COMMUNITY SURVEY ON LIBRARY SERVICES

Long Hill Township Library The Long Hill Township Library Board of Trustees is excited to announce the launch of a community-wide survey aimed at gathering valuable feedback on library services. The survey is a key part of the Library's Strategic Planning process, which began earlier this year, as it seeks to shape the future of library offerings in alignment with community needs and aspirations.

The insights and opinions gathered from the survey will play a vital role in the development of a robust 3-year strategic plan, slated for publication in late 2023. The Strategic Plan will serve as a roadmap guiding the Long Hill Township Library's operations and initiatives through the end of 2026, ensuring that it continues to meet the evolving needs of the community.

Albie Ashbrook, the Assistant Library Director, emphasized the importance of strategic planning in fostering consistent growth and adaptability within the organization. "We value the input of our residents and stakeholders in shaping the future of the Long Hill Township Library," said Ashbrook. "By asking their opinions, we can make informed decisions, set strategic goals, and design a plan that reflects the aspirations of our entire community."

The survey is available online at surveymonkey.com/r/longhill. In addition, print copies of the survey are available at the Long Hill Township Library, located at 917 Valley Rd, Gillette, NJ 07933.

To encourage participation, residents who provide their contact information while responding to the survey will be entered into a drawing for a \$100 ShopRite gift card.

The President of the Library Board of Trustees, Suzanne Kosempel, expressed optimism for the outcomes of the strategic planning process, stating, "It is my hope that the strategic plan will help us to better define our Library's mission, and align our goals even more closely with the challenges, needs, and passions of the entire Long Hill community."

Residents are encouraged to make their voices heard by responding to the Library's survey by Monday, July 10. Help shape of the future of the Long Hill Township Library.

IS IT REALLY POSSIBLE FOR A KID **TO LEARN HOW TO RUN FASTER?**

Retired San Francisco 49ers QB Joe Montana, is arguably one of the greatest over 20 years experience with training NFL players that has ever played football...when his son started playing football it would have made sense for him to help his son learn how to play Ouarterback.

But that's not how it went. Joe Montana had to hire a quarterback coach to help his son be a better football player. Here's possibly the greatest NFL QB of all time, needing to hire someone else to help his son. It was not that Joe Montana was not equipped for the job...it was that his son needed a second voice to help him get to the next level.

Many parents who have much less knowledge, experience, and skills than Joe Montana are in the same boat in regards to helping their kids get stronger, faster, and more confident.

Most parents we've come across want their kids to eat healthier, be more active, and have a stronger mindset. But many have told us they need help.

Even with the constant reminders of telling their kids to eat more vegetables, get outside instead of watching TV, practice their sport more, get to bed earlier...they find that sometimes the message falls on deaf ears...and some backup would be helpful toward their vision of helping their kid be the best they can be.

Parents have told us that having us(the Grit Athlete Performance Coaches) as a second voice to help reinforce the habits game.

athletes himself...and certainly knows a LOT more about getting stronger and faster than the average parent...But has all 3 of his children(9,8 and 6) enrolled in Grit year round....because he knows the power of that second voice.

program, parents tell how it's turbocharging their parenting. Here are some real-life examples that have been reported...

Before, parents struggled with getting kids to eat vegetables...now their kids are asking for more.

Before, parents struggled with getting their kids to get enough sleep....now their kids are getting to bed earlier on their own.

Before, parents struggled with getting their kids to watch less TV or play video games...now they are limiting these activities because they've learned they don't really help them become better athletes.

Before, parents struggled with helping their kids have more confidence...now their kids are doing things out of their comfort zone more often which is helping them believe in themselves which further *Performance Training Company located* improves self-esteem.

Before, parents had no clue how to help their kid get faster...now they are faster because they've learned that speed is a skill, and a few simple tweaks can make a kid faster immediately.

Before, parents could not get their kids they want for their kids...is changing the to make their beds...now their kid makes for their summer session...or see below their bed each morning on their own for more details...

Further...Our Grit Athlete Founder has because they learned that making their bed in the morning helps them have a better day.

> Before, parents struggled with getting their kids to do even one good pushup...now they catch them in their room practicing on their own.

Before, parents wanted their kids to And after they come through our have more determination and grit when training new things...now they are staying calm under pressure and seeking out challenges instead of avoiding them.

> Many times it's not about telling your kid to eat more vegetables or stop watching TV...but rather finding the right environment for them to be more successful.

> Right in your backyard, there's a team of great coaches waiting to be second voices for your kids...so that all the things you're teaching as parents will be reinforced. But most importantly, the results you're after for your kids will actually become a reality. Attention Parents of Kids Ages 6-18 UPDATE: THE GRIT ATHLETE PERFORMANCE SUMMER PROGRAM HAS STARTED!

Scan Below to see if there are any spots left.

We'll have your kid stronger, faster, and more confident...guaranteed.

Here's what parents can expect to happen:

- They will get stronger which means when they show up to their sport they'll be able to perform better than ever.
- They will run faster and jump higher so they can show up to their next season and people will start asking
- what the heck have they been doing.
- They'll become **more coordinated and improve agility** which means they'll pick up new skills their coaches teach them faster.
- Your children will start to eat better because we'll be educating them daily on what's good and what they should avoid ...don't be surprised if they start asking you to buy more vegetables.
- **Confidence will skyrocket.** When kids get stronger, faster and more fit...their confidence will rise...so will their self-esteem which means their performance in every aspect of life will get better.
- **Their mindset will improve.** We're going equip your child with very specific mindset skills that'll help them learn how to transform how they think about mistakes and failures.

HAPPY PARENTS TALKING ABOUT THE PHYSICAL AND MENTAL TRANSFORMATION OF THEIR KIDS...

• "When my son started Grit he was quiet, shy, and had some difficulty with movements...Now he is confident in himself, has become more vocal, and is mastering the exercise he struggled with in the past."

- Jen O'Brien, Grit Athlete Parent

• "My son is more disciplined and confident in himself"

- Steve Hughes, Grit Athlete Parent

• "I have watched my children become more confident and vocal."

- Christine Stramandinoli, Grit Athlete Parent

• "His confidence has shot up in the last few months...and has carried forward to the way he approaches other activities like sports and schoolwork. My son is now making his bed daily and exercising every day."

- Catherine Solfaro, Grit Athlete Parent

CHALLENGE GRANT, SEEDLING GIVEAWAY, CELEBRATES ARBOR DAY

Long Hill Township Shade Tree Commission Arbor Day was celebrated with various activities on Friday, April 28th. This year marked the 151st anniversary of the tree planter's holiday. Mayor Scott Lavender issued a proclamation and a Hawthorn tree was planted on Carlton Road in Millington to honor the holiday.

Trees play a critical role in creating healthier and safer communities. They clean the air, filter the water, and slow storm surge and flooding in cities. Trees are a proven, affordable, natural way to fight climate change by pulling carbon dioxide out of the atmosphere today.

The Shade Tree Commission's Challenge Grant program gave property owners the

(above) White Dogwood tree planted as part of the Challenge Grant.

opportunity to purchase trees for about half the retail value, with the Township paying the balance with grant funds. Twenty trees were planted.

Installation was free and arranged by the Township, resulting in a substantial savings for property owners. Department of Public Works director, Al Gallo and his workers planted the trees. The installed trees included Swamp White Oak, Eastern Redbud and the White Dogwood.

On Saturday, April 29th, the Shade Tree

Commission with the help of the Long Hill Girl Scout Troop 6291, distributed 170 tree saplings free of charge to Township residents. The saplings included Bur Oak, White Dogwood, and Chestnut Oak. Pictures of each species and pamphlets on how to plant trees were provided with the saplings.

The distribution of saplings was part of the Tree Recovery Campaign. The Campaign's goal was to distribute saplings to New Jersey residents to replace trees lost to natural disasters like Hurricane Sandy, and trees damaged by several new invasive insects to New Jersey.

The program is a joint effort between Long Hill Township, New Jersey Forest Service, Urban and Community Forestry Program State Forest Service Nursery, New Jersey Soil Conservation Districts, and the Arbor Day Foundation.

When properly planted and maintained, trees are community assets. They improve a neighborhood or business district visual appeal, increase property values, reduce home cooling costs, mitigate water run-off, remove air pollutants, and provide wildlife habitat, among many other benefits.

THOUSANDS UNITE IN SUPPORT OF ORGAN AND TISSUE DONATIONS

NJ Sharing Network

On Sunday, June 11, thousands of people came out in support of organ and tissue donation during NJ Sharing Network's 5K Celebration of Life. The event, presented by RWJBarnabas Health, brought together transplant recipients, donor families, living donors, hospital partners, and dedicated volunteers to help raise awareness about the power of organ and tissue donation and transplantation.

Funds raised by 5K Celebration of Life participants, teams, sponsors, and contributors support the Sharing Network Foundation. Thus far, \$1.5 million has been raised for this year's campaign. Campaign contributions can be made until the end of August by visiting SharingNetworkFoundation.org/5K.

"Our 5K Celebration of Life has grown to become one of the Garden State's largest and most-recognized charitable 5K events," said Amanda Tibok, Executive Director of the Sharing Network Foundation. "Every dollar raised plays a vital role in powering what we do - whether it is increasing resources focused on clinical advancements, expanding programs to provide the care and support for donor families and transplant recipients, or boosting our awardwinning community education and awareness activities."

Victor DiSanto, Chair of the New Providence 5K Celebration of Life, has a powerful connection to NJ Sharing Network's life-saving mission. His words spoken from the main stage helped energize the crowd at the event.

"We come together because all of us have been touched by donation and transplantation in some way," said DiSanto. "My son, Joe, is alive and well, thanks to a heart transplant he received 17 years ago. And he just got married this past weekend! None of this happens without our angel - Joe's organ donor, Natalie."

There are over 100,000 Americans – nearly 4,000 of whom live in New Jersey – waiting for a life-saving transplant. However, New Jersey's growing support for organ and tissue donation is providing hope for the future, according to Carolyn M. Welsh, President and CEO of NJ Sharing Network.

"Here in New Jersey, we have had four consecutive years of record growth in the number of lives saved and enhanced through organ and tissue donation and transplantation," said Welsh. "Last year, we saw a remarkable 21% increase in the number of organ donors and a 12% increase in the number of organs transplanted. We are deeply grateful for the exceptional efforts of our team members, healthcare partners and community supporters."

One organ and tissue donor can save 8 lives and enhance the lives of over 75 others. There are more than 2.7 million New Jerseyans registered as organ and tissue donors. To learn more and join the National Donate Life Organ and Tissue Donor Registry, visit NJSharingNetwork.org.
