CREATIVITY SHINES AT MT. HOREB SCHOOL

Warren Township Schools

The hallways and classrooms are bustling with energy and activity on any given day at Mt. Horeb School. Visitors might hear the sweet sounds of cellos and violins from the music room, witness a Kindergarten teacher demonstrating letter formation, or even catch the pure joy of preschool playtime.

Elementary Art Teacher, Mrs. Susan Sage, has designed her room to prioritize focus and relaxation during her class.

"My biggest goal this year is to create an environment of tranquility so that when children enter my room, it's a space to learn in which they are in a peaceful state of mind. I play meditation music in my classroom all day to create a calm and relaxed atmosphere. I incorporate flowers, pumpkins, and things from nature to draw and paint to enhance the feeling of calm."

During the week of September 19, Sage's students embarked on a still-life project of a sunflower bouquet - sunflowers that Sage planted last spring in the courtyard at Mt. Horeb School.

Sage requested that the children show her their best 'Mona Lisa' to gain their attention at the start of the period. Reacting to her request, the students calmly took their seats, folded their

hands in front of themselves, quieted their voices, and centered their attention on Sage.

Following a group demonstration, the students were free to begin their projects. Sage circled the room to provide support to each child. Sage expressed her appreciation for each child's project by indicating what she liked or complimenting their technique.

As the students complete their projects, Sage will hang each masterpiece for all to enjoy and to add to the creative aesthetic that makes up Mt. Horeb School.

(above) Both Marco Gramaglia and Harry Franco pay close attention to Mrs. Susan Sage as she demonstrates a new technique.

BOY SCOUTS HOST CAMPOUT WITH CUB SCOUTS

Submitted by Andrew Connolly, First Class Scout, Warren Troop 228

Every year, Troop 228 Boy Scouts host a joint campout with Cub Scouts from our Pack 182, to help the Cub Scouts meet their rank advancement requirements. This year the weekend of learning, fun, and food started Friday night, September 30th and ran through Sunday morning.

On Friday night, the Boy Scouts set up camp at Morecraft Farms right here in Warren. We spent Saturday morning cooking and eating breakfast under the Elks Pavilion, where we had to relocate temporarily due to the weather. When the AOLS and Webelos arrived, the Boy Scouts formed stations that the Cub Scouts could rotate through and learn different skills. Some stations included First Aid, Knot Tying, and learning how to properly use an axe.

Saturday afternoon was spent eating lunch in the rain at Morecraft Farm. Scouts were able to relax in their tents, hang by the campfire, or explore the property around the campsite. A highlight of the day was when adult leaders Matthew Hammond, Adam Gioia, and Loren Bush kindly set up a station where all scouts were able to brand their initials and troop number into a fallen tree limb. At night, several rounds of Manhunt were played. All the kids had a great time and left with a smile on their faces Sunday morning.

Warren Troop 228 is sponsored by the Elks, and welcomes youth year-round - learn more about us on the web at troop228warren.org or find us on Facebook at [bsatrop228warrennj](https://www.facebook.com/bsatrop228warrennj).

CENTRAL SCHOOL DONATES COSTUMES

Warren Township Schools

Just in time for Halloween, the Central School community held a costume drive in coordination with Jersey Cares and received 194 donated costumes to benefit children of New Jersey who might not otherwise have had the opportunity to get dressed up.

Jersey Cares is an organization leading the way in creating meaningful volunteer engagements for NJ residents. They strategically identify initiatives that use community engagement and volunteer services.

Like all schools in Warren Township, the Central School community has engaged in numerous outreach activities.

(right) Central School first graders Quinn McCarey and Beckett Byrne, along with Central alumni Bailey McCarey and Caitlyn Byrne, organized and packaged all of the costumes to be dropped off at Jersey Cares.

Based on works by Dr. Seuss with music by Stephen Flaherty, lyrics by Lynn Ahrens, and a book by Lynn Ahrens and Stephen Flaherty. The show was Co-Created by Stephen Flaherty, Lynn Ahrens and Eric Idle. Many of Dr. Seuss's most beloved characters are brought to life by some of New Jersey's most talented artists.

The Cat in the Hat tells the story of Horton, an elephant who discovers a speck of dust that contains the Whos, including Jojo, a Who child sent off to military school for thinking too many

"thinks." Horton faces a double challenge: not only must he protect the Whos from a world of naysayers and dangers, but he must guard an abandoned egg, left in his care by the irresponsible Mayzie La Bird. Although Horton faces ridicule, danger, kidnapping, and a trial, the intrepid Gertrude McFuzz never loses faith in him. Ultimately, the powers of friendship, loyalty, family, and community are challenged and emerge triumphant.

RELIEF FROM CHRONIC KNEE PAIN

FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcome complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Additions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

"Over 85% relief for the first time in 15 years, suffering with knee pain. My life is getting back to normal." - Perry O.

"After only four visits, I have absolutely no pain! The staff is "top-notch." - Quenton L.

LOCAL FIBER ARTIST EXHIBITS WEARABLE ART

Throughout November 2022, the Art Space at Somerset County Library System of New Jersey's (SCLSNJ) Warren branch will be exhibiting the work of Warren Township fiber artist, Carolyn Hanson.

Hanson designs and creates one-of-a-kind wearable art accessories including scarves, shawls, wraps, and handbags.

"Creativity has been an integral part of my life," said Hanson. "I was a nail biter, so my mom may have taught me to knit to keep my hands

busy. She has given me quite a gift."

Her knitted and/or crocheted pieces are expressions of subtle simplicity, color, and texture that often incorporate multiple fibers and techniques to form unique statements.

The art display will be available to view during regular hours of operation. The Warren branch is located at 42 Mountain Boulevard in Warren.

For more information, email Kathy DeCristofaro at kdecristofaro@sclibnj.org.

LIBRARY STAFF DONATE OVER 400 POUNDS OF NON-PERISHABLE ITEMS TO THOSE IN NEED

For the twelfth consecutive year, the Somerset County Library System of New Jersey (SCLSNJ) has collected and donated school supplies and non-perishable items for Somerset County community members in need.

The 11-branch system – through a program organized by Charlene Perkins and Jennifer McClear, co-chairs of SCLSNJ's feeding minds and bodies donation drive committee – collected over 434 pounds of donation items for The Food Bank Network of Somerset County, located on Easy Street.

"Food bank volunteers were thrilled when the SCLSNJ van pulled into the Food Bank garage to unload the 26 boxes of collected school supplies and non-perishable food," said Perkins. "It's a wonderful feeling to know that SCLSNJ employees are so generous in donating to this annual drive."

The mission of The Food Bank Network of Somerset County is "to distribute food and to provide other basic human needs to those less fortunate in our community in a manner which recognizes and advances self worth and human dignity." STATE POLICE HELICOPTER LANDS AT MT. HOREB

Warren Township Schools

Mt Horeb elementary school students and staff lined the blacktop on Friday, October 7, anticipating a scheduled NJ State Police Helicopter visit. The students were jumping and beaming with excitement as the chopper came into view.

The helicopter circled the landing zone several times before it began its descent. The pilots later explained that determining a safe landing location takes time and great attention to detail.

Thanks go to the efforts of Detective Sergeant Shawn Bracht, NJ State Police, for coordinating the event. This experience will leave a lasting impression on the Mt. Horeb School students.

Scott Cook, the proud principal of Mt. Horeb School, expressed his gratitude for the aviation assembly.

"With tremendous thanks to Det. Sgt. Bracht, the NJ State Police Aviation Unit, our local Fire and Police departments, and our Security Compliance Manager Daniel Lorimor, our students were able to experience a very exciting and informative assembly. While the highlight was the landing and take off of the helicopter, the pilots shared much detail about their jobs, and the students had many questions. It was a great event for all!"

The NJ State Police Aviation Bureau serves as Law Enforcement, Homeland Security, Search and Rescue, and MedEvac response providers. Warren Township Schools would like to thank the Aviation Bureau for sharing this experience with the district and for all they do to keep the residents of NJ safe.
