## RRRR MATIES! GROVER CLEVELAND STAFF PERFORM

Submitted by Dylan McMillen

The staff at Cleveland School struck gold on the morning of Wednesday, March 30th. A cast of teachers spanning multiple grade levels and disciplines came together on their own to perform a mini-play for students in pre-K to third grade. Before we talk about the performance, let me give you some background on how the Pirate Play came to be!

March at Grover Cleveland has always been known as "March Reading Madness." As part of the month-long celebration Mrs. Geis, the Library Media Specialist, organized a list of guest readers ranging from the Mayor of Rahway, Superintendent of Rahway Public Schools, members of the Police and Fire Department, and a host of District School Administrators who all descended upon Grover Cleveland to read to the students. Mrs. Geis had the great idea to round up her colleagues to perform for the students to close out the month of March.

Ahoy maties! The star-studded cast of teachers opened up by reading the children's book "How I Became a Pirate." The fun-witted story takes place in North Beach, where Young Jeremy is captivated by life as a pirate. The fun and jokes quickly end when Young Jeremy soon discovers that there are no good night kisses on board the pirate ship. Cap'n Braid Beard makes it clear that "Pirates don't tuck." Without completely giving away the storyline, Young Jeremy makes the wise decision to live out his adventures on land through his books. After all, "Pirates don't read books either."

Grover Cleveland students were in complete awe as they watched their teachers act out the famous children's book. The backdrop with palm trees and blue skies set the stage for the beachy Pirate theme. The Cleveland staff's costumes and attire added to the tropical vibe. The student's laughter and cheer made the teacher's efforts worth it.

The staff at Cleveland School are certainly treasures for making an effort to bring a story to life. We hope their efforts continue to fuel students' passion for reading.

## MUGS OF LOVE

Blue and Gold Club members at Franklin Elementary School in Rahway have been hard at work putting together some "Mugs of Love." The mugs are filled with things that were donated to the school, such as coffee, tea, hot cocoa, and snacks. The students put together over 100 mugs.

They were donated to the Food for Friends Soup Kitchen in Rahway and were distributed

on Saturday, April 2, 2022.

The Blue and Gold Club at Franklin Elementary School is a school-based club made up of students who volunteer their time throughout the year to help with many different community service activities. The club is overseen by the school's nurse, Mrs. Barbara Maher and Ms. Kym Adams. Keep up the great work!

### Happy Mother's Day

Mathair, seanmhathair, mutter, großmutter, matka, babcia, mãe, avó, madre, abuela, mère, grand-mère, mater, ma, mom, mamma grandma, grams, baba. No matter the language translated it's the same for us all.

Happy Mother's Day to our mothers and grandmothers.

Whether moms, grand moms or wives and yes mom-in-laws, it's time to flower them, cherish them, help them and treat them with respect. Just plain love them, and if unfortunately—remembering them.

Bring them candy, flowers, clothing and yes even possibly a new home.... We can help mom or grand mom relocate, downsize, get an easy care condo or stylish apt. Now that could be a great Mother's Day gift!

This year let's remember and keep in your thoughts and prayers all the Ukrainian mothers/мати and grandmothers/бабуся suffering and stressed trying to survive while protecting their children and or grandchildren from the terror of a brutal dictator's war. There are some good charities supporting them, please donate.

Happy Mother's Day to all moms and grand moms.  
Love and daffodils,  
Matt, Fran and Chase

## SUMMER DAY CAMP OPEN HOUSE AND PARENT INFORMATION SESSION

### The Gateway Family YMCA

The Gateway Family YMCA is gearing up for an exciting summer, and is inviting parents in the community to learn more about Summer Day Camp at The Gateway Family YMCA. In person Summer Day Camp Open House and Parent Information Sessions are available on April 30th at 12 p.m. and May 23rd at 6 p.m. at YMCA branches in Elizabeth, Rahway and Union. Information and optional registration is available at [tgfymca.org/events](http://tgfymca.org/events).

Camp locations include The Gateway Family YMCA – Elizabeth Branch, 135 Madison Avenue, Elizabeth, Five Points Branch 201 Tucker Avenue, Union, and Rahway Branch 1564 Irving Street, Rahway. Summer Day Camp at The Gateway Family YMCA is available June 27 through August 28 in one-week sessions for Pre-K Age 3 through Grade 6. Registration is

first come, first serve due to limited capacity for 2022.

At Y Summer Day Camp, kids can develop skills and self-confidence, make new friendships and gain a sense of belonging – all while having tons of fun. From games and sports to arts and crafts to outdoor adventures to science and technology, a Y Summer Day Camp experience offers kids the chance to learn new things and enjoy new adventures.

“In order to have fun and thrive, kids need to feel both physically and emotionally safe. When you drop your child off at The Gateway Family YMCA Summer Day Camp, you can rest assured that their total well-being will be nurtured and supported by our caring Y staff team members, who are committed to ensuring that their experience is a great one,” stated Krystal R. Canady, CEO, The Gateway Family YMCA.

Summer at the Y allows kids the space to grow stronger and more confident in a safe, nurturing environment. The Summer Day Camp experience teaches essential leadership and social skills and helps kids build character and develop confidence and independence.

The Gateway Family YMCA is a leading 501(c)(3) nonprofit committed to strengthening community by connecting all people to their potential, purpose and each other. With a focus on empowering young people, improving health and well-being, and inspiring action in and across the local community, the Y brings together people from different backgrounds, perspectives and generations, to ensure that all have access to the opportunities, relationships and resources necessary to learn, grow and thrive. The Y doesn't just strengthen bodies – it strengthens people, families and communities.

## NAT'L WEAR RED DAY

The teachers and staff at Franklin Elementary School in Rahway celebrated National Wear Red Day. They joined the nationwide movement and honored women by wearing red and donating money to this great cause to help save women's lives. Throughout the day, the staff visited Mrs. Barbara Maher, the school nurse to get their blood pressure checked. She also gave them a book of delicious, heart-healthy recipes. Teachers and staff donated a total of \$143 which was donated to the American Heart Association on behalf of the school.

## BOY SCOUT CHESS TOURNAMENT RETURNS AFTER TWO YEAR HIATUS

After a two year hiatus due to Covid-19 restrictions the Boy Scouts Annual Chess Tournament in Cranford was back in full swing held on March 26, 2022 at the Cranford Community Center. The event was hosted by the newly configured Pioneer District or the Boy Scouts of America and Sponsored by Renna Media. Tom Andrea, Advisor, Patriots Path Council Chess Club and District Chairman Steve Flood organized the event.

First place winner was Paul Mild of Bound Brook who finished with a perfect score of 4.0, winning all four of his games. Second and third place winners with a score of 3.5, were Paul Rinaldi and Sander Merrick, both from Florham Park.

Thirty contestants participated in the tournament that is organized by Joe Renna of Renna Media, and Tournament Director John Moldovan. This tournament also met the 6a requirement for earning a Chess merit badge.

The Patriot Path Council Chess Club is open to all scouts and potential scouts and is free to join. Currently the club is playing monthly, Saturday morning online chess tournaments, usually the fourth Saturday of the month. There is a signup form to join the club that can be found on their website at [247scouting.com](http://247scouting.com).

## SEA SCOUTS OPEN HOUSE – MAY 21

Sea Scouts from Ship 228 operate the 65' vessel Sea Dart II, one of the largest Sea Scout vessels on the east coast, along with a fleet of smaller vessels (including sailboats) from their base located in Linden, NJ. Sea Scouting (Part of the Venturing Program of the BSA – Boy Scouts of America) offers young adults the opportunity to travel and learn skills that could be useful in future careers.

Whether you're steering the vessel from the wheelhouse, learning engine room repair or visiting a new port on one of the many trips, there's something you'll enjoy in Sea Scouting. So, try something different, check us out, and prepare yourself to set sail for a real adventure.

Parents, give your son or daughter a valuable gift by encouraging them to join Sea Scouting today. The time you invest in him today will make a difference in the person he becomes tomorrow.

Sea Scouting is for boys and girls who are at least 14 years old (or 13 years of age and have completed eighth grade) and under 21 years of age. We have a Maritime Explorer Club for middle school aged youth as well. Potential adult volunteers are welcome too!

The crews of Patriots Path Sea Scouts will host their open house at the Carteret Marina, located in the Carteret Waterfront park, 200 Middlesex Avenue, Carteret, NJ, on Saturday, May 21, 2022 from 10 a.m. to 3 p.m. Sea Scout Ship's 228 and 243 normally operate out of their base at 4400 Tremley Point Road in Linden, NJ, which is currently undergoing a construction project. As a result, the town of Carteret has graciously offered the use of their municipal marina to host our open house this year.

The open house will include tours of the council's main vessels (the 65-foot Sea Dart II and Sea Horse), an introduction to the Sea Scout program, and fun activities that are bound to pique a young adult's interest in boating and scouting. There will be free hamburgers and hot-dogs for those who tour the vessels. No reservation required. Come down to visit and bring a friend or family member!

# CLANG, CLANG, CLANG WENT THE TROLLEY...ON THE STREETS OF RAHWAY

*Submitted by Al Shipley, City Historian and Rahway Library Research Consultant*

In the years between the horse and buggy era and before the automobile became king, the trolley served as a modern mode of transportation for the general public. Rahway entered the trolley age in the mid-1890s after which trolley cars would become a familiar sight rolling through the streets for the next 33 years.

On March 17, 1892, at a meeting of the Common Council, a franchise was granted to the Rahway Electric Street Railway Company to construct a street railroad in the city. The route would begin on St. Georges Avenue by Lambert's Hotel (Merchants and Drovers Tavern Museum), and follow Grand Avenue to Irving Street. The tracks then turned right onto Irving and went all the way to Milton Avenue where they turned left towards Main Street. They then turned right on Main, stayed to the right at the fork at the Second Presbyterian Church (Rahway Spanish SDA Church), went along New Brunswick Avenue and made a left onto East Hazelwood Avenue. The tracks continued on Hazelwood and stopped at the city line at Woodbridge Road.

News of a trolley line through Rahway was greeted with interest and excitement, but much work had to be done before the system was ready to begin transporting passengers. The work would take well over a year as roads had to be prepared, tracks laid, poles positioned and raised and wires strung. An electric power house and trolley repair barn had to be constructed. The first phase was digging trenches and laying rails. When the rails were in place, and prior to electrification, the route was actually used for several months with cars being drawn by horses.

The project, however, was moving too slowly for Mayor John Daly who was determined to

have an operating trolley road powered by electricity before his term was up. With his influence and encouragement, City Council granted a right of way to the Union and Middlesex Traction Line on December, 1894. The company agreed to have all work completed within three months with their cars running by the spring. Heavy fines would be issued if the job was not finished by May 29, 1895.

True to their word, inauguration day came on Wednesday, April 10 at 4 o'clock in the afternoon when car #4 pulled out of the Irving Street trolley barn for a trial run. Superintendent Jackson Jacques and Electrician John Patterson were aboard to assess the trip. Other than a minor hitch at the sharp turn from New Brunswick Avenue onto East Hazelwood everything went smoothly and within days the sound of trolley bells were ringing up and down Rahway streets. The new system was met with immediate success and by the end of the month, the line was connected to the Woodbridge line which went all the way to Boynton Beach, a popular bathing resort in Sewaren.

Trolley traffic increased over the next few years and other lines sought to connect with Rahway. In March 1899 City Council was approached by the Elizabeth and Westfield Street Railway Company with overtures to connect the Westfield line to Rahway. The line would follow from Central Avenue in Clark, come down Broadway and Westfield Avenue and connect at St. Georges. For Westfield residents it would open business opportunities in Rahway and also provide a direct line to Boynton Beach. A franchise was granted the next month. Several times over the next few years, the Council was approached by Elizabeth to connect lines by running along Elizabeth Avenue and through Linden. Rahway merchants feared the line would

hurt their businesses and were able to block the project each time it was introduced. There was also talk of a Rahway to Carteret line that never materialized.

The trolleys provided a relatively dependable and safe service, but were not without their problems. Accidents did occur with trolleys hitting autos, wagons, and people as vehicles and pedestrians carelessly crossed the tracks. On rare occasions, a trolley might collide with another when a conductor failed to turn off into a passing siding to allow the other to pass resulting in head-on collisions. Trolleys traveling too fast when approaching sharp turns were in danger of jumping the track. The sounds of the trolleys would spook some horses causing them to rear up and bolt wildly down the street causing all manner of excitement and damage. The most common injury, however, occurred when passengers attempted to get on or off the car while it was moving.

By the 1920s a competitor came on the scene that would eventually put the trolley companies out of business. In May, 1922, a bus line was established to run between Carteret and Rahway giving another option for public transportation and for the next few years, trolleys and buses would operate in the city. The death blow for the trolley, however, came in August, 1927, when the Public Service Railway Company, owners of the trolley system since 1914, bought the Rahway-Westfield bus line. In December of the same year, members of the City council voted to enter in a contract with Public Service to abandon the trolley system and regulate bus routes and schedules. The company agreed to have ten buses ready to run every half hour over practically the same route covered by the trolley.

Trolley cars made their final runs on Saturday, June 1, 1928. The trolley era in Rahway was over.

## RELIEF FROM CHRONIC KNEE PAIN

### FDA Approved Treatment to Avoid Surgery

### DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

### If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

### Consider This Alternative To Surgery

**Northeast Spine & Wellness Center** offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

### How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain. Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

### Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

### Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

**FRANKLIN SCHOOL UKRAINE SUPPLY DRIVE**

The Blue and Gold Club at Franklin Elementary School in Rahway recently collected various supplies to help and support the people of Ukraine. The items were dropped off in Cranford to support the initiative that 'Be the Change NJ', a community service group started. Since all the post offices and radio stations were

bombed in an effort to prevent supplies from getting to the Ukrainian people. The much-needed items will ship to a convent on the border of Poland, then they will work to get the supplies in the right hands in Ukraine. The drive was very successful and Franklin School would like to thank everyone for their support.

## LET US PRACTICE WITH YOU - ITO SERVES ADULTS WITH DISABILITIES

### *Inroads to Opportunities*

Practice Makes Possibilities is the motto of the vocational rehabilitation non-profit, Inroads to Opportunities (ITO). ITO serves adults with disabilities and the best way to assess how each individual can perform a job or task, is to try it out in a real business setting.

That is where ITO needs you—the local business owner. ITO asks employers to allow an individual with disabilities, along with an ITO staffer, to visit your business and try out a task. This helps the staff at ITO assess the individual's interests and aptitude as well as give the person

experience, however brief, in a work environment.

ITO assures employers that no significant time is taken from your employees or customers and, therefore, there won't be any disruption to your workflow. The ITO individual and staffer will be at your workplace for just a short period of time.

ITO is approved by the State of NJ Division of Vocational Rehabilitation Services, is fully insured, and all individuals and staffers are fully vaccinated.

Employers like TJ Max have found that

partnering with ITO is rewarding in and of itself. In addition to intangible rewards, ITO will recognize you and your business on its social media platforms, give you a \$100 gift card to Railside Café in Fanwood, present you with a certificate of appreciation to display in your workplace, and post signage naming you as a partner at all Inroads Events.

For more information, email [ocuc@inroadsto.com](mailto:ocuc@inroadsto.com), visit [inroadsto.org](http://inroadsto.org), or call 908-241-7200.

## THE ROSE TREE GIFT SHOP

Marge Gray, the newly elected President of the RWJUHBBH/Rahway Hospital Auxiliary has announced that The Rose Tree Gift Shop is now open after an 18 month shut down due to the Covid-19 Virus pandemic.

The Auxiliary's gift shop is a 501© (3) non-profit organization that supports charitable, scientific and educational projects of Rahway Hospital. All the proceeds from Rose Tree Shop sales are given to the hospital for its health related projects. In addition, the Auxiliary seeks donations for its high school Health Career Scholarship Program that is open to eligible graduating seniors.

The shop is open to hospital employees, guests and visitors to the hospital. Items for sale in the shop include branded clothing, snacks, greeting cards, jewelry and assorted household and personal products. Presently, the shop hours are Monday, Wednesday and Friday 10 a.m. to 4 p.m. Ms. Gray states that the Auxiliary is looking to recruit new members in order for the shop to be open five days per week. Per hospital guidelines, volunteers and employees wear face masks inside the hospital and everyone must be fully vaccinated. If interested, please call 732-499-6030 or visit the gift shop to receive an application, 865 Stone St. Rahway.

## PLANT VIRUSES

Although we didn't realize it at the time when COVID first appeared, many gardeners especially vegetable gardeners, already had a good deal of knowledge on coping with viruses. Planting immune varieties and crop rotations are just a few ways we kept plant viruses from spreading between plants.

Planting vegetables at enough distance to allow air flow is very similar to the six-foot distance rule used during the pandemic.

Viruses are intracellular (inside cells) pathogenic particles that infect other living organisms. Human diseases caused by viruses include chickenpox, influenza, rabies, small pox and COVID.

Although these are viruses most of us are familiar with, the first virus ever described in scientific terms was a plant virus. Discovered by Martinus W. Beijerinck, a Dutch microbiologist, in 1898. Gardeners and farmers know it as Tobacco mosaic virus or TMV and avoid planting related crops in their fields to prevent spread. The term virus was derived from the original description of the causal agent of TMV—"contagium vivum fluidum" or contagious living fluid.

Virus particles are extremely small and can be seen only with an electron microscope. Organisms that transmit pathogens are called vectors. Human and insect vector transmission are the two most important means by which plant viruses spread. The activity of humans in propagating plants by budding and grafting or by cuttings is one of the chief ways viral diseases spread.

Viruses are 'obligate parasites', meaning they require a living host (cell) in order to grow and

multiply. Interestingly, many kinds of plants are infected with viruses and show no symptoms. Such infections are referred to as being latent.

Viruses are difficult to classify and, for lack of anything better, they were given descriptive (and sometimes colorful) names based on the disease they cause for example, tobacco ring spot, potato leaf roll, tomato spotted wilt.

Once plants are infected, little can be done to free them from the virus.

Since different cultivars and species show different degrees of resistance to some viruses, resistant types should be planted whenever they are available. Recent advances in plant cell molecular biology and virology have led to the development of genetically modified plants with superior resistance to some viruses.

There are numerous cultural practices that can be used to reduce plant losses due to virus infection:

- Scouting and removal of infected plants.
- For cutting or propagating seedlings use cleaner or sanitized tools and equipment with alcohol or 10% bleach solution.
- Rotations to non-host crops.
- The isolation of newly received plants prior to their introduction into your garden.
- There are other precautions used by large scale industry.
- There are no chemical sprays or biological control approaches to eradicate viruses.
