The event will take place Friday, April 16, 2021 from 6:00-7:30 p.m. and will be streamed on YouTube (iDance Ministry, Inc. Channel) due to COVID-19.

FANWOOD-SCOTCH PLAINS COLLEGE CLUB

Submitted by Bernadette Hoyer

The Fanwood- Scotch Plains College Club continues to come together to face the challenges that impact not only its membership but also the needs of our entire community. Each month Pat Goldberg, Cathy Hirschhorn and Connie Salisbury, the co-chairs of the club's Outreach Committee, plan and organize a project and invite membership participation.

Club members recently donated personal and household items that will fill two backpacks for

previously homeless men to help them transition into affordable housing.

Since September, the club members have also supported local food pantries, purchased baby products for Hearts for Humanity, made a Thanksgiving meal basket for a local family, and donated to the Tiny Tim Fund.

To learn more about the College Club, its monthly programs or membership send an email message to collegeclub.fsp@gmail.com or visit the club's website: fspcollegeclub.org.

(above) F-SP College Club members, Joanne Sheffield, Pat Goldberg, Ellen Harrision and Jean Naugle prepare to pack up items donated by club members for the Urban League of Union County.

The College Club of Fanwood-Scotch Plains will host Christine Hoyer, a Tai Chi/Qigong practitioner and teacher, who will present an introduction to Tai Chi/Qigong philosophy and provide an opportunity for participants to sample some easy, gentle, guided movements. The program will take place on April 19 at 7:30 p.m. via zoom.

Christine, a native of Fanwood and a graduate of SP-F High School currently resides in TN. She is an avid practitioner and teacher of the arts of Tai Chi and Qigong and while she learned them from the martial aspects, she now focuses her own practice and her teaching on the meditative side. She describes it as “meditation in slow motion that allows you to move out of your head, into your body and connect you to your own breath and energy. This non-impact exercise offers many benefits including building strength, balance, flexibility and coordination. It is beneficial for your heart, breathing and immune function.”

Anyone interested in giving Tai Chi/Qigong a try can receive a link for the program by sending a request to tishisack17@gmail.com.

To learn more about the College Club, its monthly meetings or membership email the club at collegeclub.fsp@gmail.com or visit the club’s website: fspcollegeclub.org.

Fanwood residents have been asked on several occasions in recent years to answer surveys about everything from recycling to recreation to communications. But this new and unique survey will have a direct impact on our downtown, specifically in the area of the train station. It is part of a grant awarded by the NJ Transportation Planning Authority (NJTPA) in conjunction with the American Planning Association (APA) aimed at finding ways to better integrate our train station into the fabric of the town.

What could that mean? It could mean better pedestrian walkways, new safe crosswalks, bike paths, easier ways to get from the South Avenue side to the North Avenue side and better access to our northside cultural venues including the Patricia M. Kuran Cultural Arts Center, the soon-to-be constructed new library, the Fanwood Museum and the Carriage House Park.

"There's no doubt we already have a downtown to be proud of," said Mayor Colleen Mahr. "But we have all these great cultural venues that need to be better connected. This program will help us develop new ideas for making the whole area north of the train station more accessible and the train station area itself more user-friendly."

The grant enables a team to come to town and assess things like physical layout, transportation issues, pedestrian issues and infrastructure around the train station. This month, the team's

focus is on a survey of our citizens, businesses and community leaders to hear what they want to see happen to connect the train station to the rest of town.

"The survey is very unique," remarked the Mayor. "It's not just a series of yes/no questions. It asks for detailed commentary and even has an interactive map that allows respondents to place markers at places of interest and give specifics about what to do to improve them."

Planning teams are composed of volunteers who are nationally recognized experts and will meet with residents, government officials, and other key stakeholders to offer planning assistance. Last year, APA-NJ Transit Hub Planning teams completed Transit Hub plans for the City of Passaic, Borough of Dunellen and Town of Bloomfield.

BLACK BASEBALL HISTORY: A (ZOOM) PRESENTATION

Join the Friends of the Fanwood Memorial Library at 7:30 p.m. on April 21 as Professor Lawrence Hogan and writer Kevin Kane tell the story of African-American baseball players and teams forced to play their games behind a color line built by American racism. Please save the date; a link to register for the program will be sent in early April.

The event (via Zoom) will feature selections from a documentary about the Negro Leagues, with players speaking to the audience about their

playing days. A special poem will be recited by Kane, a musician and playwright whose Negro League version of "Casey at the Bat," called "Breaking the Line with the Mudville Nine," was written for and first performed at the Baseball Hall of Fame in Cooperstown.

Hogan is professor emeritus of history at Union County College and author of The Forgotten History of African American Baseball, as well as several other books on the history of Blacks in America.
