CUB SCOUT PACK 182 GOES WINTER CAMPING

Every year Cub Scout Pack 182 goes winter camping at Camp Winnebago in Rockaway, NJ. This is a historic campsite for all of scouting. This was a great starter event for our newer scouts and we stayed in a heated cabin with running water! Over the weekend the scouts experienced so many exciting events from a hike, archery activity, scavenger hunt, campfire, songs and skits, and Dutch oven pie cooking! This was a favorite for both adults and scouts. With several opportunities to learn team building and nature!

For any interested boys in Kindergarten through 4th grade please message Ryan Valentino rvalentino@hotmail.com or contact him at +1 (732) 983-1035.
As always like us on Facebook at Cub Scout Pack 182 Warren, NJ.

Warren Public Schools

Central School in Warren Township recently hosted ninety Central and Woodland School families for an indoor mini-golf event. Over three hundred and thirty people were in attendance.

Central School Principal Alison Tugya empowered her staff to create a family-friendly event to welcome the Woodland students and their families that will be rezoned to Central School in the fall.

Physical Education (PE) teacher Laura Lamson jumped at the opportunity to help and offered to organize a night of mini-golf. Lamson assembled a group of staff, including Aubrey Pellerin and John Tshilas (Warren PE teachers), students, parent volunteers, and representatives from the US Golf Foundation, to help with her vision.

For four weeks, Lamson worked with Art Teacher Susan Sage and other teachers, paraprofessionals, and students to handmade all the stations and decorations. The course was divided into two themes, 'In the Jungle' and 'Under the Sea.' The hallways and gymnasium were filled with accents such as jiggly jellyfish, lobster pots and cages, a shipwreck, sea turtles, a whale of a time hole, a volcanic eruption, vine time, slithering snakes & leaping lilies.

Under the supervision of Alyssa Pech, School Counselor, the Central School Student Leaders managed check-in, caddying responsibilities, and food and beverage sales.

The evening was filled with fun and laughter

shared between friends and families. Tugya praised Lamson, Pellerin, and Tshilas for the planning, preparation, and creativity of the event that brought together Central students and the current Woodland students that Central will welcome in September.

Feeling
less sharp?
**Your brain
may need
more sound**

Good hearing helps your brain stay sharp

Along with your ears, your brain plays an important role in hearing. Your brain gets the rich input it needs to make sense of the many sounds around you, so you can focus on what's important. But when your brain lacks access to some sounds due to a hearing problem, it has to work harder to fill in gaps, which can be tiring. It also means you could be missing out or feeling that you are not at your best.

That's why we're excited to offer **Oticon Real™**, a hearing aid that supports how your brain naturally processes sounds—so you can stay sharp in every moment.

FIRST LADY FEATURED AT DAR CHAPTER CELEBRATION

Dolley Madison took center stage at a recent gathering of the Elizabeth Snyder-Continental Chapter of the Daughters of the American Revolution (DAR). The occasion was a celebration of the chapter's 127th anniversary. Jean Stumberger of Bedminster presented a program on Dolley that was enjoyed by members and their guests at Prezzo's restaurant in Warren.

The event included a brief business meeting with a review of 2022 service projects. Several members were recognized for DAR milestone membership anniversaries, including Holly Dunbar of North Plainfield for 40 years, Leslie Strohmeyer of Bedminster with 25 years, and Barbara Diem of Watchung for 10 years. Following the luncheon, the program focused on the life and times of Dolley Madison, wife of our nation's fourth president, James Madison, and

our First Lady during the War of 1812.

The next chapter meeting will be held on Tuesday, March 14, at Green Brook Town Hall. On the agenda are preparations for the upcoming DAR State Conference at Forsgate Country Club, and State Chairman Susan Luczu will speak on DAR insignia. Prospective members are welcome to attend and should contact the chapter at ESCchapterDAR@gmail.com.

DAR is a nonprofit service organization open to women 18 and older who can prove lineal descent from a patriot of the American Revolution. Based in Green Brook, Elizabeth Snyder-Continental Chapter serves areas in Somerset, Middlesex and Union counties. Joining DAR is a great way to preserve your family's history for future generations. Celebrating Our 38th Year!

VANDALS CAUGHT IN THE ACT.

Submitted by Dr. D. Michael Hart

The "Pool House Gang" were caught red handed vandalizing a building at Boy Scout Camp Wheeler, in Byram Township, NJ. They are seen here in a "line up" against the wall.

They claim that they were doing repairs and renovations to an old decrepit building at the Boy Scout Camp. But they were seen removing valuable lumber, sinks, toilets, shower heads, and construction materials from the building.

Just kidding. This is a group of dedicated volunteers, including many retired professionals, who volunteer every week all year round at the Boy Scout camps for Patriot's Path Council in northern New Jersey. These guys pictured have come up every Wednesday and Thursday for several months to renovate the Pool House and other buildings. This group includes retired engineers, an electrician, computer experts, small business owners, and corporate executives.

The Pool House building was built in 1971. The roof was still good, but the wooden walls were completely rotted, and the roof was sagging perilously. They needed to prop up the roof and replace the boards one by one. Eventually the building will have two

bathrooms, two common showers and 8 individual changing rooms on each of two sides. There is a full sized swimming pool behind the building, so all of the chlorination, pumping mechanisms and electrical service are also located inside the building.

The "Flintlocks BSA, Inc." a 501c3 corporation, is a group of retired scouters who volunteer at the camps every week, all year round, to help the council. They do most of the repairs and maintenance for the three Council camps, but also build new structures, such as cabins, waterfront structures, picnic tables and tent platforms. In 2018 they secured funding and built the STEM Lab at Allamuchy. Second, they make the craft kits for birdhouses, bird feeders, stools, handy boxes, racing sailboats, etc., which are sold through the Scout Shops. Third, Flintlocks volunteer to help run the many Council programs. Three quarters of the Flintlocks have received the Silver Beaver Award, the highest National award a volunteer may receive. The Facebook Page is "Flintlocks"

RELIEF FROM CHRONIC KNEE PAIN

FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

“EAGLE’S NEST” PRESERVED IN THE WATCHUNG HILLS

Somerset County in February completed the open space purchase of the “Eagle’s Nest,” one of several major lookouts in the Watchung Hills used by General George Washington during the American Revolution. Consisting of 1.43 acres, the property holds outsized historic importance, and fills in a missing piece in the Somerset County Park Commission’s Washington Valley Park.

Also known as Wayne’s Brigade Encampment, the “Eagle’s Nest” site in Bridgewater Township was owned for several decades by local restaurateur and Navy veteran Herbert Patullo, who showcased it, off-and-on, as a private Revolutionary War museum. The property was accessible via a right-of-way through Washington Valley Park. A lifelong resident of Bound Brook, Mr. Patullo wanted the property to be preserved. Acquiring the land has been a high priority of Somerset County and the purchase was handled through his Estate, following Mr. Patullo’s death in 2020.

“On behalf of the Estate of Herbert (“Herb”) Patullo, we are very pleased that Herb’s wishes and legacy are fulfilled with the transition of this property to the County of Somerset,” said John Bruder, co-executor of the estate. “Herb expressly desired that the property be conveyed to the County so that the property would be maintained as an historic site and not developed. With this transaction, we have now ensured that Herb’s wishes for the preservation of this historic piece of property are honored. Herb was himself a treasured piece of Somerset County history, having accomplished many things in his life including leaving Bound Brook High School as a 16-year-

old to serve his country, at the US Army Supply Depot during WWII, and later in the US Navy. Herb was a local historian and Revolutionary War history buff. He would be very happy to know that Somerset County shall preserve this property for the benefit of all its residents and use it as a centerpiece for its celebration of the 250th anniversary of this nation’s founding.”

Local historian Robert A. Mayers, of Watchung Borough, wrote about the Eagle’s Nest site in his book *Middlebrook: The Revolutionary War Encampment that Saved America* (American History Press, 2021). In the book, he describes seven lookout rocks through the Watchung Mountains, including the most famous, Washington Rock in Green Brook. Mayers has dubbed the newly acquired property as “Middlebrook Washington Rock” and believes it was used by Washington more often than any other.

“The Revolutionary War was here. Washington stayed seven months right here,” said Mr. Mayers in a video released by Somerset County. “This is a fantastic place, and for 250 years it was forgotten!”

The Eagle’s Nest was acquired in February by Somerset County with dedicated Open Space funds for \$680,000 and will be incorporated into the surrounding Washington Valley Park. The County is considering options for possible future uses of the small residential building, barn, and pavilion that remain on the property. Until a plan is developed for the property, the buildings and adjacent fenced area will not be accessible to the public.

ABOUT THE CHINESE NEW YEAR

The Chinese New Year is a 15-day festival that Chinese communities celebrate globally. The holiday is often called the Lunar New Year because it follows the phases of the moon. This year it begins on Jan. 21 and ends on Feb. 20, or until the next full moon.

This year is called “Year of the Rabbit because the Chinese New Year coincides with the Chinese

Zodiac sign the rabbit. There is a repeating zodiac cycle lasting 12 years, with each year representing a zodiac animal that has special attributes. In the Chinese culture, the Rabbit is a symbol of longevity, peace, and prosperity. People born in the year of the Rabbit are called “Rabbits” and are believed to be vigilant, witty, quick-minded, and ingenious.
