LOCAL 4-H CLUB WINS NATIONAL HONOR

Sponsored by Green Brook DAR Chapter

A Somerset County 4-H club, sponsored by the Elizabeth Snyder-Continental Chapter of the Daughters of the American Revolution (DAR) in Green Brook, has won a national DAR competition. Just Kidding, a 4-H goat club, placed first in the nation for their community service project in the DAR's Junior American Citizens contest.

The members of Just Kidding collected books that were shipped via Operation Paperback to active service members and to veterans in need. A total of 192 books were collected by the club, including 82 children's books that were sent to Fort Wainright, Alaska, to help create a library for military families on the base. Other recipients included an Armed Forces base in Europe, the Coast Guard in San Diego and a therapy group for veterans in Los Angeles.

"We are very proud of Just Kidding," said Holly Jean Dunbar, New Jersey DAR/4-H liaison and a 4-H alumna. "These nine 4-H members were able to make a difference and brighten the day for many of our military and veterans, sending the message that others care. And, they were able to accomplish this during challenging times with the pandemic and COVID restrictions."

"It was amazing news to learn that the club had won," said Beth Kavanaugh, co-leader of the club with Nicole Perry. "It shows that 4-H provides members with the tools for success." The club was aided by Marion McGlynn, an Operation Paperback and 4-H volunteer.

The club's contest entry describing their project will be on display

during the DAR's annual meeting at Constitution Hall in Washington, D.C., June 29 to July 3. Members of Just Kidding will be presented with their awards at the Somerset County 4-H Fair in August.

The DAR is a nonprofit service organization open to women 18 and over who can trace their descent from a man or woman who aided the cause of American independence. For more than a century, the DAR has promoted historical preservation, education, and patriotic endeavor. Learn more at DAR.org.

The 4-H Youth Development Program uses a learn-by-doing approach to enable youth to develop the knowledge, attitudes and skills they need to become competent, caring and contributing citizens of the world. 4-H programs are open to young people in grades K-13 (one year out of high school). 2022 EGG HUNT

On Saturday, April 9th Arthur Lewis Park was full of treasures! Despite a slight rain delay, the egg hunt went off without a hitch. Thousands of eggs were "hidden" on the great lawn for kids

grades K-4. Along with the eggs, the bunny made an appearance and there were activities for kids like dying eggs and chalk for the basketball court.

LIONS CLUB EXPO 2022 – JUNE 15 - 18

We are excited to announce Lions EXPO 2022, to be held at the Warren Township municipal field (46 Mountain Boulevard), a classic carnival of family fun over four days, Wed., June 15 thru Sat. June 18 from 6-10 p.m. There will be amusement rides, games of chance, fireworks, food vendors and an exposition of local businesses. This will be the 54th Annual EXPO, the flagship event of the Warren Lions Club.

Our Event sponsor is NextHome Premier. The Corporate sponsors are Pfizer, Lawrence Law Firm and Lightbridge Academy. The Mitlo Family is sponsoring this year's Fireworks, which concludes the EXPO on Saturday, 10 p.m.

The Lions EXPO attracts approximately 10,000 people over the four days and has become the premier family fun event in Warren Township and the surrounding communities.

The EXPO will have a pay-one-price wristband every night this year. We will be holding a Giant 50/50 cash raffle with the

drawing on Saturday June 18th, resulting in a multi-thousand-dollar payout to a single winner. The winner need not be present. Tickets will be available for purchase throughout the Expo dates for \$5 each.

"Hosting the EXPO has been a tradition for us, it's our resolve to spread the smiles on people's faces, especially after the difficult couple of years we all have endured" said Mark Ramos, the 2022 EXPO chairperson of the Warren Township Lions Club.

The Lions Club, as well as the games, rides and food vendors at the EXPO are committed to observing the State-mandated COVID safety guidelines in force during the Expo dates. In addition to multiple washing stations adjacent to the restrooms, special hand sanitation stations will be available throughout the Expo. All patrons are kindly asked to cooperate with the State-mandated guidelines.

Local Business Exposition The EXPO is an excellent platform for local businesses to showcase their services and connect directly with customers through the purchase of a \$500

Exclusive Game sponsor sign or a \$150 non-exclusive ride sponsor sign displayed at the Expo for the 4-day duration.

We are still accepting a very limited number of applications for tent vendors to sell or promote their business to the thousands of people in attendance at the LIONS EXPO. For information on becoming a tent vendor at the 2022 Lions EXPO, please contact Anthony Franchini at 908-334- 9304.

All proceed from the Lions EXPO are donated back to community organizations and sight and hearing foundations throughout New Jersey.

ROBOWARRIORS RETURN HOME TRIUMPHANT

Submitted by Leanna Wellerding

Team 41-RoboWarriors, representing Watchung Hills Regional High School, arrived home on Sunday, April 24th, bringing home the title of FIRST Robotics World Championship Roebbling Division Semi-Finalists.

More than 3,300 teams from across the globe participated in the FIRST Robotics 2021-2022 season. High performers all season long, bringing home 2 silver medals and a cache of awards, the RoboWarriors joined with 453 other teams that earned their qualification to the FIRST Robotics World Championships, this year held in Houston, Texas.

Teams had just under 2 months to scratch build an industrial sized robot capable of playing in the season's themed game. "Under strict rules and limited time and resources, teams of high school students are challenged to build industrial-size robots to play a difficult field game in alliance with other teams, while also fundraising to meet their goals, designing a team "brand," and advancing respect and appreciation for STEM within the local community."

Participating teams tackled the hands-on tasks of designing, programming and building a robot, work to train their drive team to maneuver the field and to pick up and transport cargo across the field under enemy defensive plays, offload cargo by shooting into either of two cargo hubs, climb a series of 4 suspended bars at increasing heights and cooperate with their alliance partners to earn ranking points.

During the early season the team brought home 3 coveted awards: Excellence in Engineering, Innovation in Control, Industrial Design. Team families with the assistance of the WHEAT Foundation raced to organize transportation and accommodations for team members to attend the global event and the team's 54th official event since its inception in 1997. The WHEAT Foundation's GoFundMe, found on [gofundme.com: WHRHS Team 41 Robotics to World Championship!](https://gofundme.com/WHRHS-Team-41-Robotics-to-World-Championship) seeks to help offset the cost of team participants' families who paid those fees personally, as well as the cost of transporting the robot, pit equipment and tools safely to Houston and back.

WHRHS Team 41 descended on Houston, Texas, during the high-school's spring break, joining their competitors for 4 days of intense competition from Wednesday, April 20 through Saturday, April 23, 2022, at the George R. Brown Convention Center. Team battled it out in the

Roebbling Division. After collecting ranking points and racing up to 4th rank at one point, team bumped teams up and down the ranks during the 127 matches played. The battle ran fast and furious as bots traversed the field, firing at the target and performing lightning-fast offensive and defensive maneuvers.

With a season full of exhilarating wins and challenging losses, Team 41 drove their bot all the way into the semis, among a mere 96 teams

still in contention from the original 3,325 teams who participated in the season.

Team sponsors include: Picatinny Arsenal/The Knotts Company/Nokia Bell Labs/Picut Manufacturing/Warren Lions Club/Intuitive Surgical/Thor Labs/P&R Fasteners Inc./Advent Industrial/Offaly Associates LLC/Advanced Circuits/Watchung Hills Education and Technology Foundation & Watchung Hills Regional High School.

THE SPOTTED LANTERNFLY IS HATCHING

Invasive Insect Is a Danger to Trees, Decorative Plantings, and Agriculture

The Somerset County Department of Health is reminding residents to keep an eye out for the invasive spotted lanternfly that has caused damage to residential and agricultural plants and trees throughout the area. Residents are asked to check trees, fences, and other flat surfaces around their homes and neighborhoods for egg masses, as well as grown lanternflies and Stomp Them Out!

The spotted lanternfly is native to China, India, and Vietnam. It was first sighted in the United States in Pennsylvania, and has since spread to surrounding states, including New Jersey. The spotted lanternfly was first discovered in Somerset County in 2019. While not harmful to humans or animals, this invasive insect feeds on the sap of many different hardwood trees, scrubs, ornamental plants, and has the potential to impact agricultural crops of economic importance such as grape vines, hops, and apple orchards. Feeding damage caused by the spotted lanternfly significantly stresses the affected plants which can lead to decreased health and potential crop loss.

Residents and visitors are advised to keep an eye out for spotted lanternflies and their egg masses and kill them on sight. Destroying spotted lanternfly egg masses before they hatch is the best way to limit their spread. Eggs can be laid on any flat hard surface including metal, wood, and plastic. Egg masses are commonly found on fence posts, telephone poles, lawn furniture, and the underside of tree branches. Egg laying begins

in September and continues through November or until the first freeze.

While adult spotted lanternflies do not survive the cold winters, their egg masses do. Beginning in May through June, the eggs will start to hatch and mature through their life stages into adulthood. Join the battle to beat the bug and help us Stomp Them Out!

IF YOU FIND SPOTTED LANTERNFLY EGG MASSES:

Scrape egg masses using scraper cards, or anything else that is hard, tapered and/or flat

Kill eggs by putting them into doubled bags, using alcohol/hand sanitizer, or by smashing

GATES AVENUE KNITTERS MAKING FRIENDSHIPS AND MORE

On Monday April 25, 2022, the Gates Avenue Knitters celebrated their 22-year anniversary. The group has been meeting at the Long Hill Township Library, located at 917 Valley Road, Gillette, every Monday from 1 p.m. to 3 p.m. Everyone is welcome from beginners to experts. There-abouts in the month of April in the year 2000, Gates Avenue, Gillette resident Arlene Kaplan, started a knitting group along with 4 friends. Twenty-two years later the group, now called the Gates Avenue Knitters, are still knitting after all these years. Including 4 of the 5 original knitters who still live in town. One moved to Pennsylvania. The group has met steadily over the years. During Covid, in the warm months they met outside in Cantor Park. When it got chilly, they moved inside to the Long Hill Township Library. The group is looking forward to spring and spending some warm days knitting outside again. There are about 40 knitters on the club's roster. Eighteen to twenty show up on any given club meeting day. Their skills range from beginner to master knitters. They help each other get past stitchy problems with patterns, and they are

excited and willing to help beginners learn to knit. They come from Long Hill Township and surrounding towns, including, but not limited to, Warren, Watchung, Bridgewater, Springfield, Chatham, Madison, Summit, and Westfield. Many were introduced to the club thru friends. Along with their own projects, the group knits for causes. They knit approximately 500 hats per year and distribute them to soup kitchens. Beginning in November they have a display at the library and the hats are sold as a fundraiser thru March. The group recently presented the library with \$1,300 from the proceeds of the last hat sale, which is the most ever. The group welcomes donations of yarn and knitting and crocheting supplies. Donations can be dropped off at the Long Hill Township Library any day during business hours. On Saturday, June 11th, from 10 a.m. to 2 p.m. the Gates Avenue Knitters will be outside the Long Hill Township Library (weather permitting, inside if it rains), celebrating the annual Worldwide Knit in Public Day. They hope to see you there!

(above, l-r) Penny, a 9-year-old blind Eastern Screech Owl and Zizi, a female American Kestrel.

In our 39+ years, TRT has admitted over 130,000 birds for care. Spring and summer are our busiest time of year, and we're preparing for the adorable invasion of tiny Robins, Great Horned Owl fluffballs, and baby Blue Jays with an attitude, among hundreds of other youngsters.

The average cost of one bird's total rehabilitation is currently \$237, and, because we admit an average of 5,000-6,000 birds per year, those costs quickly add up. All proceeds from the event provide resources for these busy months— from purchasing food and medicine for injured birds of all ages and species, to maintaining the caging and grounds that visitors can now enjoy.

TRT is committed making a long-term impact. With your help, we will continue to play a major role in conserving local wild bird populations and reducing the suffering of wildlife in the tri-state area.

The Raptor Trust is located at 1390 White Bridge Road, Millington, NJ. Approximately 50 resident birds are on exhibit in large outdoor aviaries viewed by walking along the trails.

Living on the campus of the Trust throughout the year is variety of raptors and birds of prey. Currently, the Trust is home to two Bald Eagles, Turkey Vultures, Barred Owls, Great Horned Owls, Ravens, Screech Owls, Red-Tailed Hawks, a Snowy Owl and many more!

The aviaries are open to the public seven days of week. Our visiting hours during the fall, winter and spring are 9 a.m. to 4 p.m. During the summer we are open to visitors from 9 a.m. to 7 p.m. There is no cost to come by for a self-guided tour, however, we ask you to consider a small donation of \$2 per person.

The Raptor Trust is a 501(c)(3) not for profit organization which provides free medical care to thousands of orphaned or injured birds each year. Our infirmary staff is available seven days a week during daylight hours to admit injured birds, but we must rely on the people who find them to bring them to us for care. If you find a bird that needs help, please visit our website theraptortrust.org for instructions. We cannot do what we do without the kindness of many – including our visitors!

ONLINE PREVENTION EDUCATION PORTAL LAUNCHED

Nonprofit organization EmPoWER Somerset in partnership with Safe Communities Coalition of Somerset / Hunterdon Counties, are proud to announce the launch of SoberTruth4Youth.org.

This online prevention education portal addresses topics including preventing underage drinking, drug use, and teen dating violence through eight short, engaging videos developed by the Safe Communities Coalition and other community partners such as Safe+Sound Somerset and Community in Crisis. The videos feature professional and personal testimonials, facts and dramatizations to increase knowledge and enhance skills for staying safe and making good choices. Viewers can test their knowledge by taking a short quiz associated with each video and can then download or print a certificate of completion once all of the quiz questions are answered correctly. The online prevention education portal was developed with funding from the New Jersey Department of Health and the federal Substance Abuse and Mental Health Services Administration (SAMHSA).

SoberTruth4Youth.com videos include Fentanyl Factor, His, Hers, the Truth: Marijuana's Overlooked Consequences, Pills 2 Heroin, In a Split Second and the follow up Rebirth all developed by the Safe Communities Coalition. Real life interviews explore the progression of prescription drug abuse to heroin, the devastating effects of using drugs and alcohol, and what can be done to help prevent future tragedies.

Other featured videos developed by partner organizations include Why Many Teens are Ditching their Vapes from Community in Crisis; Everything You Wanted To Know About Teen

Dating Violence and Healthy Relationships from Safe + Sound Somerset; and Don't Be a Friend, Be a Parent, a dramatization exploring what can go wrong when parents host underage drinking parties, originally developed by a prevention coalition in Maryland and adapted for New Jersey. Spanish versions of two of the videos, In a Split Second and Fentanyl Factor are also included, with voiceover dubbing and translated text and quiz questions.

"The power of this website, SoberTruth4Youth.org is that it delivers education on a variety of prevention topics in one convenient location," said Schiro. "The content will continue to grow as more of the videos are translated into Spanish, and as additional videos are added on topics such as preventing teen pregnancy and sexually transmitted infections."

"Safe+Sound Somerset is proud to partner with Empower Somerset by sharing our Teen Dating Violence video and quiz," said Jessica Skultety, Safe+Sound Somerset Outreach and Prevention Manager. "When one in three teens experience dating violence before high school graduation, we need to talk about it. Teen dating violence is caused by one teen purposefully gaining and keeping power and control over another teen. Using substances can make violence worse."
