## JUNIOR HONOR SOCIETY BUILDS LITTLE FREE LIBRARIES

### Clark Public Schools

The National Junior Honor Society at Carl H. Kumpf Middle School in Clark, NJ recently installed multiple Little Free Libraries in front of the district's schools. NJHS students are currently taking turns each month to make sure they stay well stocked. This student-run initiative was designed to promote literacy throughout the Clark community. NJHS students were placed on teams that were responsible for contacting stores for donations, assembling the libraries, as well as

designing and painting the libraries. The community is welcome to borrow a book from any one of the Little Free Libraries. National Junior Honor Society Advisor, Ms. Suzanne Hamilton, stated, "We would like to thank Mr. Grande and the Board of Education for your support of this project. The students are beyond excited to see their idea become a reality and share their love of reading with the entire community. As their advisor, I'm extremely proud of all of their hard work!"

## 4-H MASTER TREE STEWARDS VISIT GIRL SCOUT JUNIOR TROOP

Girl Scout Junior Troop 40710 was fortunate to have a visit from 4-H Master Tree Stewards from Rutgers Cooperative Extension of Union County, Dean Talcott and Sandra Ciasco. Mr. Talcott shared his extensive knowledge of trees with the fifth grade Girl Scout Junior girls with an informative presentation that included a presentation about the trees and a walking tour on the property at girls' own school, Frank K. Hehnl Elementary school. Mrs. Ciasco brought not only her extensive knowledge of trees but also many years of Girl Scout experience being a Girl Scout troop leader herself.

During the presentation, Mr. Talcott located a swamp white oak tree on school property that measures 82 feet tall with a circumference of 11 feet 2 inches. The beautiful swamp white oak tree

is estimated to be around 200 years old. The girls also looked at a red maple and a pin oak tree. Mrs. Ciasco helped the girls identify leaves, branches, and nuts. The girls examined a shagbark hickory nut and a "prickly ball" from a Sweetgum tree. The group also discussed how trees live and photosynthesis.

Troop leader Danielle Fidurski said the girls learned a lot and were really intrigued by the presentation. Fidurski also said it was exciting to see the girls so enthusiastic about science and nature and is grateful to the presenters for volunteering their time. Girl Scout Junior Troop 40710 is led by Danielle Fidurski and Raquel Breece. ## VALLEY ROAD SCHOOL FALL FEST

### Clark Public Schools

The Valley Road PTA held Fall Fest. The event included outdoor games, snacks, a blow-up obstacle course, as well as, visits from Police, EMT, and fire department vehicles. The main event was a State Police helicopter landing. Detective Brian Soos of the Clark Police arranged for the helicopter and emergency vehicles, along with the First Aid Squad and Fire Department. First grade teachers, Jen Clere and Ashley Cozzi, and Principal, Joe Beltramba, organized a game of cornhole where students played against their teachers and the winners selected prizes from a prize box. Beltramba stated, "The teachers had sore arms after tossing bean bags for hours, but they had fun." The enthusiastic teachers also encouraged the parents and students to participate in the parachute games. Beltramba continued, "It was wonderful seeing the teachers lead the parachute games as well as seeing the children with their moms and dads dancing under the uplifted parachute. Thanks goes out to the PTA for organizing this wonderful event."

# LADY COUGARS RECOGNIZED AT COUNCIL MEETING

Mayor Sal Bonaccorso and Town Council members recognized the Kumpf Lady Cougars 7th and 8th grade soccer team at the November 15 Clark Town Council meeting. The middle-schoolers had an undefeated season, holding off any opponents from scoring against them. They finished with a total of 65 goals for the year.

“What these girls have accomplished on the field under the direction of Coach Richard Hoos, is remarkable and rare,” said Bonaccorso. “I expect to see great things from them on and off the field as they move forward together to high school.”

## RELIEF FROM CHRONIC KNEE PAIN

### FDA Approved Treatment to Avoid Surgery

### DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

### If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

### Consider This Alternative To Surgery

**Northeast Spine & Wellness Center** offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

### How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

### Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

### Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

# TICKETS NOW ON SALE FOR 21ST ANNUAL PIPES OF CHRISTMAS

The Pipes of Christmas will celebrate its 23rd season with performances in New Jersey and New York this December. The holiday favorite opens on Saturday, December 18 at Madison Avenue Presbyterian Church, located at 921 Madison Avenue (at 73rd Street) in New York City for a 2PM performance. The concert moves across the Hudson River on Sunday, December 19 to Central Presbyterian Church located at 70 Maple Street in Summit, NJ with performances at 2PM.

For those weary of the ceaseless stream of secular seasonal music from department stores to TV, the Pipes of Christmas offers a spiritual and traditional take on the season that connects concertgoers to the holiday in a fresh, meaningful way. The show features tunes such as, Highland Cathedral, Joy to the World, and Amazing Grace, all performed live on pipes and drums, harp and fiddle, and organ and brass and more. Not only does the performance define Christmas cheer, but also it inspires those of Celtic descent to retrace and reconnect to their ancestry.

The concert presents the music of Christmas accompanied by readings taken from the Celtic literature of Scotland, Ireland, and Wales. Featured performers include singer Margaret Kelly from Aberdeen, Scotland, James Robinson from the film "Braveheart," New England fiddle champion Paul Woodiel, champion harpist Rachel Clemente, and the Pipe Major Kevin Ray Blandford Memorial Pipe Band from Redlands, CA among many more.

## TICKETS AVAILABLE NOW

Tickets may be purchased online exclusively through ShowTix4U. (Be certain to select "The Learned Kindred of Currie" as the organization name.)

## LEARNED KINDRED'S ONLY FUNDRAISER

This annual concert is the Learned Kindred's only fundraiser, generating their operating budget for the year ahead. Losing the concert income is financially devastating to outreach programmes which support young people in education in Scotland, Canada and the United

States through scholarships and sponsorships.

Proceeds from the concert support an extensive music scholarship program, which includes the Carol Hassert Memorial Fine Arts Scholarship at Summit (NJ) High School as well as annual gifts to the National Piping Centre, the Royal Conservatoire of Scotland (both located in Glasgow, Scotland), Sabhal Mòr Ostaig, the Royal National Mòr and the Gaelic College in Nova Scotia, among others.

## ABOUT THE PIPES OF CHRISTMAS

Since making its debut in 1999, The Pipes of Christmas has played to standing room only audiences. Now a cherished holiday event, the concert provides audiences with a stirring and reverent celebration of the Christmas season and the Celtic spirit. Audience-goers return year after year to experience the program, many reporting that the Pipes of Christmas has become part of their family's annual Christmas tradition.

The concert has been lavished with critical acclaim. In his review for Classical New Jersey Magazine, Paul Somers wrote, "The whole evening was constructed to introduce gem after gem and still have a finale which raised the roof. In short, it was like a well constructed fireworks show on the Glorious Fourth. The Westfield Leader described the concert as "a unique sound

of power and glory nowhere else to be found."

The Pipes of Christmas Virtual Concert, produced by The Clan Currie Society / The Learned Kindred of Currie, has been nominated for an award in the prestigious MG ALBA Scots Trad Music Awards (Na Trads) 2021.

## PINWHEELS SPIN FOR PEACE AT VALLEY ROAD

### Clark Public Schools

Each year, the International Day of Peace is observed around the world on September 21st. The UN General Assembly established this day in 1981 to strengthen the ideals of peace. Valley Road students, with art teacher, Kerry Kennedy, created pinwheels for the Pinwheels for Peace project. The school joined hundreds of schools across the globe in spreading peace through art. The pinwheels were then placed on display in various locations outside the school. Kennedy stated, "Through this project, students were inspired to think creatively on how to spread a message of peace through their art." For more information on the project, visit [pinwheelsforpeace.com](http://pinwheelsforpeace.com).

## KATIE LEDDEN COMMITS TO RHODE ISLAND

Clark resident Katie Ledden, a junior at Rutgers Preparatory School in Somerset, NJ, has recently committed to play Division 1 basketball at the University of Rhode Island on a full athletic scholarship. Ledden has dreamed of playing Division 1 basketball since she was in third grade and started playing for the Clark Travel Basketball program, which she played for through 8th grade. She also played AAU basketball for Team Sharp under Coach Michele Sharp from 4th grade to 9th grade. Further, Ledden played for the Kumpf Middle School Basketball team, where she broke numerous school records, then played her freshman year at Arthur L. Johnson High School. When Ledden was a sophomore, she transferred to Rutgers Prep, which is the #2 girls basketball team in the state and #17 in the country. Last spring and summer, Ledden played in the Nike Elite Youth Basketball League for the Philadelphia Rise, where she was seen by hundreds of college coaches at various tournaments around the country. Ledden was being recruited by 32 Division 1 schools and had received 9 official Division 1 offers before deciding to spend her collegiate career at URI. Some of the other

schools who made official offers to Ledden were, St. Joseph's University, the University of Pennsylvania, Quinnipiac University, and Bucknell University, to name a few.

## RECYCLING PROGRAM CHANGES

*Submitted by: Mayor Sal Bonaccorso*

I am happy to announce changes to the Clark recycling program. Starting December 1 Zone 2 will be collected and going forward recycling will be picked-up every other Wednesday year-round.

The Township's new hauler is Waste Management, a national refuse company. The program will bring more frequent and consistent pick-ups to residents.

Waste Management's collection requirements remain similar. Paper, cardboard, glass and cans are still comingled in the same recycle bins residents use now.

Some small changes include, excess cans, bottles etc.. must be put into a second container alongside the main bin. Residents are asked to put all recyclable materials curbside on Tuesday night.

Here is a general overview of the new program versus the prior:

### WHAT IS THE SAME, WHAT IS DIFFERENT:

- Use current recycle bin Comingle glass, paper, plastic & cardboard
- No plastic bags permitted
- Zones 1 and 2 remain the same
- Pizza boxes go into regular garbage – not recycling
- Place bins curbside on Tuesday night
- Overflow cans, bottles etc... must be placed in a container- NO PLASTIC BAGS permitted
- Overflow cardboard should be flattened and tied
- Pick-up is every other week. No more three week waits for pick-up after a five-week month

Below are the dates for this month. Pick-up will continue to alternate by zone each week following.

**DECEMBER 1 – ZONE 2**

**DECEMBER 8 – ZONE 1**

**DECEMBER 15 – ZONE 2**

**DECEMBER 22 – ZONE 1**

# HANUKAH: A CELEBRATION OF RELIGIOUS FREEDOM

By Rabbi Paul David Kerbel Temple Beth El Mekor Chayim, Cranford

Hanukah is one of the Jewish religion's most popular holidays. No doubt, part of Hanukah's popularity derives from its proximity to Christmas and the bundling of a variety of religious, ethnic and cultural holidays that occur at this time of year creating a festive holiday season.

You might be surprised to know however, that unlike Christmas, Hanukah is not one of Judaism's major holidays. That billing goes to Rosh HaShanah (the Jewish New Year) and Yom Kippur (the Day of Fasting and Atonement) and the Pilgrimage Festivals of Passover, Sukkot and Shavuot that are explained and discussed in The Book of Leviticus (Chapter 23).

But Hanukah is important for many reasons. In the first place, next to the Passover Seder, more Jews celebrate Hanukah than any other Jewish ritual or holiday observance. We celebrate two miracles on Hanukah: the military victory of a small, outmanned Jewish army winning out over a superior Syrian-Greek King Antiochus

Epiphanes, who forbade the Jewish people to study their scriptures, keep their calendar, observe their holidays or offer sacrifices in the Temple. The King wanted the Jews to sacrifice to the Greek Gods and study the best of Greek culture. King Antiochus was jealous of the God of Israel and sought to eradicate distinctive Jewish practices and culture.

The second miracle of Hanukah is the story in Rabbinic tradition, that when the revolt ended and the Jewish people sought to rededicate and purify the Holy Temple in Jerusalem that had been defiled by the decree of King Antiochus by lighting the Menorah, the religious candelabrum that served as a major symbol of religious Jewish life in the Temple, that there was only enough purified olive oil to last for one day, but the lamp remained burning for eight days!

But I also think the story of Hanukah teaches and shares important lessons for our friends and neighbors of other faiths about religious faith and belief. To me, Hanukah represents the first

victory in human history of religious freedom. In a certain sense, Hanukah is a universal holiday of religious freedom. If the Jewish people had lost this physical and spiritual war in 164 BCE (before the common era) and 164 years before the birth of Jesus, Judaism would have died out and since Christianity and Islam emanate out of and are connected to Judaism, there would not be today any adherents of these great faiths. Judaism, Christianity and Islam exist today because of the religious faith of these defenders of Judaism to stand up for their beliefs and rights.

Hanukah also teaches religious tolerance and the celebration of pluralism. Hanukah reinforces the rights of a minority to stand up for its beliefs while living in a larger secular or religious culture of other religious faiths. Our country was built on the idea of freedom of religion and the freedom to live by and practice the customs, rituals and commandments of our respective religions. Hanukah teaches me that sometimes miracles happen in the quiet constancy of our everyday practice of our respective customs, prayers and traditions and our interaction and bonds of friendship and community responsibility with our neighbors of all religions and ethnic groups.

The most enduring symbol of both Hanukah and Christmas is the celebration of light. We light a Menorah to symbolize the miracles of our survival and the dedication of our people - for over four-thousand years even in the midst of persecution or the attempt to suppress our faith and practice - to practice our customs and traditions with hope and confidence in the future as a monotheistic ethical religion and culture.

For our Christian friends, the lights of the Christmas season represent essential religious beliefs including joy, peace, kindness and service to our fellow human beings. Even with the challenges the Covid-19 pandemic has caused, among the most difficult in our lifetimes, may the lights of our respective traditions strengthen our commitment to our respective faiths and our obligation and opportunity to make a difference in our community and in the world at large. As one great rabbi wrote: "It is better to light one candle than to curse the darkness." Wishing all of us a meaningful holiday season!

Rabbi Paul David Kerbel is the rabbi of Temple Beth El Mekor Chayim in Cranford. He is active in the Cranford Clergy Association, the Union County Board of Rabbis, the Rabbinic Roundtable of the Jewish Federation of MetroWest, NJ and on the New Jersey Advisory Board of The Anti-Defamation League.
