LOCAL COMMUNITY GROUPS ENHANCE LIBRARY

The Somerset County Library System of New Jersey's Warren Township branch recently revealed two new building enhancements. The Friends of the Warren Township Library procured two new benches for the front of the building and the Warren Township Library Advisory Board purchased two interactive touch display screens to support Library programming.

"We are so grateful to the Warren Library Friends and Library Advisory Board for their generous gifts to the Warren branch, both of which will get much use and be deeply appreciated," said Brian Auger, library director. "The new benches out front are perfect for the spot and the new video equipment will enable us to provide high quality programs and outreach."

The new benches replaced weathered, well-loved predecessors. Funding for the benches was donated by the Friends and loved ones of Prakash Masurekar, a longtime resident of Warren and member of the Friends who passed away in May 2022. One bench bears Masurekar's name, while the other has his favorite quote, "I have always imagined that Paradise will be a kind of library" (Jorge Luis Borges). The benches will be enjoyed by customers visiting the branch.

"Prakash's role in the Friends of the Library

motivated others to join our non-profit in order to support our local library and library staff," said Carol Senff, Vice President of the Friends of the Warren Township Library.

The screens, purchased by the Advisory Board, replaced antiquated projection technology, and will allow the Library to more easily provide hybrid, in-person, and virtual programming. The screens have already been used in a number of programs, including storytimes, STEAM, crafts, and technology instruction. Library staff are excited to use the screens for more collaborative and interactive programming.

"The Library Advisory Board is proud to be able to help enhance our library's toolkit with more opportunities for our residents—particularly our children—to learn, create, and explore using state of the art technology," said Alicia Drozd, President of the Warren Township's Library Advisory Board.

The Warren Township branch is located at 42 Mountain Boulevard in Warren. For more information, call (908) 458-8450. To discover all SCLSNJ has to offer, visit SCLSNJ.org or connect with SCLSNJ on Facebook, Twitter, or YouTube.

CELEBRATING A SECOND CHANCE AT LOVE

Somerset County

To honor two special newlyweds, there was a cake-cutting ceremony at the county-operated Warrenbrook Senior Wellness Center where the couple –William McDowell and Doris Halley-Ross – began their romance. The event took place on Wednesday, May 24.

The happy couple, both in their seventies, met in April of 2022 at the reopening of the senior wellness center after the pandemic. They fell in love and were married on May 20, 2023. At the cake-cutting ceremony, attendees wore pastels to match the senior center's decorative purple theme, which commemorated the reopening of the senior wellness center when the couple first met.

The Administration for Community Living has been celebrating Older Americans Month since 1963. This year the theme is "Aging Unbound," which means older Americans are dispelling stereotypes by exploring diverse aging experiences more than ever before. The six county-operated senior wellness centers help promote flexible thinking about aging by helping older adults remain engaged, independent, and included.

HOUSE OF ACES CHARITY TENNIS TOURNAMENT

Mt. Bethel Volunteer Fire Company

On June 24, the Mt. Bethel Volunteer Fire Company hosted the first annual House of Aces Charity Tennis Tournament at the Warren Health and Racquet Club.

Mt. Bethel was the first Fire Company to be established in Warren Township in 1912 and is comprised mostly of local volunteers. It is now one of four volunteer fire companies in Warren Township.

The inaugural tennis tournament was a fast-paced, mixed team tennis format with four levels of competition. In total, there were 6 teams which came out to compete helping raise over \$5,300 for the volunteer fire company.

Thank you to the many local businesses

which helped sponsor the tournament and congratulations to the Green Knoll Goats and Ben Lai A-Team for winning first place in their respective divisions. There was overwhelmingly positive feedback from everyone which means the House of Aces will be back next year to host another tennis tournament.

We are actively looking for any and all volunteers to help make our community and the surrounding area a safe place to live. Please consider volunteering with us. You can stop in on any Wednesday night during training to talk with one of us or drop us an email for more info: mtbethelfire@gmail.com.

IS THERE MORE TO LIFE THAN THIS?

A free spirituality seminar is being offered by Immaculate Heart of Mary Church in Scotch Plains, NJ. Most meetings are on Zoom. In a world of isolation, anonymity, and keyboard-warriors, Alpha offers content and guidance for churches, ministries, and individuals to create a space for honest and open conversations about life's biggest questions. Everyone is welcome and no questions are off limits.

Alpha is a place to connect with other people who are open to exploring life, faith, and meaning. Alpha fosters honest, open, and judgment-free conversations for anyone to explore the Christian faith. Each session includes a time to connect with others, watch a short video on an element of the Christian faith, and then a chance for each person to share thoughts and questions with the group.

"I was invited to participate in the Alpha pilot. From the initial meeting, I knew this was something that I wanted to be a part of," explains

Nancy Schreck. "After completing the pilot, I joined the Alpha team to help plan for the future of Alpha at IHM. It's a wonderful opportunity for people at any level of faith to meet new people and explore new ideas."

Sessions are free to attend and are scheduled on Monday nights at 7:30 p.m. The first meeting will be live and in-person on Monday, September 18, 2023, beginning at 7 p.m. in the Nazareth Center of Immaculate Heart of Mary (IHM) Church: 1571 S. Martine Ave., Scotch Plains. Good food and conversation will be offered to all in attendance. Most meetings after that will be hosted on Zoom. Links and directions will be provided to those who register. Participation is capped at 30 people.

"When I offered tech support for the pilot program at IHM, I had no idea what I was in for. I'm not very religious, but Alpha was an unexpected surprise!" offers Gabe Lamberty. "The program is interesting and entertaining. And it's nice to meet new folks from the community. Overall an unforgettable experience."

"I'm looking forward to the Alpha experience," says Lou Zappo. "It sounds like a lot of fun, and who knows, I might learn something about myself."

Registration is required, please visit ihmparish.net/alpha or call 908-889-2100. If you have questions about Alpha, please email office@ihmparish.net.

SEE THE GOOD IN PEOPLE

Submitted by Peter DeSarno

Perhaps it is because I see today due to the generous life changing gifts of two donated corneas, I tend to become very reflective when I collect the donated glasses that are received in the Lions drop box. When I sort the glasses and package them to be sent into the Lions Processing Center, I am reminded of the good in people who are eager to help. I look at all the glasses that were once worn on the faces of members of our community which

form a beautiful mosaic representing so many different shapes, sizes, colors, glasses for the old and young....and think that this is beautiful on many levels. I then think about the people who will experience that magical moment I had when sight is restored. The New Providence Lions Club Eyeglass collection site is in front of the New Providence Library which is located at 377 Elkwood Ave. Since January 2022 we have collected 2,165 pairs of glasses.

4-H FAIR CELEBRATES MILESTONE AUGUST 9-11

This year's Somerset County 4-H Fair will celebrate 75 years of Free Family Fun. For many families, a visit to the fair is a multi-generational summer tradition. The first county 4-H Fair was held in 1948 at the fairgrounds in Far Hills. In 1962, the fair moved to its current location at North Branch Park in Bridgewater. The fair is the highlight of the year for 4-H club members who showcase their skills through a variety of exhibits, demonstrations and competitions. You can reconnect with the

county's agricultural past with farm animals, or glimpse the future with 4-H projects in robotics and rocketry. Be sure to bring your appetite. A large food tent features many items to tempt your tastebuds. Food sales benefit local nonprofit organizations and help to make the fair possible. The Somerset County 4-H Fair is August 9-11, 10 a.m. to 10 p.m., at North Branch Park on Milltown Road in Bridgewater. Admission and parking are free. Visit 4HisTops.org.

(above) The 4-H Fair offers 1 5 acres of Free Family Fun.

RELIEF FROM CHRONIC KNEE PAIN

FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.
