TROOP 17 SCOUTS CAMPOUT AT GETTYSBURG

BSA Troop 17

A very large group of Scouts from BSA Troop 17 embarked on a 2- night campout in Gettysburg, Pennsylvania the first weekend in May. This historic trip is one that the Troop does once every two years and has the option for Scouts to earn a medal and awards depending on the hikes and activities they do while on the campout.

On this campout the Scouts hiked the Johnny Reb Trail and the Historical Trail around the battlegrounds from the Civil War in Gettysburg and got to see many memorials and historical sites. Scouts also visited the Eisenhower House, another historical landmark in the area. Lastly the Scouts went to the Gettysburg visitor center and watched a movie about the Civil War, saw a famous 360 degree painting, and walked the museum seeing thousands of artifacts and learning more about history.

Overall, the Gettysburg trip was extremely educational and fun for all Scouts who went. All are encouraged to go on the campout in future years.

Troop 17 meets on Thursday nights at St. Rose of Lima in Short Hills and is accepting new members for the upcoming Scouting year. Please visit Troop17ShortHills.com to learn more.

SUMMERTIME ACTIVITIES TO HELP MAKE SENIORS PART OF THE ACTION

The spring and summer seasons herald the kickoff of pleasurable and entertaining events with family and friends. Who doesn't look forward to picnics in the park, outdoor family reunions and weekends at the lake?

If you're a family caregiver, this season of increased activity isn't always good news, especially since a loved one might be apprehensive about going out. If you're an older adult tired of being cooped up, you might have a different view. Getting back in action could be higher on your priority list.

A little pre-planning can help make it easier for an older adult to take part in summer festivities, even if health, mobility and stamina threaten the fun. However, if you or a loved one isn't up to more robust activities, check out this list of fun things to do. If you're planning activities together, make sure loved ones participating are not ill or experiencing any COVID-19 symptoms.

TOP 10 FUN THINGS TO DO WITH A SENIOR THIS SUMMER

1. A DAY OF PAINTING OR COLORING

With the popularity of adult coloring books, you can enjoy this pleasing pastime with all the generations. If your family is particularly artistic, you might even want to try your hand at watercolors and paint self-portraits to share with the entire family.

2. LUNCH OUTDOORS

If the weather is nice, lunch on the patio or deck may be a great alternative if you or an older adult no longer has the endurance to leave the family home. Pack up a picnic basket with all her favorite foods, put out a checkered tablecloth and you're set!

3. A VISIT TO THE PARK

A trip to the park, even if you must drive an older adult there, is a good way to help relive their memories of taking younger children to the playground on warm, sunny days. Sit on the park bench and reminisce.

4. GARDEN ANYWHERE

Gardening is a favorite hobby for many seniors. If you or your mom can no longer maintain a garden, planting flowers, herbs and vegetables in pots is a great alternative. Check out ideas online and on Pinterest, or go to your favorite garden center. Many have gardening classes and activities, too.

5. START A BOOK CLUB

If Dad still enjoys reading, why not enlist a few of his friends or family members to read a book you would all enjoy? Gather the group for coffee and tea, and share thoughts about the book. There are also online book clubs for older adults if you or your senior loved one would prefer that option.

6. CHECK OUT THE TOWN'S EVENTS

Your own neighborhood could provide a wealth of activities. Search for area activities on Facebook or through the local media. Popular summer activities in many communities include concerts and plays, ice cream socials and parades.

7. PLAN A TEA PARTY

If Mom has been ill or isolated for a time, a small tea party could be just what she needs to boost her spirits. One family caregiver noted that her mother's family members recently got together for tea celebrating what would have been her grandmother's 100th birthday. The various generations all enjoyed hearing what it was like growing up decades ago.

8. SHARE A HOBBY

With school out of session and the kids itching for something to do, why not ask Grandpa or Grandma to teach your children his or her favorite hobby. Whether it's knitting, woodworking, playing guitar or working crossword puzzles, children will enjoy learning a new skill while getting better acquainted with a grandparent.

9. ANCHORS AWAY!

You're never too old to ride on the waves with the wind blowing through your hair. If you own a boat or know someone who does, what a great experience for the entire family to spend some time out on a lake. Remember the hat, sunscreen, fishing pole and life jacket!

10. PICK FRUIT

Picking juicy cherries or other fruit in season may have been a past summertime task for the senior in your life. Check out fruit farms in your area and load up the entire family for a weekend afternoon outing. Even if Mom can't pick fruit, she's sure to enjoy watching (and tasting)!

In addition to planning fun activities, try a staycation, too!

BRIELLE ANGELSON AWARDED SUMMIT COLLEGE CLUB SCHOLARSHIP

The Summit College Club (SCC) gathered for a celebratory occasion: the annual awarding of high school scholarships on June 4, 2023. “It never gets old,” said Lynne Rogerson, SCC president; “this is the happiest day of our year.”

Founded by a Summit High School teacher over a hundred years ago, Summit College Club has awarded more than a million dollars in scholarships since then. In 1935, SCC became a branch of the American Association of University Women (AAUW), an organization devoted to gender equity in research, education, and advocacy.

Club members had gathered in the sun-filled Lile Hall at Christ Church in Summit along with the six graduating honorees and their proud families. The afternoon began with a glad welcome by Ellie Redington, co-chair of this year’s reception.

Then came the main event: the awards. Members of the SCC Scholarship Committee took turns in describing some of each candidate’s considerable achievements and presenting a certificate, a rose, and a check for \$4,500 to each young woman.

Brielle Angelson, who lives in Millburn and attends Millburn High School, is a three-season varsity athlete and captain of her varsity softball

team. She is the founder and president of her school’s Type One Diabetes Club and has a long list of service activities. Her social studies teacher praise Brielle’s writing, her able and ready participation in class discussions and debates, and her kindness to others. Brielle is headed toward Emory University in the fall, where she plans to study Business and Gender Studies. Kathy Brock presented Brielle with a Summit College Club Merit Scholarship.

Once the awards had been given, two of last year’s awardees, Crystal Jong and Lara Cota, each spoke briefly. Crystal and Lara talked about their freshman experiences at college, Crystal at Rensselaer Polytechnic Institute, and Lara at the University of Pennsylvania.

Finally, Summit College Club member Leslie Carson gave a description of an exciting AAUW initiative, an annual four-day leadership conference that draws hundreds of college women nationally. The 2023 SCC winners, she said, would be eligible to take part in the spring of 2024, and Summit College Club was eager to facilitate and sponsor them.

Refreshments and photos, and lively conversation followed as the students, their families, and club members chatted happily with one another.

SUMMIT OLD GUARD JULY SPEAKERS PROGRAM

The Summit Old Guard was founded in Summit in 1930 and meets every Tuesday at the New Providence Presbyterian Church located at 1307 Springfield Ave. Our motto is "Come for the Programs. Stay for the Friends." Our July program theme focuses on current national political issues. Please join us. These programs are free to the public, and we welcome you!

Due to the Fourth of July celebration, we will only have two speakers for our July program.

Both are fascinating experts speaking on current national issues.

On Tuesday, July 18th, John Miano Esq. counsel for the Immigration Reform Law Institute will discuss "The Immigration System: Is it Fixable?" Mr. Miano will emphasize its effects on employment and the prospects for change. He focuses on foreign workers displacing Americans.

On Tuesday, July 25th, Associate Professor Ian Drake, widely published on constitutional law issues, will speak on "The Supreme Court: Its Recent History and Decisions." He will touch on the politics of nominations and the makeup of the court. Both immigration policy and the Supreme Court and its recent decisions will be widely discussed in the approaching presidential nominations and campaigns. Start your own study of these issues of critical importance to our nation.

Past speakers and much, much more can be

IS IT REALLY POSSIBLE FOR A KID TO LEARN HOW TO RUN FASTER?

Retired San Francisco 49ers QB Joe Montana, is arguably one of the greatest NFL players that has ever played football...when his son started playing football it would have made sense for him to help his son learn how to play Quarterback.

But that's not how it went. Joe Montana had to hire a quarterback coach to help his son be a better football player. Here's possibly the greatest NFL QB of all time, needing to hire someone else to help his son. It was not that Joe Montana was not equipped for the job...it was that his son needed a second voice to help him get to the next level.

Many parents who have much less knowledge, experience, and skills than Joe Montana are in the same boat in regards to helping their kids get stronger, faster, and more confident.

Most parents we've come across want their kids to eat healthier, be more active, and have a stronger mindset. But many have told us they need help.

Even with the constant reminders of telling their kids to eat more vegetables, get outside instead of watching TV, practice their sport more, get to bed earlier...they find that sometimes the message falls on deaf ears...and some backup would be helpful toward their vision of helping their kid be the best they can be.

Parents have told us that having us (the Grit Athlete Performance Coaches) as a second voice to help reinforce the habits they want for their kids...is changing the game.

Further...Our Grit Athlete Founder has over 20 years experience with training athletes himself...and certainly knows a LOT more about getting stronger and faster than the average parent...But has all 3 of his children (9, 8 and 6) enrolled in Grit year round...because he knows the power of that second voice.

And after they come through our program, parents tell how it's turbocharging their parenting. Here are some real-life examples that have been reported...

Before, parents struggled with getting kids to eat vegetables...now their kids are asking for more.

Before, parents struggled with getting their kids to get enough sleep...now their kids are getting to bed earlier on their own.

Before, parents struggled with getting their kids to watch less TV or play video games...now they are limiting these activities because they've learned they don't really help them become better athletes.

Before, parents struggled with helping their kids have more confidence...now their kids are doing things out of their comfort zone more often which is helping them believe in themselves which further improves self-esteem.

Before, parents had no clue how to help their kid get faster...now they are faster because they've learned that speed is a skill, and a few simple tweaks can make a kid faster immediately.

Before, parents could not get their kids to make their beds...now their kid makes their bed each morning on their own

because they learned that making their bed in the morning helps them have a better day.

Before, parents struggled with getting their kids to do even one good push-up...now they catch them in their room practicing on their own.

Before, parents wanted their kids to have more determination and grit when training new things...now they are staying calm under pressure and seeking out challenges instead of avoiding them.

Many times it's not about telling your kid to eat more vegetables or stop watching TV...but rather finding the right environment for them to be more successful.

Right in your backyard, there's a team of great coaches waiting to be second voices for your kids...so that all the things you're teaching as parents will be reinforced. But most importantly, the results you're after for your kids will actually become a reality. We'll have your kid stronger, faster,
and more confident...guaranteed.

Here's what parents can expect to happen:

- **They will get stronger** which means when they show up to their sport they'll be able to perform better than ever.
- **They will run faster and jump higher** so they can show up to their next season and people will start asking what the heck have they been doing.
- They'll become **more coordinated and improve agility** which means they'll pick up new skills their coaches teach them faster.
- **Your children will start to eat better** because we'll be educating them daily on what's good and what they should avoid ...don't be surprised if they start asking you to buy more vegetables.
- **Confidence will skyrocket.** When kids get stronger, faster and more fit...their confidence will rise...so will their self-esteem which means their performance in every aspect of life will get better.
- **Their mindset will improve.** We're going equip your child with very specific mindset skills that'll help them learn how to transform how they think about mistakes and failures.

HAPPY PARENTS TALKING ABOUT THE PHYSICAL AND MENTAL TRANSFORMATION OF THEIR KIDS...

- "When my son started Grit he was quiet, shy, and had some difficulty with movements...Now he is confident in himself, has become more vocal, and is mastering the exercise he struggled with in the past."
- Jen O'Brien, Grit Athlete Parent
- "My son is more disciplined and confident in himself"
- Steve Hughes, Grit Athlete Parent
- "I have watched my children become more confident and vocal."
- Christine Stramandinoli, Grit Athlete Parent
- "His confidence has shot up in the last few months...and has carried forward to the way he approaches other activities like sports and schoolwork. My son is now making his bed daily and exercising every day."

THOUSANDS UNITE IN SUPPORT OF ORGAN AND TISSUE DONATIONS

NJ Sharing Network

On Sunday, June 11, thousands of people came out in support of organ and tissue donation during NJ Sharing Network's 5K Celebration of Life. The event, presented by RWJBarnabas Health, brought together transplant recipients, donor families, living donors, hospital partners, and dedicated volunteers to help raise awareness about the power of organ and tissue donation and transplantation.

Funds raised by 5K Celebration of Life participants, teams, sponsors, and contributors support the Sharing Network Foundation. Thus far, \$1.5 million has been raised for this year's campaign. Campaign contributions can be made until the end of August by visiting SharingNetworkFoundation.org/5K.

"Our 5K Celebration of Life has grown to become one of the Garden State's largest and most-recognized charitable 5K events," said Amanda Tibok, Executive Director of the Sharing Network Foundation. "Every dollar raised plays a vital role in powering what we do - whether it is increasing resources focused on clinical advancements, expanding programs to provide the care and support for donor families and transplant recipients, or boosting our award-winning community education and awareness activities."

Victor DiSanto, Chair of the New Providence 5K Celebration of Life, has a powerful connection to NJ Sharing Network's life-saving

mission. His words spoken from the main stage helped energize the crowd at the event.

"We come together because all of us have been touched by donation and transplantation in some way," said DiSanto. "My son, Joe, is alive and well, thanks to a heart transplant he received 17 years ago. And he just got married this past weekend! None of this happens without our angel - Joe's organ donor, Natalie."

There are over 100,000 Americans - nearly 4,000 of whom live in New Jersey - waiting for a life-saving transplant. However, New Jersey's growing support for organ and tissue donation is providing hope for the future, according to Carolyn M. Welsh, President and CEO of NJ Sharing Network.

"Here in New Jersey, we have had four consecutive years of record growth in the number of lives saved and enhanced through organ and tissue donation and transplantation," said Welsh. "Last year, we saw a remarkable 21% increase in the number of organ donors and a 12% increase in the number of organs transplanted. We are deeply grateful for the exceptional efforts of our team members, healthcare partners and community supporters."

One organ and tissue donor can save 8 lives and enhance the lives of over 75 others. There are more than 2.7 million New Jerseyans registered as organ and tissue donors. To learn more and join the National Donate Life Organ and Tissue Donor Registry, visit NJSharingNetwork.org.
