## THURSDAY MORNING CLUB INVITES PUBLIC TO EVENING PROGRAM FEATURING FLORAL DESIGN

*Submitted by Eileen Ryan*

On Thursday evening, April 4, 2019 at 6:30 p.m. The Thursday Morning Club presents Kerry Patel, floral designer, with "What is Old is New Again: Old-World Influences on Modern-Day Floral Design" at the Madison Community House located at 25 Cook Ave, Madison, N.J.

Kerry Patel will discuss how historical European floral styles have influenced today's floral designs, as it relates to wedding floral design as well as every day centerpiece arrangements. Flowers have always been appreciated for their opulence, their fragrance, and their tales of romance. Today, flowers are more than just decoration; flowers help set a mood, create a feeling, and add a personal significance to any event. Kerry will share how she finds inspiration to create one-of-a-kind floral designs with meaning, the influences that have shaped her style, and the elements that go into an impactful design.

Kerry will demonstrate a sophisticated focal centerpiece and a romantic bouquet for the modern bride.

Kerry is the owner of Kerry Patel Designs, a fine art floral design and styling studio designing romantic, evocative florals and tablescapes for small, intimate weddings and events. Her designs evoke emotion through their lush blooms and textured elements taking one on a visual and sensorial journey with each design.

After leaving a corporate job to start a family and raise her son, Kerry rediscovered her passion for flowers and decided to pursue floral design. Kerry set off for "flower school", learning from and studying under renowned innovative floral designers she admires and those who continue to influence floral industry trends. When a good friend on the west coast asked Kerry to design her wedding flowers, and then another locally, she knew that designing florals for weddings - near or far - would be her focus.

In addition to weddings and parties, Kerry has designed for bridal fashion shows and editorial photo shoots. Her wedding work has been published to both national and international wedding blogs. Locally, her work has been

featured at Anthropology Short Hills, the Museum of Early Trades and Crafts, Frelinghuysen Arboretum, and as the centerpiece of countless dining room tables in the area.

Kerry resides in Madison with her husband, Prat, their 11 year-old son and their crazy, yet beloved dog.

The Madison Community House is owned and operated by the Thursday Morning Club with its Community House Nursery School, Before and After School Child Care. Organized in 1896, the club is a member of the New Jersey State and General Federation of Women's Clubs. The club offers programs and services to support the community, and the Community House provides a home for a number of sports, recreation and civic groups.

For information about the Thursday Morning Club or membership, call the Community House at 973-377-0244 or visit TCMCH.org.

## FRIDAY LENTEN RECITALS AT GRACE CHURCH MADISON

Grace Community Music continues their lunchtime organ meditations every Friday throughout Lent through April 12, 2019. The recitals begin at 12:15 p.m. following brief (5 minute) noonday prayer, and end at 12:45 p.m. Drinks and dessert are provided after each performance. Local gourmet sandwich shop, Madison's Slamwich Scratch Kitchen, will provide a selection of sliders and salads for suggested \$7 purchase after each concert. The concerts are free and open to the public. The organ console and pedals will be projected onto the wall for better audience viewing.

Dr. Anne Matlack is organist/choir director at Grace, where Friday Lenten Organ Recitals have been a Madison tradition since the 1950s, founded by her predecessor, Helen E.J. Thomas.

April 5 Kevin Davis will perform works ranging from Buxtehude to Pinkham, and to close out the season, Dr. Anne will present a Family-Friendly Meet-the-Organ program for Madison school vacation, a program appropriate for kids of all ages

The Grace choir also sings a candlelit Chanted Compline after choir practice Thursdays in Lent, 8:45 - 9 p.m. to which the community is

welcome. Come by sometime and experience it! Fifteen minutes of meditative calm to end your day.

As well as her celebrating her 28th year as music director at Grace Church, Dr. Matlack is Artistic Director of the acclaimed Harmonium Choral Society. She studied organ with Charles Krigbaum at Yale and David Mulbury at The Cincinnati College-Conservatory of Music.

Grace Church is located at 4 Main St. (Rt. 124) in at the corner of Kings Rd. and Route 124. For more information call the church at 973-377-0106 extension 17 or visit [gracemadison.org](http://gracemadison.org).

## OUTSTANDING KEY CLUB MEMBERS NAMED AT KIWANIS MEETING

*Submitted by Justin Montanaro*

The Kiwanis Club of the Chatham/Madison was proud to present the award for Outstanding Key Club Member at their February 26th meeting.

The Chatham High School Key Club awarded Katie Eveleth as their outstanding Key Club

(above) Karen Shippey, Kiwanis Club Advisor to MHS Key Club, Madeline Yost and her mother Cali Yost.

member. The last three years, Katie easily completed her 36 hours of volunteer work while also pursuing higher levels of involvement each year. She became a Key Club member freshman year, and has since been prompt, dependable, and willing to help wherever she could. Often the captain of Key Club events, she served as the liaison between the community and the volunteer students. Her responsibilities kept her in charge of all member responsibilities, reporting, and keeping track of points earned by members. Katie was also elected the Vice President of the club for her junior and senior year. These last two years have included the club preparing over 80,000 ready-to-heat meals for food pantries, car washes which have raised over \$2,000 in a month! Katie's responsibility and true caring are the attributes that she will take with her in whatever she pursues next.

The Madison High School Key Club awarded Madeline Yost as their outstanding Key Club member. Maddie has been active in the Key Club all 4 years, handling CMRF sheets and

correspondence with the club's Lt. Governor. She engages all members at meetings, leading by example with enthusiasm and her warm personality. She's appeared on WDHA 101.5 radio, MadTV – the high school TV station, and in the Madison Patch for the Student Change Hunger food drive. Madison High School is receiving the District 5 award for Students Change Hunger, in large part due to her strong persistence in encouraging donations. She's also gathered students to collect monetary donations for the food bank, socks for the homeless, and distributing chocolate roses for the Valentine's Day fundraiser. On top of this, Maddie participates in varsity sports among other extracurricular activities, yet always makes the Key Club a priority. The club is grateful to have her as a board member and club leader.

The Kiwanis Club Meetings are held at Charlie Brown's Steakhouse in Chatham, and are always open for guests! Any inquiries feel free to reach out to Justin Montanaro at [jmontanaro@pineacresrehab.com](mailto:jmontanaro@pineacresrehab.com).

## COMMUNITY SHREDDING, RECYCLE, REUSE EVENT – APRIL 6

Just in time to help you with your spring cleaning, the Madison Rotary Club is hosting a Community Shredding Day and Habitat for Humanity's ReStore truck on Saturday, April 6, 2019 from 9 a.m. to 12 noon at Municipal parking lot #1 at the corner of Prospect Street and Kings Road by the Ambulance Squad. The event is open to the public. It is not necessary to be a Madison Resident.

Security Shredding, Inc. will provide secure destruction of sensitive documents, after which the shredded papers will be recycled into other paper products. Avoid identify theft. Stay and watch your documents being destroyed on the truck-mounted shredder. Cost is \$5 per box or grocery bag. Larger containers will be priced accordingly. As this service is also a fund raiser, all proceeds from the shredding event will be "recycled" by the Madison Rotary for future

community projects.

A truck from Habitat for Humanity's ReStore, will gratefully accept area residents' new or very gently used home building materials, lighting and plumbing fixtures, hardware items in original packaging, fine art and collectibles, and furniture and other home furnishings in excellent condition. Having the ReStore truck come to Madison is a convenience for would-be donors, as the ReStore facility is located in Randolph. ReStore's inventory is 100% donated by businesses and individuals and sold to the general public at a fraction of the retail price. Proceeds are used to build affordable homes in Morris County and surrounding areas. According to Morris Habitat for Humanity, "donations to ReStore have built more than 30 homes in Morris County and have kept over 10,000 tons of reusable materials out of landfills since 2007."

# RECLAIMING OUR VOICE: NJ'S CENTRAL ROLE IN THE FIGHT FOR SUFFRAGE

Submitted by Marianne Ivers

The Chatham Historical Society and the Chatham Township Historical Society are providing a presentation on the women's suffrage movement in New Jersey on Sunday, April 14, 2019 at 2:30 p.m. at the Library of the Chathams. The event is free and open to the public.

Carol Simon Levin portrays Lillian Feickert, president of the New Jersey Woman Suffrage Association from 1912-1920, to tell the story of the role of New Jersey women in the long struggle for women's suffrage.

Not many know that for 225 years women had the right to vote in only one state, New Jersey, a right they would lose in 1807 and not win back for more than five generations. New Jersey's role in the struggle to regain that right is largely overlooked.

Levin portrays a role played by New Jersey women in the suffrage movement. Among those is Elizabeth Cady Stanton, who proclaimed "all

men and women are created equal" at the Women's Rights Convention of 1848 in Seneca Falls, NY. She lived in Tenaflly, NJ in 1869 when she and Susan B. Anthony founded the National Woman Suffrage Association and were writing the first three volumes of their History of Woman Suffrage.

Not many are aware that Lucy Stone was a resident of South Orange in 1858 when she refused to pay taxes, stating "No Taxation without Representation," and was still there in 1869 when she and her husband founded the American Woman Suffrage Organization. The previous year, Portia Gage and 171 other Vineland women brought their own ballot box to the polls in order to cast their votes for president. Victoria Woodhull, the first woman to run for president, launched her candidacy in Vineland three years later.

Levin's presentation includes stories of the Grimke sisters (who spoke out against slavery

and for women's rights from their home in Shrewsbury), Dr. Florence Spearing Randolph (chairwoman of the NJ Association of Colored Women's Clubs and executive board member on the NJ Woman Suffrage Association), Alice Low Turnbull Hopkins (who supported Alice Paul's Washington pickets), and lastly, Alice Paul, who re-energized the movement for a federal amendment. Together their tireless efforts propelled women's suffrage past reluctant male voters and through state and national legislatures to the final success of the 19th Amendment.

## Planting the Year-Round Pollinator Garden

*Saturday, April 27, 1:00 p.m.*

There is a growing awareness that pollinators are important, and that they're in trouble. We know that pollinators need flowers and that they are responsible for much of the food we eat, but we're maybe a little vague on the details. Pollinators, particularly insect pollinators, do need flowers – lots of flowers, and the right kinds of flowers – so diversity and quantity are big factors. But let's back up a bit. Why are there flowers in the first place? And for that matter, why are there fruits and berries? Surely they didn't evolve just for human pleasure and sustenance. There's more to it, and it's a fascinating story of interrelationships.

Karen Bussolini has been a gardener all her life. She trained as a painter and was an architectural photographer before specializing in garden photography, writing, speaking and eco-friendly garden coaching/design. She is a NOFA (Northeast Organic Farmers Association) Accredited Organic Land Care Professional. Her garden has been featured in many publications, including Anne Raver's feature, "A Hillside of Feisty Beauties" in The New York Times. Karen's other talents among gardener, photographer and painter are garden journalist and lecturer and she can be heard on the radio as well as seen on television. She belongs to more horticultural organizations than can be listed here and participates in just as many flower shows! We are thrilled to welcome Karen to Madison! Sponsored by The Madison Garden Club.

"Pollination" - 100 Flowers and Optimistic Ideas to Brighten Madison  
Madison High School students, Girl Scouts, senior citizens, interfaith organizations and the Madison, NJ community at large have turned their Optimism into Action by participating in "Pollination" - the collaborative public art project with artist and Optimist, G. Riley John Donnell (a/k/a Uncle Riley), where they created this community garden of 100 flowers hand painted on 10" round yellow discs. On the back, they wrote their ideas for how to brighten Madison. These optimistic ideas have now been shared with the mayor's office as the garden "pollinates" the front lawn of the Hartley Dodge Memorial Building. The flowers will remain through the end of May (National Mental Health Month).  
Senior Citizens are welcome to come to the Madison Civic Center to paint and write on their pieces on Monday, April 22 at 3:30 p.m. There are 19 pieces in total and need 19 individuals to successfully collaborate in this public art project.

Tickets are now available for the sixth annual Roots & Wings Authors' Luncheon on April 4, 2019 at the Park Savoy in Florham Park. The event will feature two best-selling authors in an exciting new format. Christina Baker Kline, author of Orphan Train and A Piece of the World, will interview J. Courtney Sullivan, author of Maine and Saints for All Occasions. Proceeds support Roots & Wings, whose mission is to provide young adults who age out of the New Jersey foster care system with safe housing, education, case management, counseling, and life skills in order to empower them toward self-sufficiency.

Roots & Wings Executive Director Emily Marchese said recently, "We are excited to have both Ms. Kline and Ms. Sullivan join us. This new interview format should be fascinating and

will give those in the audience an opportunity to learn how a successful writer approaches the creative process."

Thanks to the following sponsors for supporting the event: The Logan Family, CompoSecure, Joe & Lydia Masterson, NAI James E. Hanson Commercial Real Estate Services, Wilf Family Foundations, Wood Smith Henning & Berman LLP, Gomperts Penza McDermott & Von Ellen Family Law Attorneys, Heller Wealth Advisors, Jeanne De Smedt, Patricia Colbert, Scott and Lori Kraemer & Friends, Short Hills Custom, and Vistra.

### ABOUT ROOTS & WINGS:

Roots & Wings Foundation is a 501(c)(3) nonprofit organization that was established in 1999. What started as a collaborative, community-based volunteer operation has grown into a well-established organization made up of professional staff, trained mentors and dedicated volunteers. From the beginning, Roots & Wings has been client-centered, providing nurturing support, safe housing, educational support and practical life skills to young adults who have aged out of the child welfare system. Roots & Wings provides a foundation for this high-risk population of disadvantaged young adults on which they can build – replacing dependency with self-sufficiency.

## TRANSPORTATION IS KEY TO CANCER CARE AMERICAN CANCER SOCIETY

Would you drive a mile to save a life? An estimated 53,260 New Jerseyans will learn they have cancer this year and getting to their scheduled treatment will be their greatest concern. Every day thousands of cancer patients need a ride to treatment here in the Garden State, but some may not have a way to get there.

For the last six years Meg Wilkens has been helping so many of her neighbors during the toughest times of their lives. She has been driving New Jersey residents to their cancer treatments through the American Cancer Society's volunteer Road To Recovery program, which provides free transportation to and from treatment for people with cancer who do not have a ride or are unable to drive themselves.

"Transportation shouldn't be a roadblock to cancer treatment," said Wilkens. "Even with help from family and friends, sometimes patients have trouble getting every ride they need. I am a second-generation Road To Recovery driver, my father did it when I was growing up. I knew when I retired I wanted to give back and help people."

For those who cannot drive themselves or have no other means of getting to their treatment, Road To Recovery volunteers donate their spare time and the use of their cars to give cancer patients a much-needed lift. Patients can then receive the life-saving treatments they need.

"When you drive, you learn about people's hopes and fears," she said. "None of them are quitters; they all want to beat cancer. I have made some lifelong friends and have enjoyed every ride."

The American Cancer Society is always looking for volunteers, if you have a current, valid driver's license, own or have regular access to a safe, reliable vehicle, then you're already on the road to volunteering. For more information call the American Cancer Society at 800.227.2345 or visit [cancer.org](http://cancer.org).
