CLARK EMERGENCY SQUAD SWEARS IN 2021 OFFICERS

Follow Clark Volunteer Emergency Squad on Facebook.

The Clark Volunteer Emergency Squad (CVES) recently held a ceremony to swear-in the newly elected officers for 2021. Instead of the usual formal dinner, the Squad chose a small service this year, as a measure of safety during the pandemic.

Councilman Patrick O'Connor who serves as the Council Liaison to the CVES was on hand to swear in the new officers. He thanked each member of the team for their volunteerism, dedication, and sacrifice.

O'Connor shared that his dad was a volunteer firefighter in town for many years and that he understood what it was like to have his dad miss a holiday, birthday or other event in service to others.

After the members were sworn in, the crew enjoyed some camaraderie and refreshments.

The new officers for the 2021 year are:

- President - Ron Weslosky
- Vice President - Charlie Poyssick Sr.
- Treasurer - Dave Newby
- Recording Secretary - Charlie Poyssick Jr.
- Corresponding Secretary - Sue Alacchi
- Trustees - George Olear, Lorraine Podraza and Laurie Sheldon
- Captain - Charlie Poyssick Sr.
- Assistant Captain - Charlie Poyssick Jr.
- 1st Lieutenant - Katie Sheldon
- 2nd Lieutenant - Lauren Leppler
- 1st Sergeant - Nick Makosiej
- 2nd Sergeant - Vincent Genarro
- 3rd Sergeant - Ron Weslosky

GRAB YOUR PASSPORT AND LET'S GO TO RAHWAY'S TASTE OF SPRING!

Rahway's Taste of Spring, New Jersey's premiere, wine, food and aperitif tasting is ready to help get you out of the house! While it is not quite safe to gather in large numbers, we will still be giving our foodies a chance to get their tasting "fix".

This year, purchase a \$5 Taste of Spring Passport from the Rahway Recreation Center located at 3 City Hall Plaza, Rahway. During four weekends in April, Taste of Spring "tourists" visit participating establishments during their scheduled times. Tourists present their passport and pay only \$5 for a special Taste of Spring sample! Tasters will be treated to many of the same delectable desserts and enticing cuisine that is a signature part of Rahway's annual event. You will even be able to vote for your favorites!

Just like at the larger Taste event, samples are meant to be enjoyed "on the go". This year, we encourage Taste Tourists to be thoughtful of the indoor dining limitations brought on by the pandemic and head out with your sample. However, if the fare tickles your palette, feel free to head back in and order a full meal!

The schedule runs Thursday through Sunday

on the following weekends: April 8-11; April 15-18; April 22-25; April 29-May 2. Details of when your favorite establishments are participating and where they are located will be available at RahwayIsHappening.com and in your passport so you can plan your adventure!

Many of our award winning restaurants will be joining us again this year so make sure you don't miss out! From Rahway: Beana's Para Siempre; Cook's Kitch'n; Il Forna a Legna; La Malinche; Melao Cafe and Creamery; Rahway Bagels; Rahway Fried Chicken; The Coffee Box; Watt Hotel Lounge; Sabor Peruano; Gyro's Corner; and Mr. Subs 3. From the surrounding areas: Bahama Breeze (Woodbridge); and La Bon Bakery (Woodbridge); Climax Brewing Company (Roselle Park); Chevys Fresh Mex (Linden); and more are signing up every day!

We are excited to have you participate in our Rahway Taste of Spring 2021. Make sure you save the date for Rahway's Taste of Spring 2022 on April 8th back at the Rahway Recreation Center!

Visit RahwayIsHappening.com for more information

ANNUAL FAMILY SKATE NIGHT HAS SOLD OUT CROWD

Clark Recreation held its Annual Family Skate Night in January. With Warinanco Park still closed to the public, the event was moved to the Westfield Rink.

Tickets were limited to 100 people on the ice, and safety protocol was in effect, masks, etc. The event sold out in a matter of hours, so quick that the Recreation Department added another night, which also sold out. Although it was bitter cold, everyone enjoyed getting out of the house and having some fun.

KINDERGARTEN REGISTRATION

Registration for the Clark Public School District Full-Day Kindergarten Program is taking place now. Please go to the District website under the “News and Announcements” section towards the bottom left of the page. There you will find a posting entitled “Kindergarten Registration 2021” with a letter from Superintendent Edward Grande that informs incoming kindergarteners’ parents/guardians of the registration process. The needed paperwork can also be found there.

Children who will be five years old on or before October 1, 2021 are eligible to enroll. Call school offices if you have any questions: Frank K. Hehnlly School, 732-381-8100 Valley Road School, 732-388-7900.

VALLEY RD SCHOOL HOLDS VIRTUAL READING CAFE

Submitted by Christine Casale Broski
Students in grades K-3 at Valley Road School in Clark recently participated in a virtual Reading Café event. Students virtually visited “Starbooks” and found themselves in a virtual library filled with many books and read-alouds including such favorites as Green Eggs and Ham and The Very Hungry Caterpillar.

This event is part of a larger Reading Incentive Program at the school in which students select books from a virtual library and complete a reading log. Each room in the library has a different series of books for different grade levels.

Valley Road School Principal Joe Beltramba stated, “The Reading Cafe inspires a love of

reading in our K-3 students. They have the opportunity to hear many of their favorite stories and share that experience with their families at home.”

STRATEGIES FOR COMMUNICATING EFFECTIVELY WITH YOUR CHILD

The Clark Public School District recently shared a pre-recorded virtual Parent University session, “Strategies for Communicating Effectively with Your Child” hosted by School Counselor Sarah Badillo. The presentation shares helpful tips on how to engage your child in meaningful conversation that fosters positive self-esteem and builds relationships. Badillo stated, “As a parent and an educator, I know that effective communication with a child can be difficult at times but also very rewarding. When

children know that we are truly listening we are setting them up for greater success. In creating this presentation, I hope that parents, grandparents, and educators can take away some tips to open the lines of communication with their child(ren) because the end result will be worth it.”

To view the session, and previous sessions covering other topics, visit the district website, clarkschools.org, under the MORE option on the homepage, scroll down to Parent University.

VALLEY 4TH GRADERS CELEBRATE LOVE!

Submitted by Christine Casale Broski

Miss Gilardi's fourth grade class created a bulletin board for February with the theme "I Love Me." Each student was required to write a love letter to themselves.

Miss Gilardi states, "February is a time of love for others, especially around Valentine's Day, but I wanted my students to take a moment to remind themselves of the most important person they should love: Themselves!"

The students really looked on the inside for meaningful attributes that they love and admire. Students in Room 3 wrote things such as, "I want you to know you are my best friend," "You can do anything you set your mind to because you make your siblings happy," "You have a kind heart," and "I'm so glad to have you in my life." Each note was signed "I love you" as a reminder of the importance of self-love.

RELIEF FROM CHRONIC KNEE PAIN FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcome complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Additions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

TEACHERS RECOGNIZED AS EXEMPLARY EDUCATORS

(above) Nina Conner, FKH Teacher, was named an Exemplary Educator of the Year.

Photos by Clark Public Schools

Submitted by Christine Casale Broski
Nina Conner, special education teacher at Frank K. Hehnly School and Cecilia Petela, second grade teacher at Valley Road School were recently recognized by the New Jersey Department of Education as Exemplary Educators of the Year.

According to the New Jersey Department of Education website, “Each year, the New Jersey Department of Education invites public school districts (including charter schools) to participate in the Exemplary Educator Recognition Program. The goal of this program is to identify outstanding educators for special recognition, alternating between elementary (Pre-K to 5) and secondary (6-12) every year. A state certificate of recognition is given out to each candidate that is selected as an Exemplary Educator.” The most recent round focused on elementary teachers.

The program seeks to identify exemplary Educators that “exhibit strong knowledge and skills, an inspiring presence, and a positive impact on students, colleagues and the school community.”

Hehnly Principal Shirley Bergin stated, “From the moment that Nina was hired, she has been nothing less than exceptional in her role. She is a natural! She consistently shows a sincere dedication and commitment to all of her students.”

Valley Road Principal Joe Beltramba stated, “Daily, Mrs. Petela inspires students of all backgrounds and abilities to learn by utilizing various strategies to engage all learners. She understands how to motivate students and captivate their attention. What makes her most successful in the classroom, however, is her ability to connect with all students making them feel loved and valued.”

POSTAL INSPECTION SERVICE LISTS SCAMS TARGETING VETERANS

Operation Protect Veterans, a joint crime prevention program created by the U.S. Postal Inspection Service and AARP, is alerting the more than 17 million U.S. veterans to scams specifically targeting them.

THESE INCLUDE:

Secret Veterans Benefits Scam: Veterans are told they qualify for "secret" government programs or benefits that offer thousands of dollars. But first, they attempt to collect personal information or a fee.

Pension Poaching Scam: Scammers often offer veterans lump sum payments up front, in exchange for signing over all their future monthly benefit checks.

Bogus Employment Scam: Scammers post fake job descriptions to collect personal information from a veteran's job application, or they charge an employment fee.

VA Loan Scams: Offers to refinance VA loans at extremely low rates.

Update Your File Scam: An imposter, claiming to be from a government agency, attempts to get a veteran's personal information to "update their file," so they can maintain their benefits.

Aid and Attendance Scam: Veterans (or their family members) receive an offer to move their assets into a living trust so that they can qualify for financial assisted living benefits.

According to research conducted by AARP, veterans are twice as likely as the general public

to be victims of scams. What can veterans – and those who care about them – do to prevent being taken advantage of by scammers?

The Postal Inspection Service advises every veteran do the following:

Visit the Postal Inspection Service's website (uspis.gov) to learn about scams targeting veterans and what they can do to prevent becoming a victim.

Check out any offer with a trusted family member, friend or your local veteran's affairs office before acting.

Don't be pressured into acting immediately. If you are dealing with a legitimate outfit, they won't try to pressure you to act before having a chance to check it out and think about it. If they do, just say "no" and hang up.

Get an answering machine and caller ID display. Then, let the machine answer the phone for you. If you don't recognize the person leaving a message, don't pick up the phone!

Contact your telephone service provider, and ask them what kind of services they offer to help you block unwanted calls.

Report if you believe you have been the victim of a scam. Contact your local police or AARP (protectveterans@aarp.org or 877-908-3360).

Get credible information on how to qualify for veterans' benefits by contacting your state veterans' affairs agency. Visit nasdva.us, and click on "Links."

"Veterans have access to special benefits and share a special bond that scammers know and use to take advantage of them," said Chief Postal Inspector Gary Barksdale. "The Postal Inspection Service works hard every day to stop scams targeting veterans, but we need everyone to become better informed, so they can help spread the knowledge to the veterans they know and love. I encourage all Americans to make this Veteran's Day not only a day of remembrance and thanks for our veterans, but also to make it the start of learning about, and helping to spread information on scams targeting veterans."

For more information on scams targeting veterans and other scams, visit uspis.gov.

ABOUT THE U.S. POSTAL INSPECTION SERVICE

The U.S. Postal Inspection Service is the nation's oldest federal law enforcement agency. It supports and protects the U.S. Postal Service and its employees, infrastructure and customers; it enforces the laws that defend the nation's mail system from illegal or dangerous use; and it ensures public trust in the mail. Over 2,400 postal inspectors, postal police, technical and administrative people are spread out over 17 divisions and the national headquarters in Washington.

NEW JERSEY OUTDOORS: ARCHIVE NOW AVAILABLE ONLINE

New Jersey is far more than just a “garden” state. While well known for its vast network of fields and farms, fresh produce and fruit orchards, New Jersey boasts incredible ecological diversity. Even those who only know New Jersey from the Sopranos have heard of the Pine Barrens. The 1.1 million acre swath of forest and wetland that confounded Chris and Paulie in the episode “Pine Barrens,” was actually the country’s first National Reserve and designated by UNESCO as a single-site biosphere reserve. It is the largest body of open space on the Mid-Atlantic seaboard and home to dozens of rare and endangered species.

Yet even though the Pine Barrens claim some 22% of the state’s land, it is not the only highlight when it comes to New Jersey’s environmental diversity. Our state hosts portions of the Appalachian Trail and the black bears who live along it, streams full of native brook trout, fields where wild turkey roam and song birds compete for blueberries, and homes for marine wildlife all along the Jersey Shore.

New Jersey Outdoors was created with the idea of highlighting and celebrating New Jersey’s rich environmental heritage. First published in 1950

by the Department of Conservation and Economic Development – the precursor to the modern Department of Environmental Protection – New Jersey Outdoors featured articles on hunting, fishing, and conservation related topics. The combination of photography and illustration by local artists gave each issue a unique personality.

The New Jersey State Library is pleased to provide free online access to its entire collection of New Jersey Outdoors. Issues from 1961-2002 have been digitized in color and are available through the Library’s Digital Collections.

Browsing the table of contents reveals the breadth of topics in each issue – from in-depth commentary on particular species, to fishing tips, and profiled conservation projects. The issues also provide a glimpse at how environmental concerns changed over time.

For example, the January 1963 issue features commentary on what could happen to New Jersey’s wildlife and food supply in the event of nuclear disaster. Tensions between sportsman and environmentalists were highlighted in the August 1971 issue – just a year after the first Earth Day

and the rise of the new environmental movements. In July/August 1983, an article on urban waterfront restoration projects showed the culmination of years’ worth of work. Peppered throughout the issues are articles on historical and archaeological topics, as researchers explored human interaction with their environment.

New Jersey Outdoors was published monthly from 1961-1973, bimonthly 1973-1991, and then seasonally from 1991-2003. Publication ended in 2003 after the publication of the Department of Environmental Protection’s new magazine, Fish and Wildlife Digest. Fish and Wildlife Digest eventually split into three separate, annual magazines: Hunting and Trapping Digest, Freshwater Fishing Digest, and Marine Digest. These magazines are also available through the Library’s Digital Collections.

Unfortunately, we are missing the earliest published issues (1950-1960) of New Jersey Outdoors from our collection. Anyone who would like to donate copies of these issues to the New Jersey State Library can contact Deborah Mercer or Caitlyn Cook in Reference Services at refdesk@njstatelib.org.

(above, top to bottom) “This is the life”- Harry Grosch. Camping at Saw Mill Lake in High Point Park, from the July 1961 issue, Forrest fire prevention poster from the May 1964 issue, Red squirrel illustration by Reece, from the October 1965 issue
