GIFT OF SIGHT: SAYING YES! CAN CHANGE SOMEONE'S LIFE

"I am passionate about spreading the important lifesaving and enhancing message of organ and tissue donation because I know the powerful impact it can have," said Peter DeSarno, member of the New Providence Lions and double cornea transplant recipient. "It is an honor to bring together two organizations (The Lions Club and Eversight) that do so much good and have personally impacted my life".

That was the way the presentation at the November 4 New Providence Lions Club meeting began as members heard the personal story of one of its own members receiving the gift of sight and discussed the 50-year history of Eye Banking in New Jersey with Jennifer Rosenblatt, Director of Philanthropy at Eversight.

Peter went on to share that when he was in high school, he was diagnosed with a condition called Keratoconus that affected both of his eyes and at the age of 24. He then received two cornea transplants that restored his vision and forever changed his life.

The gift of his first donor cornea in his left eye came to him with the assistance of the Lions Eye Bank of Texas. The second transplant in his right eye was procured with the assistance of the Lions Eye Bank of New Jersey (now Eversight) working in conjunction with the New Providence based, NJ Sharing Network.

Peter put his experience into perspective by saying that today he looks out of the eyes of two other individuals. Peter explained that unfortunately he has not been able to make contact with and thank his donor families. He said what he does know is that they were two heroic human beings who came from two loving, caring and generous families who in their darkest hour displayed an incredible amount of love and compassion in providing him with the gift of sight. He said that he doesn't think humanity gets any more beautiful than that.

The Lions Club's work in fighting blindness goes back many years. In 1925, as an ambassador for the newly formed American Foundation for the Blind, Helen Keller addressed the Lions Club International Convention in Cedar Point, Ohio hoping that the Lions would partner with the American Foundation for the Blind and lend their support as an organization to those who had lost their sight.

It was at that convention where she appealed to the Lions and challenged them to become "knights of the blind in this crusade against darkness."

She had no idea just how far the association would take her challenge. Before the convention was over, the association dedicated itself to making Keller's dream a reality and the Lions would become Keller's Knights of the Blind.

Since 1925, millions of lives have been changed through the vision-related work of Lions around the world, and today the association is as dedicated as ever to hastening the day when no one should suffer unnecessarily from vision problems. Lions work to end preventable blindness and aid the visually impaired through eye centers and hospitals, medicines and surgeries, eye glasses and eye banks.

From its home in Clark, NJ, Eversight proudly partners with NJ Sharing Network, Lions Clubs, surgeons, businesses and philanthropists throughout New Jersey to advance its mission.

In 2019, Eversight worked with the families of 882 New Jersey residents who gave the gift of sight for transplantation, research and education. Through outreach and programs, Eversight provided donated tissue for 8,176 sight-restoring corneal transplants in 2019 in New Jersey and around the world.

RELIEF FROM CHRONIC KNEE PAIN FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Additions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

DAISY TROOP #41108 DEDICATION CEREMONY

Submitted by Vanessa Schubring

Garwood Daisy Girl Scout Troop 41108 earned their "Daisy Flower Garden Journey Award" by making a difference in town. On November 3rd, the girls dedicated a children's bench and flower garden to Hartman Park in Garwood. The girls invited Mayor Sara Todisco and Council President Jen Blumenstock to their dedication ceremony and asked them to join in their socially distanced Girl Scout circle. Part of

their journey was also planting flowers around town during quarantine and being responsible for watering them. "This is a wonderful and thoughtful addition to the new Hartman Park. I look forward to seeing children sitting on that bench and tending to the garden for many years to come!" Council President Jen Blumenstock said. "This is another impressive example of

community pride and giving back to others by Garwood Daisy Troop 41108. My sincere gratitude goes out to this group of girls and their troop leaders." said Mayor Sara Todisco. The girls also welcomed 5 new members into their Troop. Four girls joined us from a Clark Troop that disbanded and one girl is new to Garwood. We welcomed them with socially distanced open arms. Congratulations girls!

PRIDE POSITIVE BEHAVIOR PROGRAM AT VALLEY ROAD SCHOOL

Valley Road School in Clark has a lot of PRIDE (Patience, Respect, Integrity, Determination, and Excellence). The PRIDE program, which started last year, recognizes students and whole classes for their commendable behavior. Staff members recognize students and classes that go above and beyond what is expected during the school day. School Counselor Mrs. Sarah Badillo oversees the program. She states, “When a student is recognized they receive a slip that goes to their teacher and parent which recognizes their PRIDE. They are also entered into a drawing for special rewards. It warms your heart when you see the glow on their faces when they are presented with their PRIDE slip.” Currently for the month of October, students can choose rewards including Slime with Mrs. Badillo, Coloring a Squishy with Mrs. Schaefer, or Chalking the Walk with Mrs. Badillo. Whole classrooms also have the ability to enter a different raffle where they too can be rewarded but as a whole.

KUMPF STUDENTS TAKE VIRTUAL ROAD TRIP

Students in Ms. Jennifer Barbera’s class at Kumpf Middle School in Clark recently went on a virtual road trip across the country where they learned about all 50 states. During their travels, they learned about different geographic landforms found in each state as well as the weather, population, and famous landmarks among many other important facts. The students also took virtual tours of some of the state capital buildings. Upon culmination of the trip, students were asked to create a travel brochure about their favorite state, which highlighted what they had learned and featured an illustration. According to Ms. Barbera, “The students were able to virtually see parts of the country they had never seen before. They enjoyed learning both important and fun facts about each state, as well as looking at and discussing the pictures on Google Earth.”

MYSTERY EXPERT MAKES SPECIAL VIRTUAL VISIT TO VALLEY ROAD SCHOOL

A mystery expert made a surprise visit to Miss Emma Gilardi’s fourth grade class. The students in Room 3 have been working extremely hard to earn class incentives and this time they earned a visit from a special guest. This guest was none other than Miss Gilardi’s brother, Ethan Gilardi. Ethan is a bat biologist who works for the Fish and Wildlife Conserve of New Jersey. He spoke to the students all about bats including how New

Jersey is home to them and how nice they actually are! "Even Vampire Bats," Ethan said, "are kind and share with each other. They do not drink human blood and if someone in their colony does not get enough to eat, another bat will give up some of their meal to help!" According to Miss Gilardi, “We couldn’t believe how many bats Ethan has met and saved.”

The America Legion Auxiliary Unit 328 of Clark is collecting food, and diapers to be donated to the St. John's Food Pantry and the Give and Share program in Clark.

The local food pantry at St. John The Apostle Church and The Clark Give and Share Program have been distributing food to area residents with a drive-thru system in the St. John's parking lot on Valley Road. The Pantry, which has been in operation for over 20 years, has had a rapid increase in clients since March of 2020. So far, the pantry has been able to meet this high demand, but supplies are dwindling. Staples such as pasta, rice, tomato sauce, soup, canned vegetables, canned fruit, tuna fish, peanut butter, cereal, and diapers are needed and can be dropped off at Clark American Legion Post 328 on Westfield Avenue from noon to 10 p.m. every day.

The drop-off box is located behind the building on Broadway in the Post parking lot under the

pavilion. All items will then be delivered to the Food Pantry at St. John's to help our community have a healthy holiday season.

In addition to food items the Auxiliary is collecting socks for the homeless. Socks for men, women, and children are needed by area Homeless Shelters which are also experiencing greater needs for such items. New socks can be dropped off at the Legion in the same box. Our goal is to deliver supplies for the holiday season and beyond.

The American Legion Auxiliary is a service organization which is committed to serving veterans, military, and their families. Today's times have highlighted the need to expand our service to a wider community of those in need. We are committed to the ideal: Service not Self. In the spirit of giving, consider donating to the ALA efforts to service our community. Join us and help support our nation's heroes and the community in which they live.

WINTER FESTIVAL/ TREE LIGHTING CANCELLED

DEAR RESIDENTS OF CLARK:

The Mayor and I regret to inform you that the Winter Festival/ Tree Lighting has been canceled. With the high number of COVID cases in Clark and Gov. Murphy's recent Executive Order for Restriction of only 150 people at outdoor gatherings – leaves us no choice but to cancel the Winter Festival. I am beyond heartbroken. The

tree will still be lit at 5:30 p.m. on Saturday, November 28th, if you would like to drive by.

I promise Clark Recreation will bring this event back BIGGER than ever in 2021!!!

Blessings to you and your families over the holidays.

VALLEY ROAD HOLDS VIRTUAL STORY TIME

Valley Road School students in grades (K -3) recently participated in a virtual story time. Students were invited to wear their pajamas, bring their favorite blanket and stuffed animal, and sit and enjoy the stories. Four Valley Road teachers served as guest readers:

Mrs. Kimberly Nacht read The Little Old Lady Who Wasn't Afraid of Anything. Ms. Emma Gilardi who read Stellanina. Mrs. Jennifer White-Clere who read The Cat in the Hat. Mrs. Kelly Worton who read Fletcher and the Falling Leaves.

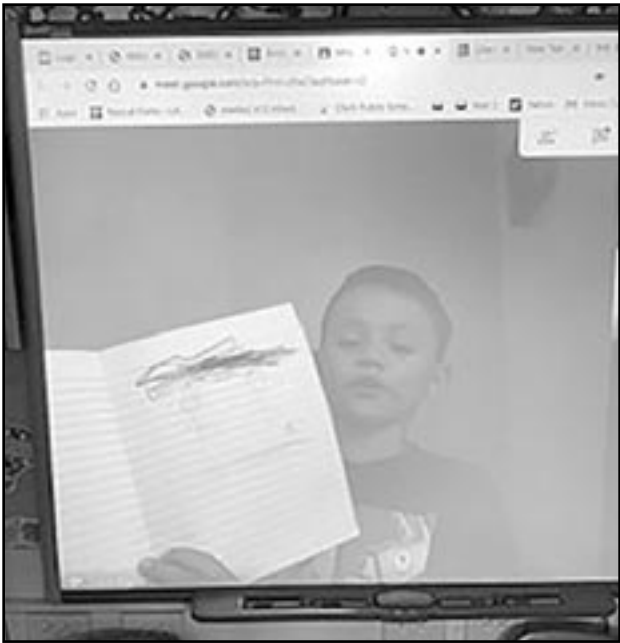

Principal Joe Beltramba stated, "This virtual event brought our K-3 community together for an enjoyable night of reading. I want to thank our VRS teachers who shared some of their favorite stories with our students."

This event is part of a larger Reading Incentive Program at the school in which students select books from a virtual library and complete a reading log. Each room in the library has a different series of books for different grade levels.

First graders in Jennifer Clere's class at Valley Road School have been getting to know each other through sharing their journal writing with both their in-class and remote classmates. Currently, students are working on an "All About Me" unit writing about family, friends, and what they want to be when they grow up. Through

their daily journal writing, they also make connections to their reading theme of what makes you special.

Ms. Clere stated, "Journal writing is a great way for students to express themselves and learn about each other. It's really wonderful to see the class connecting across our virtual platform."

23 ARTHUR L. JOHNSON STUDENTS RECOGNIZED BY COLLEGE BOARD AS AP SCHOLARS

Arthur L. Johnson is excited to announce that 23 of its students have been recognized as Advanced Placement School Scholars by The College Board. The awards recognize high school students who have demonstrated college-level achievement through AP courses and exams.

17 students have been noted as AP Scholars receiving a score of 3 or higher on three or more AP exams.

2 students have been recognized as AP Scholars with Honor receiving an average score of at least 3.25 on all AP Exams taken and scores of 3 or higher on four or more of these exams.

ALJ has 4 AP Scholars with Distinction receiving an average score of at least 3.5 on all AP Exams taken and scores of 3 or higher on five or more of these exams.

1 of these Scholars with Distinction also earned the title of National AP Scholar receiving an average score of at least 4 on all AP Exams taken and scores of 4 or higher on eight or more of these exams.

5 of these 23 scholars also earned the AP Capstone Diploma achieving scores of 3 or higher in AP Seminar and AP Research and on four additional AP Exams of their choosing.

2 of these 23 scholars earned the AP Seminar and Research Certificate receiving a score of 3 or higher in AP Seminar and AP Research.

According to The College Board Website, "AP Seminar is a yearlong course in which students investigate real-world issues from multiple perspectives. Students learn to synthesize information from different sources, develop their

own perspectives in research-based written essays, and design and deliver oral and visual presentations, both individually and as part of a team. During the course, students complete a team project and an individual paper and presentation, as well as take a written end-of-course exam. These components contribute to the overall AP Seminar score.

AP Research lets students deeply explore an academic topic, problem, or issue of interest to them. Students design, plan, and conduct a yearlong research-based investigation to address a research question, documenting their process with a portfolio. The course ends with a 4,000- to 5,000-word academic paper and a presentation with an oral defense which contribute to the overall AP Research course."

"These students have demonstrated their consistency in terms of being able to succeed with college-level work while still in high school and, by doing so, have made us exceptionally proud. The challenges that accompanied last spring's AP testing make these accomplishments even that much more noteworthy," stated Edward Grande, Superintendent.

UNITED WAY

As part of its transformation to continue providing programs and services, United Way of Greater Union County (UWGUC) recently announced that it has modernized their comprehensive approach to their family strengthening model. The organization is collaborating within its community resources network and its affiliated initiatives to provide a series of virtual webinars that will provide families and individuals with continued access to services, leadership and career focused initiatives, and ways they can advocate in their communities.

Building Resiliency Empowering Parents, Families and Individuals, the themed focus, serves to provide continued support to residents who are facing educational, health and economic barriers, and ensures services are provided in both the traditional and virtual (online) setting. During the Coronavirus pandemic, UWGUC saw an increase in the number of families struggling to meet basic needs such as buying food, paying rent and utility bills, and having access to healthcare. The unemployment rate in Union County went from 4.5% in January to 16.4% in June 2020, resulting in more than 81,000 unemployed residents, 3,100 evictions filed and 9,000 food stamp applications filed in Union County.

The organization, through donations of fresh and nonperishable food from Amazon Logistics and the Community Food Bank of New Jersey, also hosts weekly food distributions, where 900 families are served on average each week, since the pandemic began. In addition, during the summer, UWGUC organized and held a virtual back-to-school drive serving more than 400 students with backpacks and school supplies.

UWGUC is also calling for volunteers who are experts in their field to host a workshop or webinar that could help those in the community.

The virtual workshops and webinars are free and open to the public.

Interested persons can access them through the United Way of Greater Union County website at uwguc.org/virtualworkshops.

BLOOD DONORS URGENTLY NEEDED CHRONIC SHORTAGES THREATEN HEALTHCARE

CLARK MONTHLY • Page 21 • December 2020

New Jersey Blood Services, a division of New York Blood Center (NYBC), wants to increase blood donations for area hospitals. The COVID-19 pandemic has created a chronic shortage across the country that shows no sign of improving. This is particularly dangerous given the looming uncertainty surrounding the pandemic's trajectory over the course of the next few months.

Blood is urgently needed. The region's healthcare system requires 1,500 donations each day to treat patients ranging from trauma victims and cancer patients to newborn babies and their mothers. Prior to the pandemic, blood drives were held at businesses, high schools, colleges and community groups. Most of those groups have had to cancel their blood drives due to COVID-19. Donations are at just 65% of pre-pandemic levels - well below what is needed by hospitals and patients in our area.

"This is an incredibly challenging time for our communities. We are now relying on people seeking out a place to donate. So far, that is not happening at the level we need," said Andrea H. Cefarelli, Senior Executive Director of Recruitment & Marketing for New York Blood Center.

We are asking our community to visit our donor centers or to find a convenient community blood drive to donate. "The Covid-19 pandemic has created blood shortages for all New Jersey and NY hospital systems, said Cefarelli. Donated blood is essential for trauma and surgery patients in need. We encourage healthy New Jersey residents, aged 16 to 75, to donate blood at NJBS blood drives and donation sites now. Visit NYBC.org or Call 1-800-933-BLOOD (2566) to make an appointment today."

HOW NEW JERSEY RESIDENTS CAN HELP:

To make an appointment to donate blood, visit donate.nybc.org/donor/schedules/zip.

NYBC also needs more partners to step up and help host drives in large venues. If you have a space available and would like to host a blood drive, please sign up at nybloodcenter.org/support-us/host-blood-drive/apply-host-drive.

For information on the extra precautions being taken to help prevent the person-to-person spread of COVID-19, visit our website.

ABOUT NEW YORK BLOOD CENTER

Founded in 1964, New York Blood Center (NYBC) is a nonprofit organization that is one of the largest independent, community-based blood centers in the world. NYBC, along with its operating divisions Community Blood Center of Kansas City, Missouri (CBC), Innovative Blood Resources (IBR), Blood Bank of Delmarva (BBD), and Rhode Island Blood Center (RIBC), collect approximately 4,000 units of blood products each day and serve local communities of more than 75 million people in the Tri-State area (NY, NJ, CT), Mid Atlantic area (PA, DE, MD, VA), Missouri and Kansas, Minnesota, Nebraska, Rhode Island, and Southern New England. NYBC and its operating divisions also provide a wide array of transfusion-related medical services to over 500 hospitals nationally, including Comprehensive Cell Solutions, the National Center for Blood Group Genomics, the National Cord Blood Program, and the Lindsley F. Kimball Research Institute, which — among other milestones — developed a practical screening method for hepatitis B as well as a safe, effective and affordable vaccine, and a patented solvent detergent plasma process innovating blood-purification technology worldwide.

Howdy Partners!

Online Marketing is like the Wild West

Too many carpetbaggers are exploiting business owners, making empty promises that don't materialize.

Too many businesses are stuck in contracts with no return on investments, no way to check if the work is getting done, and needing to invest more to make things right.

The following is a guide to Renna Media services and costs that you can compare to your present provider.

I highly recommend doing an independent audit of your website!

Contact Walter Watson at walter@www-online-enterprises.com

He does a great job analysing and making recommendations.

It is only \$250 and can save you time, money and headaches.

Thank you. - Joe Renna
