## MEMORIAL DAY PARADE - MONDAY, MAY 31, 9:30 AM

*Ralph Bernardo, Co-Chair - 2021 Parade Committee*

On Monday, May 31st, 2021, the Township of Clark will host its Annual Memorial Day Parade. At the end of the parade route at Arthur L. Johnson High School, a short service will be held to honor "Clark's Fallen Heroes."

Memorial Day commemorates the men and women who died while servicing their country, particularly those who died in battle or as a result of wounds sustained in battle. In other words, the purpose of Memorial Day is to memorialize the veterans who made the ultimate sacrifice for their country. We spend time remembering those who lost their lives and could not come home, reflecting on their service and why we have the luxury and freedom that we enjoy today. Remember to fly the American flag on this day.

As the new Co-Chair to the parade committee, I urge you to attend the parade route or even consider marching. With so much uncertainty and unrest on foreign ground today, with a nation so divided politically, we need to come together as a country and a township and honor our lost, support our troops, especially that so many young Clark residents are in the military.

There is much prior precedent in Clark's history to honor its war dead with a parade. During World War II the residents celebrated "I Am American Day" originating in 1942 and continuing through the 1950's.

At the conclusion of those parades, all the participants and observers circled the large wooden board listing the names of those Clark residents who went off to war, called the "Honor Roll". In 1947 the "Honor Roll" was replaced with our present war memorial monument located in front of Clark's high school, Arthur L. Johnson. The Parade Committee will continue this tradition of circling around the war memorial monuments at the conclusion of this year's parade.

We invite your group to march in the parade. To guarantee a place in the parade, please contact Parade Chairman Ralph Bernardo at

**2021  
Memorial Day  
Parade**  
Monday, May 31 • 9:30 am

Please come out and line the streets  
of our great town to show spirit and  
patriotism for all our fallen Heroes

Parade begins on Westfield Avenue at Nassau  
Street and ends at ALJ High School. A ceremony  
honoring our fallen heroes will follow.

Parade will include classic cars, town veterans,  
children's sports teams from in town, animals,  
stilt walkers, marching band, color guard, boys  
and girl scout troops and more!

Please contact  
Parade Chairman Ralph  
Bernardo at 732-428-  
8400 or rbernardo@  
ourclark.com if you are  
interested in joining  
the parade or have any  
questions.

732-428-8400 or rbernardo@ourclark.com, if you are interested in joining the parade or have any questions, as soon as possible.

Please be aware that prior to the parade, all participating will be fortified by mail of their place in line, with instructions on when and where to report.

With our troops presently protecting liberty on foreign soil, we look forward to this continuation of Clark's patriotic Memorial Day Parade and hope that you will join us.

## SOFTBALL FIELD NAMED FOR RALPH BERNARDO

A field was named in honor of Clark Recreation Director Ralph Bernardo by the Clark Girls' Softball League at an opening day ceremony on Saturday, April 17. The new Bernardo Field is located behind the concession area in the rear of the Recreation building.

The award was presented by Mark Conforti, former President of the League. "Ralph's motto and mission of Clark Recreation is to provide the community with a variety of youth, adult and family activities that will give citizens a more productive and gratifying quality of life...You can tell Ralph clearly loves his job and is always, and I repeat, always available and

approachable for ideas or a helping hand," Conforti said. "We chose to show our appreciation to Ralph and all that he has done for our community."

Bernardo thanked league organizers. "This is such an honor to be recognized like this I truly am humbled to receive such recognition," said Bernardo. "I do what I do because of my dedication to the kids of Clark, the love of my job and devotion to this great town."

League officials said they originally intended the field dedication to be held at the start of the 2020 season. The pandemic delayed it until this year.

# ALJ HIGH SCHOOL CELEBRATES CARLY TARENTINO AT SIGNING DAY EVENT

On Thursday, April 1, 2021, various staff members and administration at Arthur L. Johnson High School participated in a signing day ceremony to honor Carly Tarentino (Track & Field) for her years of service to Crusader Athletics and commemorate her signing of her Nation Letter of Intent to play NCAA Collegiate Athletics at the University of Virginia for the Cavaliers.

ALJ’s senior student-athlete Carly Tarentino signed her letter of intent to continue her athletic

and academic career at the collegiate level, where she will continue competing in Track & Field at the University of Virginia for the Cavaliers. Carly had an outstanding career for the Crusaders as her accomplishments will make her one of the best track & field athletes to ever compete at ALJ High School.

Track & Field HJ accolades include: 2x UCC Conference Champion; 3x UCIAC County Champion (Combined Winter & Spring); 3x NJSIAA Sectional State Champion (Combined Winter & Spring); 2x NJSIAA Group State Champion (Spring); 5x County & State Group Relay Champion (Combined Winter & Spring); 1st Team All State All Groups (2019-2020). In addition to all this she finds time to be on our Fall Cheerleading Squad.

As one can see, Carly has had a wonderful

athletic career as a Crusader.

Gus Kalikas, Athletic Director at ALJ, had this to say about the event, “Carly has been an integral part of the success of our athletic programs while competing at Arthur L. Johnson High School. More importantly, she has been a model student athlete that did things the right way both on the mats, in the classroom, and throughout our community. Although it will be sad to see her leave, the Crusader’s loss is Virginia’s gain, and we look forward to following her successful collegiate athletic career over the next four years.”

Crusader Athletics would like to wish the best of luck to Carly as she culminates her wonderful career for the Crusaders this spring and continues her academic and athletic success as a collegiate student athlete.

# ALJ INDUCTS 16 STUDENTS INTO NATIONAL HONOR SOCIETY

The Arthur L. Johnson chapter of the National Honor Society inducted 16 students in a candle-lighting ceremony held in the school’s auditorium. The 16 new inductees join 7 existing members.

To be eligible for National Honor Society, a student must have a weighted cumulative GPA of 4.15 or above and be enrolled in at least 3

honors/AP courses. At that point, students are asked to complete the application process demonstrating examples of the pillars.

Superintendent of Schools Edward Grande and Arthur L. Johnson Principal Jennifer Feeley congratulated the students on their accomplishments, speaking about the rigor of the

selection process, and commending students on their strong character.

Superintendent Edward Grande commented, “Our new inductees, along with our existing members, make us proud for all that they represent. It was an absolute honor to share the evening with them.”

## RELIEF FROM CHRONIC KNEE PAIN FDA Approved Treatment to Avoid Surgery

### DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

### If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Additions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

### Consider This Alternative To Surgery

**Northeast Spine & Wellness Center** offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

### How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

### Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

### Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

# CLARK RECREATION HOSTS ANNUAL EASTER EGG HUNT

The Clark Recreation Department hosted the 2021 Annual Easter Egg Hunt and Coloring Contest on Saturday, March 27.

Director, Ralph Bernardo was thrilled to be able to present the first major event of 2021. “It was a beautiful way to spend a spring afternoon. It was great to see the kids have so much fun especially after having to cancel this and so many other events in 2020.”

The day included an egg hunt, balloon art, a coloring contest with prizes in each age category, drawings for bikes, stuffed animals, and other baskets.

The Easter Bunny arrived for photos with kids and families. Ice cream, cookies, drinks and chocolate bunnies were available too.

# ALJ PREMED STUDENTS COMPLETE CANCER RESEARCH PROJECT

*Submitted by Christine Casale Broski*

Students in Mrs. Bernadette Jacobi's PreMedical Studies class at Arthur L. Johnson High School recently completed an Immunotherapy Patient Cancer Research Project. Students were asked to put their scrubs on and assume the role of a doctor who is meeting with a patient just diagnosed with cancer.

The students had to research the selected form of cancer the patient had, the options for cancer treatment, focusing on immunotherapy, and how to address the patient and answer any patient questions. Students also had to determine which immunotherapy treatment would be most effective and whether they wanted to combine it with traditional treatment. In class, student doctors met with their patients, role played by their peers. The students reviewed their patient's history, took their patient's vitals, diagnosed the patient, provided a treatment plan, addressed patient concerns, and gave a prognosis. Additionally, students had to present a reflection on what they took away from the experience and why they chose this type of cancer.

Ms. Jacobi stated, "This immunotherapy project is a very powerful tool that completely engages my students in their quest for knowledge and a better understanding of a person living with cancer. It is not your typical research project. The students created their fictitious patient and stood by their sides, holding their hands, through good news and bad, with each step along the way of their disease, from chief complaint through diagnosis, treatment and final prognosis."

Jacobi continued, "I am just so proud of the work my students did, in how they established a relationship with their patients and earned their trust. They learned a very valuable life lesson, in treating the whole patient as a valued person, and not just the disease they presented with. The personal statements my students made after their presentations were just so powerful, with many of them choosing a particular type of cancer that they wanted to know more about because of a personal experience. Words can't describe enough, how proud I am of their work, and how incredibly amazing my students are."

# CLARK BOARD OF EDUCATION'S SHOWCASE OF SUCCESS

(above) Cristina Faro – Carl H. Kumpf Middle School Educator of the Year- Mathematics Teacher; and Erin Reilly – Carl H. Kumpf Middle School Educational Services Professional of the Year - Learning Disabilities Teacher Consultant

The Clark Board of Education recently celebrated the achievements of students and teachers as part of its Showcase of Success during the April 15th Board of Education Meeting.

This year’s Governor’s Educators of the Year were recognized remotely for educational excellence and their commitment to student learning. The Governor’s Educators of the Year Program recognizes “educational innovation, student achievement, the rewards of teaching, and important services outside the classroom environment that lead to student success.”

Principals and assistant principals from each school recognized the efforts of their recipients.

6-12 Supervisor of Humanities and K-12 ESL Supervisor Yuri Diaz also remotely honored 9 students who received the New Jersey Department of Education State Seal of Biliteracy. These students needed to demonstrate a proficiency level of Intermediate Mid in all four domains of a world language. In addition, they were required to demonstrate proficiency in English by meeting the State high school graduation requirements for English language arts.

The students are: Spanish: Alejandro Alvarez, Danae Arbelo-Alexiou, Gianna Assuncao, Arianna Gonzalez, and Rai-Mirash Goodman. Polish: David Augustyn, Dominika Kosiek, Kacper Dudzik, and Konrad Parzych.

Superintendent Edward Grande commented, “It was great to be able to recognize these superior staff members and students for their many successes. We are very fortunate to have such talent here in the Clark Schools.”

# L'ORÉAL TO BUILD NEW RESEARCH AND DEVELOPMENT FACILITY ON TERMINAL AVENUE

## Clark Township

Mayor Salvatore Bonaccorso recently announced the unanimous approval by the Clark Planning Board of L'Oréal's request to add an approximate 100K square foot building adjacent to their current site on Terminal Avenue.

Bonaccorso welcomed the April 1 approval and sees the project as a win for the entire township.

"We are happy to have L'Oréal continue to invest in their business and in this town," said Bonaccorso. "This ensures Terminal Avenue remains an area of industry in town instead of becoming a place to develop more shopping centers and apartments. L'Oréal's development brings jobs and people which is great as they spur the local economy."

The new building will include a Research and Development center complete with parking and a traffic light to help with the flow of vehicles. The site will be constructed so it envelops the current site located at the corner of Central and Terminal Avenues.

"This street has always been industry," said Bonaccorso. "The site they are developing was the site of a manufacturing firm for many years before, so rush hour commuters in and out of the workplace there is business as usual on the street and is still significantly less than shopping centers would bring in the same area."

L'Oréal has strived to make the site environmentally responsible including the addition of a solar farm above the parking facility and a pond that recycles and cleans storm water

runoff.

Bonaccorso said the L'Oréal project is something all residents should be happy about because it helps the town continue to provide the same services to the public without additional cost to taxpayers.

"Let's face it, New Jersey isn't built in a way that we can expect taxes to go down so having projects like this in town helps to stabilize the tax bill for residents, which is what my administration strives to do," said Bonaccorso.

# SPIKE IT FOR A CURE TOURNAMENT

CLARK MONTHLY • Page 17 • May 2021

On Monday, March 29, 2021, and Tuesday, March 30, 2021, the Arthur L. Johnson High School Student Athletes held a Spike Ball Tournament dubbed "Spike It for a Cure". The tournament was meant to act as a fundraiser as all proceeds from the tournament went to the Morreale family as their daughter, Julia, is battling cancer.

The tournament originated from ALJ senior Danny McCaffery, who himself battled and overcame cancer at an early age. Also assisting with the tournament was senior Matthew Zuckowski. Interest throughout the school community was high as 24 teams entered the tournament.

The first three rounds took place on Monday, March 29, 2021. Most of the higher seeds advanced but the tournament did see some upsets as the Steven McCaffery and Anthony LaPorta tandem, who was ranked 23rd out of a possible 24 teams, knocked off both the 10th and 7th seeds to advance to the semifinals.

The semifinals were exciting as Johnson Boys Soccer was represented by the Raymond Torres and Brandon Costa duo who took on Anthony Ferreira and Gabe Rizzuto. The other side of the bracket was Brandon Castro and Jack Bencivenga vs. Stephen McCaffery and Anthony LaPorta. The finals consisted of Raymond Torres and Brandon Costa vs. Brandon Castro and Jack Bencivenga. The eventual champions were Team Castro and Bencivenga, who outlasted everyone in the tournament.

Danny McCaffery had this to say about the tournament "The student athletes from Arthur L. Johnson High School were extremely excited to

be a part of the 1st Annual 'Spike It for a Cure' spike ball tournament. Not only was it a great time for everyone involved, promoting school spirit and unity, but the best part about it was that all proceeds went to the Morreale family to assist them through these difficult times. Overall I feel like it was a huge success for a really great cause."

Athletic Director Gus Kalikas had this to say, "It was awesome to see the student athletes organize, promote and run this fundraiser for such a worthy cause. To be able to raise over \$1,400 to donate was incredible. This is just a testament to the wonderful student athletes that we have in our hallways here at Arthur L. Johnson High School."
