CLARK RECREATION CAMP WRAPS UP SUMMER OF 2021

Clark children enjoyed six weeks of fun, sun, events, shows, activities, and camaraderie at Summer Recreation Camp this year. The last week was carnival-themed activities including a pirate show, circus train, fire entertainers, turbo tubes, huge waterslides, obstacle courses, tug of war, boardwalk games, a DJ and more.

"Every year gets better and better," said Recreation Director Ralph Bernardo. "Every year we work to find new things to mix in with our annual features. I am so happy to have had such a great, safe season with the children of Clark and my awesome staff."

ALJ GIRLS SUMMER VOLLEYBALL TEAM TAKES BRONZE

Clark Public Schools

On Tuesday, July 20, 2021, the ALJ Girls Summer Volleyball Team became the Bronze Medal Champions and took 3rd place overall in the Crush Summer League Playoffs. The Crush Summer League season started on June 28, 2021 and ended on July 19, 2021, with the playoffs on July 20, 2021. ALJ Girls Summer Volleyball Team placed 5th overall in the season and this qualified them for the Crush Summer league playoffs. ALJ lost their first match versus Sugar N Spikes (Scotch Plains and Union Catholic Players) in the playoffs and this had ALJ go to

the Bronze Medal Bracket. ALJ played Millburn and beat them 2-1 with scores 25-18 in the first set, 21-25 and lost a tough second set, and 15-10 in the third deciding set and then had a rematch with the Sugar N Spikes Team for the Bronze Medal and third place overall. ALJ prevailed and beat the Sugar N Spikes team 2-0 with scores of 25-21 in the first set and 25-23 in the second set. That is ALJ Girls Summer Volleyball Team journey. This is the first ALJ Girls Volleyball Summer Team in the Crush Summer League but ALJ had former players play as individuals and was in different Crush Teams in the past.

In my many years as a top producing realtor, I have been involved in a tremendous amount of Clark transactions. I live and work here and know everything this outstanding town and school system has to offer. Using an agent with a proven track record is very important. I put an enormous effort into marketing, advertising and customer satisfaction. Since 1/1/20 to present, I have had 88 transactions, 68 in Clark, and have many homes that are currently under contract. I also made the highest level of Platinum for 2020 Circle of Excellence Award which ranks overall in the top 1% of Realtors in New Jersey. I also made Top Agent Magazine!

WELCOME BACK POLICE OFFICER GIOVANNINA PRISCO

The Clark Police Department welcomed back, as our newest Police Officer, Giovannina Prisco. Officer Prisco started at the Clark Police Department in 2015 as a Special Police Officer. Then in 2018, she joined our elite dispatch staff. Unfortunately, in the year 2020, Officer Prisco left us to join the ranks of the Union County Sheriff's Office.

Finally, on June 1st, 2021 at 10:30 a.m. Giovannina Prisco was sworn into her dream job, back home, here in Clark Township as badge number 196. She is our first female patrol officer in over 10 years. We are more than proud to have her back and finally wearing the uniform she so rightfully deserves. We wish her the best of luck! *Follow Clark Police Department on Facebook.*

VALLEY ROAD STUDENTS SAY THANK YOU WITH COOKIES

Submitted by Christine Casale Broski

Valley Road first graders Abigail Lonseth and Olive Lykin of Girl Scout Troop #41108 donated girl scout cookies to the staff at Valley Road School as a way to say thank you for their hard work this year. The girls wanted to do something to honor the Valley Road staff who had worked so hard to make sure students had a successful year, and delicious Girl Scout Cookies seemed like the perfect thank you.

Principal Joe Beltramba stated, "We thank the girls for their generous donation that brought a smile to our faces. This was such a thoughtful gesture that was truly appreciated by the entire staff."

RELIEF FROM CHRONIC KNEE PAIN FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Additions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

DONATE BLOOD LOCALLY DURING EMERGENCY BLOOD SHORTAGE

Every day, patients rely on blood transfusions and the transfusion of red blood cells, platelets and plasma to stay alive. But blood and blood products cannot be manufactured; they can only come from volunteer donors.

Blood products also typically have a short shelf life – ranging from five to 42 days, so constant replenishment is needed.

There remains an emergency blood shortage due to the coronavirus pandemic, which has limited the amount of walk-in community blood drives at such convenient locations as schools, libraries and houses of worship.

New Jersey Blood Services (2279 South Ave., Scotch Plains), a division of New York Blood Center, is part of one of the largest independent, community-based, non-profit blood centers in the United States that provides lifesaving blood products and services to nearly 200 hospitals in the tri-state area.

In order to be an eligible donor, you must be at least 16 years old (with parental permission or consent for those under 18 years of age), who weigh a minimum of 110 pounds, are in good health and meet all FDA and state Department of Health donor criteria. People over 75 years old may donate with a doctor's note.

To donate call (908) 232-9234, or schedule online: donate.nybc.org/donor/schedules/zip

Cranford Clergy Council

In 2015, Osceola Presbyterian Church, located at 1689 Raritan Rd, Clark, NJ, expanded their food ministry program from three holiday distributions a year to its current monthly distributions. In the past 5 years, Osceola Food Pantry has given out over 50,000 pounds of food in addition to gift cards, school supplies, cleaning supplies, and household items.

Supported by food and monetary donations from Osceola congregants, community members, local churches and civic organizations, Osceola Food Pantry serves an average of 20 families each month. A "box of basics" is provided along with a "special of the month." During the pandemic, sanitizing supplies and extra "kid-friendly" foods were given and additional items and gift cards are provided prior to holidays. In addition, a selection of donated clothing and household items are normally made available for selection by our families and will continue when it is safe for our families to re-enter our building.

The Food Pantry attempts to meet individual needs of our regular families and also provides "emergency" boxes for those in need who contact the church.

Despite the pandemic, Osceola Food Pantry's monthly distributions have continued but have been limited to outdoor loading of food boxes. We have continued to receive great support from within the church and from within the community and our volunteers are grateful to be able to provide for all who have reached out to the program. We also look forward to a time when we can provide more personal contact with our families.

For more information about Osceola Food Pantry, contact the church at 908-276-5300 and leave a message. Someone will respond to you shortly.

SOCCER IS “ALL IN THE FAMILY” FOR THIS BROTHER & SISTER

As the summer of 2021 comes to a close, Sammy and Rachel Burkhard enter pre-season with high hopes for the men’s and women’s soccer teams at TCNJ.

The senior brother and freshman sister both played youth soccer in Clark, NJ and for the ALJ Crusaders before moving onto play for the TCNJ Lions.

The TCNJ women, a perennial D3 soccer powerhouse, enter the season ranked #9 in the nation while the TCNJ men hope to improve on a 10-4-4 record in 2019.

Playing soccer is way of life for the Burkhard family dating back to their great grandfather who came to the United States from Germany in the late

1920’s to their father who also played for the Crusaders and went on to win a Big East Championship in 1991 for the Seton Hall Pirates and legendary coach Manny Schellscheidt.

Hopes are high for these TCNJ Lions.

DEAR MEMBERS OF THE CLARK COMMUNITY,

As I say each year, the most remarkable aspect of being an educator is that each September we get to start anew, building on the strengths of the past but making the necessary adjustments to become even stronger as we move ahead. For that reason, the opening of our new school year is accompanied by excitement for me. I would be remiss if I did not thank our twelve-month and ten-month/two-week administrators and support staff for all of their diligent work this summer. Their efforts are a central reason why we will be ready for an outstanding beginning. Our maintenance team led by Mr. John Pingor is deserving of a special acknowledgement for their preparation of our buildings and grounds. They engage in projects throughout the year so that our students and staff are provided with enhanced facilities, and this year we are fortunate to be involved in more projects than usual. The importance of this physical upkeep of our schools should never be devalued.

Schools will reopen for students on Thursday, September 9. This first day of school is always a most special one and one that we, as a school district, are excited for. This year is no exception. In fact, this year’s excitement is only intensified by our plan to return to our regular schedule. Getting to see a large number of our parents and guardians at our various Back-to-School Nights will be equally rewarding. VRS’s is scheduled for Monday, September 13; ALJ’s for Tuesday, September 14; CHK’s for Monday, September 20; CPA’s for Tuesday, September 21; and FKH’s for Wednesday, September 22. Please know that we, as an administrative team, have an open door policy and are here to address any concerns that you may have. It is our sincere hope to continue to “inspire greatness” through the work that we do.

Respectfully yours,
Edward Grande

LINDEN FIREFIGHTER MATHEW PRIBISH HELPS NJ SHARING NETWORK

Linden, NJ firefighter Mathew Pribish helped NJ Sharing Network kick off National Donate Life Month by sharing his personal heart transplant story to help raise awareness about the importance of organ and tissue donation.

In New Jersey, there are nearly 4,000 residents currently waiting for a life-saving transplant, and one person in New Jersey dies every three days waiting for a transplant. Just one organ and tissue donor can save 8 lives and enhance the lives of over 75 people. Transplantable organs include heart, kidneys, liver, lungs, pancreas and intestine. Transplantable tissue includes corneas, heart valves, skin grafts, and bone grafts, ligament and tendons. To learn more, get involved and register as an organ and tissue donor, visit NJSharingNetwork.org.

A Personal Story from Mathew Pribish of the Linden Fire Department

My gift of life story started more than a decade ago when I went to the doctor for a regular cardiology checkup because heart disease runs in my family and I wanted to make sure that, as a firefighter, my heart was healthy. I was told during one of these regular checkups that I have Marfan Syndrome, a connective tissue disorder that affects the heart, joints and other parts of the body.

In 2013, after being monitored for a few years, my aortic root was enlarged to the point that I needed replacement surgery. Although my surgery went well, I had an adverse reaction and went into advanced heart failure. The doctors made the decision to implant a Centrimag BiVad, an external device to pump both sides of my heart. After a couple of weeks, my heart healed enough to remove the device and implant an LVAD-Left Ventricular Assist Device. That was my lifeline for four years and I was placed on the New York heart transplant list.

In 2017, my cardiologist recommended that I also be put onto the New Jersey transplant list. In

the time leading up to my approval on the New Jersey transplant list, the alarm of my LVAD device started to sound, on and off. The team of doctors decided that it was a mechanical issue and that they would either need to either replace the LVAD or hold me in the hospital for transplant.

On June 22, 2017, I was informed by Newark Beth Israel Medical Center that I was officially listed on the New Jersey list. It was just four days later that my wife got the phone call early in the morning. They said, "Mrs. Pribish, we found a heart for your husband."

There were so many emotions that day. I felt happy and thankful that I now had hope that my health could be restored. I also felt a great deal of sadness for the family that lost their loved one. On June 27, 2017, I had a successful LVAD removal/Heart Transplant.

Since my transplant, I have been blessed to return to the life I had known before. In my donor's memory, I decided to become a transplant advocate through NJ Sharing Network.

In Fall 2018, I was released by the doctors to

return to full firefighting duties. On January 3, 2019, I officially returned to the fire department for my first day back at the position I left almost six years before.

I never thought that the day would come where I could return back to active duty. But thanks to my donor, my doctors, and NJ Sharing Network, this dream became a reality. I hope that my story can give hope to others that may need a transplant to inspire them to keep the faith.

ABOUT NJ SHARING NETWORK

NJ Sharing Network is the federally designated non-profit organization responsible for recovering organs and tissue for the nearly 4,000 New Jersey residents currently waiting for a life-saving transplant. With headquarters in New Providence, NJ, the organization is part of the national recovery system, serving the 110,000 people on the national waiting list. NJ Sharing Network was selected by NJBiz as one of the state's "Best Places to Work" for the third consecutive year. CELEBRATING 10 YEARS WITH HEART TRANSPLANT

NJ Sharing Network

Emma Rothman of Cranford, NJ will be graduating this spring from Syracuse University with a degree in Food Studies. Like most college graduates, she has mixed emotions about taking the next step in her life's journey.

"I am definitely a bit terrified, but I am excited about the variety of opportunities that lie ahead," said Emma.

This is a remarkable time for Emma as she celebrated the 10th anniversary of her life-saving heart transplant (April 1). She is humble and always thankful for her donor who gave her the gift of life and made her achievements possible.

"Everything after my heart transplant was working towards moments like this," said Emma. "It motivates me to appreciate the day to day – being able to travel, go away to school, and have life experiences without my health dictating what I can and cannot do is a blessing. I owe all of this to my organ donor's act of extraordinary humanity."

In March 2011, Emma was 12-years-old when she suddenly began to feel extremely fatigued and could not make it through an entire day at school. Her parents brought her to Newark Beth Israel Medical Center (NBIMC) for what was supposed to be a quick, routine blood test. However, Emma went into cardiac arrest, was put on life-support under an induced coma and was rushed to the pediatric cardiac intensive care unit at New York-Presbyterian/Morgan Stanley Children's Hospital.

Emma, who showed no prior symptoms, was somehow battling end-stage heart failure brought on by hypertrophic cardiomyopathy. On April 1,

2011, Emma, underwent a successful emergency heart transplant, which saved her life. Just 15 days later, Emma was discharged, taking with her new knowledge about what a heart transplant is and how she could best care for her new heart at home.

"The last thing I remember was feeling uncomfortable while the nurses were attempting to draw blood at the hospital thinking I might have had mono or a virus," said Emma. "I woke up six days later and learned that I had a heart transplant. Prior to that, I had never heard of organ and tissue donation or transplantation."

In 2013, Emma and her family, guided by their firsthand experience, established Hearts for Emma, a 501 (c)3 organization that provides assistance to families of children with heart disease, and supports educational initiatives related to heart transplantation and promotes awareness of organ and tissue donation. As part of a joint outreach effort, Hearts for Emma established a Partner Fund within the NJ Sharing Network Foundation that has raised more than \$50,000 since its inception. The Hearts for Emma Partner Fund has helped educate more than 100,000 students in New Jersey about organ and tissue donation and transplantation through the production and distribution of education materials and related programs, and provides scholarships to high school seniors who are advocates of or personally impacted by the mission.

CARL H. KUMPF MIDDLE SCHOOL PROMOTION CEREMONY

Clark Public Schools

On Wednesday, June 23, eighth graders at Carl H. Kumpf Middle School in Clark participated in a promotion ceremony. The event was attended by Board of Education members, Superintendent Edward Grande, family members, teachers, administrators, and other community members. Speeches were given by Valedictorian Ivy Liu and Salutatorian Emily Pittari. Both students reminisced about the special memories shared at Kumpf and the many lessons learned especially during this unique school year. However, both also shared much excitement for what the future

holds for the Class of 2021.

Pittari stated, "Kumpf is a place I will never forget. The many great times I have had are because of the school and the people within it."

Liu stated, "I wish all of my peers the best of luck in the future, and I cannot wait to see what the future holds for all of us. Once again, congratulations to the graduating eighth graders. Remember to always think positive and keep shining."

Principal Rick Delmonaco and Superintendent Edward Grande also addressed the class celebrating their perseverance and

resilience while commending them for a job well done.

Assistant Principal Amanda Clarke stated, "We are extremely proud of the accomplishments of the Class of 2021. We wish them all of the best as they start this new chapter and look forward to hearing about their continued success."

Principal Rick Delmonaco addressed the class stating, "You have demonstrated perseverance in your ability to keep moving forward changing course and still achieving." He continued that this group did an "outstanding job."

ART “EMERGES” DURING RAHWAY’S ANNUAL CULTURE CRAWL FESTIVAL

Rahway has “emerged” from this past year stronger and more connected, with art and music popping up all summer long, including during its Annual Culture Crawl Arts and Music Festival! On September 25 from 1-6 p.m., (weather permitting) the streets of Rahway’s downtown will come alive with art and music.

We were all saddened when in 2020 the Culture Crawl Festival was forced to cancel due to the Covid-19 pandemic. The brand and the artistry continued throughout all of 2020 through virtual events, curated outdoor art displays, live music and poetry just to name a few. This year, we are bringing back the Culture Crawl Festival in a way that is safe for our Artists and our Community. This typically rain or shine event will be weather dependent this year (canceled in the event of inclement weather.)

With the theme of “emerge”, Culture Crawl will be featuring some new collaborators as well as those who have curated zones in past years. Nick Rosal from (pick your affiliation: Atelier Rosal Framing Shop; Housecat Nick; Rusty Monks; Jazz at Watt Hotel; Pop Up Bohemian Festival....) will be joining us again to curate the newly transformed Cherry Street with music, vendors and more!

Representing the “Emerging” young artists of Rahway, Parisse Dawkins and Michael Elliott will entice you into the Arts District Park (corner of Central Ave and Irving St.) with immersive displays, “design your own” fashion pieces, music, dance and art, from Black and brown

creatives culminating in a fashion show featuring original designs by Michael Elliott, as well as pieces from other Rahway boutiques.

Making it worth the walk, Kevin Simmons from AB Salute House will be hosting one of his notorious Deep House Music Dance Parties at The Gallery Space (Seminary Ave. and Irving St.) with curated vendors and artists.

Northfield Bank Parking lot (1515 Irving St) will be the location of a stage featuring dance of all genres and a myriad of local bands.

The Train Station Plaza will be a buzz of activity with the Vendor Village and the Main Stage of music with a full line up of entertainment.

The fun doesn’t stop there! Establishments on Main St. and Irving St. as well as throughout the entire footprint will be popping out on the sidewalk.

RUTGERS MASTER GARDENER PROGRAM

Rutgers Master Gardeners are trained volunteers who assist Rutgers New Jersey Agricultural Experiment Station (NJAES) Cooperative Extension in its mission to deliver horticulture programs and information to the general public. Anyone with an interest in gardening and a commitment to volunteer service can become a Rutgers Master Gardener. No previous education or training in horticulture is required.

RUTGERS MASTER GARDENERS USE THEIR SKILLS IN A VARIETY OF AREAS, INCLUDING:

- Gardening demonstrations
- Telephone Helpline and Plant Clinics
- Community and youth gardening

- Horticultural therapy
 - Information booths at county fairs and other public events
 - Research assistance at Rutgers, The State University of New Jersey
 - Harvesting and packing food for the hungry
- UNION COUNTY**

The Rutgers Master Gardener Union County Helpline is open to the general public and is staffed year-round. April through November hours are, Monday – Thursday 9 a.m. to 3 p.m. and Fridays from 1 p.m. to 1 p.m. and can be reached at mastergardeners@ucnj.org or 908-654-9852. To learn more about the program visit njaes.rutgers.edu/master-gardeners/.

GRIEF SEMINAR BEGINS SEPT. 12

The First Presbyterian Church of Cranford (FPCC) is preparing for its free seven-week seminar, "Journey Toward Wholeness - Healing the Grieving Heart", which takes place on Zoom every Sunday from September 12 to October 24, 2021 from 6:30 – 8:30 p.m.. Registration is required to attend this event. To register call 908-709-1341.

As we emerge from a very uncertain time in our lives, we welcome you to join the Journey Toward Wholeness bereavement seminar. The seminar, sponsored by the First Presbyterian Church of Cranford, grew out of a spark from Dr. Bruce Williams who co-created this program 21 years ago. To date, there has been over 3,500 participants. The co-leaders of the program Patti Williams, RN and Certified Pastoral Bereavement Counselor and Virginia Waters, PhD, have personal and professional training and experience in the field of grief and loss. They are joined by a team of trained facilitators who provide support and lead breakout groups

for individuals who have experienced a similar loss.

We welcome all who have experienced loss of any kind, past or present. We also welcome all who have previously attended this Seminar to return for a refresher. The Zoom option offers you a unique opportunity to attend with friends or family from other states.

In the words of a recent participant, "Thank you and your team for everything you are doing to create such necessary, safe, and encouraging bereavement healing space for these times. Being with other grievers, I felt myself soften into the truths of my loss in a profound way that I haven't had the opportunity to do at all during this time of Covid. I'm so grateful for that small step forward. I was also mightily impressed by how well you all managed the technology to make this possible. Well done!"
