 6-8 and their world language teachers marked Dia de los Muertos, or Day of the Dead, creating a Hallway of Memories with colorful and meaningful displays.

“Day of the Dead is a holiday born from ancient traditions in Mexico when people remember and celebrate the lives of loved ones who have passed on,” said world language teachers Tara McMahon and Mercedes Poyntz who coordinated the event with fellow Spanish teachers Rebecca Bodajlo, Lisa DeSousa, Cecillia Lopac, Jillian Martinez, and art teachers Daniel Black and Helen Frees. “While the objectives of the unit vary between grade level, the overarching theme is identifying the cultural significance and traditions of this holiday as we compare and contrast them with our own.”

McMahon said, as part of the Spanish unit, sixth and seventh grade students focused on imagery and symbolism while 8th graders blended the traditions of the holiday with their own to honor someone who has passed. Some students celebrated the life of a pet or a well-known person while others chose to honor a family member who had died.

“The students are excited about it. They were able to talk to their parents about their ancestors, who they were and how that translates to one’s identity,” Poyntz said.

Students also created authentic artifacts in art classes to adorn the Hallway of Memories. And, while the Dia de los Muertos celebration in the intermediate schools is in its 15th year, Poyntz and McMahon said this is the first time families were invited to “see the products of the students’ hard work as we celebrate a holiday that carries the timeless message of love, respect, and the value of remembering.”

Meg has researched crossword puzzles and discusses the history and lore of one of America's favorite past times. So, ring in the New Year by challenging your mind and intellect with some good old-fashioned cruciverbalism (the compilation of crosswords).

Meg Wastie, is currently the Program Consultant for the Westfield Historical Society where she works on developing and presenting educational history programs for Westfield and

the surrounding community. A graduate of Westfield High School, Meg is former Curator of the Museum of Early Trades and Crafts in Madison, NJ. Meg has 15 years of experience in Museum education and 32 years of teaching High School English. She currently resides in Basking Ridge.

Those wishing to attend the luncheon may make a reservation by email to westfieldhistoricalsociety@gmail.com; or, by calling 908-654-1794, before 11:00 a.m. on Friday, December 26.

PROGRESS CLOTHING RESALE NOW OPEN IN WESTFIELD LOCATION

Tiffani Serafin is the new owner of Progress Clothing Resale, formally located in Garwood, New Jersey. The store is now located at 1100 South Avenue W., Westfield and features a total 50's retro vibe, buying and selling styles from the 1920's to today.

After visiting the store in Garwood Tiffani fell in love with it and applied for a job and was accepted. She purchased the business one and a half years later and decided to move it to Westfield. She recalls "The relocation came from the passion and drive to begin an exciting, new journey as the new owner. As we made the big move, our new home was completely gutted and under construction. It was most definitely a work in "progress," with the renovation taking 8 weeks. However, this gave me all the opportunity in the world to design my shop, top to bottom. With a blank canvas at my fingertips, I was simply in heaven. I've always been told that I was born in the wrong era. With that being said, my vision was to create a shop with a 50's, retro vibe. I have now been in business for 6 months and it has been nothing short of an amazing and beautiful experience."

VETERANS HONORED IN PUBLIC SCHOOLS

Submitted by Mary Ann McGann

Students and staff across the Westfield Public School District honored the nation's military veterans on November 12, 2018 with assemblies and other commemorations to thank them for their service and sacrifice.

"We should not forget how difficult it must be for them to leave their families and put themselves in harm's way," said Andrea Hanchuk, a 7th grader at Roosevelt Intermediate School who spoke briefly at the school's 20th Annual Veterans Day Honor Ceremony. "Freedom is not free."

James Pressman, a U.S. Army captain, aviator and platoon leader during the Vietnam War, was a special guest at the Roosevelt assembly, which also included impressive student instrumental and vocal performances of patriotic tunes.

Colorful signs in red, white and blue adorned the gymnasium walls at Edison Intermediate School as patriotic medleys also were performed by the 8th grade band and chorus there. A video presentation paid tribute to relatives of students and staff who are veterans. And Westfield High School principal Dr. Derrick Nelson, who has served in the U.S. Army Reserves for more than 20 years, addressed the gathering as did principal Dr. Matthew Bolton.

"This is one of the most significant periods in your life," Bolton told the students and invited guests, who included other veterans. "You will decide the kind of person you want to be. And there are no better role models than our veterans."

Both intermediate assemblies observed the Presentation of Colors by members of the

Combat Logistics Battalion 25, 4th Marine Logistics Group from Red Bank, N.J.

Students at Wilson and Franklin Elementary Schools were among those who heard stories of service and sacrifice from veterans as did McKinley students, where first graders invited their grandfathers and other members of the family who served in the armed forces.

"Be always faithful to yourself, your country, your family and your faith," said one former Marine as he quoted "Semper Fidelis" (Always Faithful), the Latin motto of the United States Marine Corps. "If you do that, you will succeed."

EDISON 7TH GRADERS ENJOY STEM FIELD TRIP TO FLORIDA

Submitted by Mary Ann McGann

Exploring computer graphics and animation at the Ringling College of Art and Design, studying marine life in the Gulf of Mexico and talking with a space shuttle astronaut were among the highlights of a STEM field trip to Florida embarked upon recently by a group of students and staff from Edison Intermediate School.

The trip, which ran from the afternoon of October 19 through October 23, 2018 included a Saturday visit to the Kennedy Space Center where the 26 seventh graders and 4 staff members participated in flight simulators and other programs, visited the rocket garden and launch pads, toured the actual Space Shuttle Atlantis and more.

“One of the highlights was meeting astronaut Jerry Ross who has been on 13 shuttle missions into space including many on the Atlantis and he worked very often on the International Space Station,” said mathematics teacher Ryan Belline who with fellow math teachers Megan Thomas and Julia Torsiello and nurse Cheryl Cohen organized the trip and accompanied the students.

The group visited the Mote Marine Laboratory in Sarasota on Sunday where they learned the background of marine life at the research facility before heading to an estuary of the nearby Gulf of Mexico to collect sea life with nets to sort the animals by type.

While on the west coast of the Sunshine State, the students and staff visited the Ringling College of Art and Design also on Sunday, well known

for having one of the top computer graphics and animation programs in the United States. There the group learned the college’s philosophy behind graphic art and design and examined some of its programs.

Educational sessions at Disney World on Monday and Tuesday included determining the correct magnetic force needed to start a model of the park’s “Rock n Roller Coaster.”

“Once they solved the problem, they got to ride the actual ride,” said Belline.

There also were STEM activities during a tour of Epcot as a guide presented a session on the “Evolution of Technology” with students brainstorming future pieces of technology and relating them to what they are learning in

Technology Education classes at Edison.

“There was a lot of ‘stealth’ learning going on during this trip. Just think about the physics involved as demonstrated by a roller coaster,” said Assistant Superintendent for Curriculum, Instruction and Programs Paul Pineiro. “I loved seeing Mr. Belline and the students video chat with students back at Edison, reporting on what they had learned that day.”

Belline said students on the trip, which was financed by their parents, also participated in valuable bonding experiences that reinforced team building, collaboration, and life skills, adding

“Surely, they will have memories to last a lifetime.”
