SALEM ROADHOUSE CAFÉ ANNOUNCES ZUKO, PHILIPS, COHN & STARR

Salem Roadhouse Café presents Zuko, Philips, Cohn & Starr, Saturday, October 14, 2023. The doors open at 7:15 p.m., the show starts at 8:00 p.m. Admission is \$20 and includes show, snacks, non-alcoholic beverages, and dessert. The venue is located in Bailey Hall at Townley Presbyterian Church, 829 Salem Road, Union, NJ. The Roadhouse operates as a non-profit that raises funds for several carefully chosen local charities.

Zuko, Philips, Cohn & Starr have carved themselves a unique niche within the realm of rock classic tunes. Focused mostly on vocals and light accompaniment with a pair of guitars and a djembe for rhythm, this group of very talented and familiar Roadhouse performers has taken

classic rock tunes we all know and love and put a lighter spin on them. The usual trappings of rock with it's requisite "wall of sound" is avoided, making the lyrics and tunes able to be heard clearly. Focused on rich harmonies, their sound is catching on like wildfire. Come and hear songs as you've never heard them before! States Michael Zuko, "We are in the midst of recording our debut album, which will be out next year. More original material is being added to our set lists."

This promises to be a very special, exciting show with some surprises!

As always, the Salem Roadhouse Café is live, intimate, up front, and personal. All ages are welcome.

ABOUT SALEM ROADHOUSE CAFÉ

It's not "church music." It's music music. Folks who've come to the Salem Roadhouse Café know that it's a clean, safe place for people who enjoy listening to live music — in a world otherwise filled with clubs and bars. The Roadhouse has always offered its stage to local and independent mainstream musicians. Jazz, rock, folk, and other groups have performed. What's the common thread? They're all great musicians playing the kind of music people like

to hear. There's no message, just music. The Roadhouse started in 2008 by members of Townley Presbyterian Church with a grant from the Presbytery of Elizabeth. Hey — that's why we're located where we are. The Roadhouse operates as a non-profit that raises funds for several carefully chosen local charities. That's its social mission.

But the many musicians who've played the Salem Roadhouse Café see it as a solid performance venue. They love it because of its special intimacy and great audiences. They say people here "really listen." Ask any of the musicians you meet here — they love to play the Roadhouse, and they want to come back often.

The Salem Roadhouse Café has raised funds for many carefully chosen charities. They include: The Presbytery of Elizabeth E-port Center, Center For Hope Hospice, Community Food Bank, Monarch Housing, Angel Paws Animal Rescue, National MS Society, Haiti Disaster Relief, Hurricane Sandy Disaster Relief, The Union County YWCA Domestic Violence Programs, Making It Possible To End Homelessness, Camp Johnsonburg, The Music Institute, and others. Thousands of dollars have been raised for these deserving charities.

'PIZZARAMA' TO CELEBRATE THE UNIVERSAL JOY OF PIZZA

Kenilworth Historical Society

Participants in "Pizzarama," a fun-filled, enlightening event to be presented by the Kenilworth Historical Society on Sat., Nov. 4, will enjoy pizza, view an amazing collection of pizza artifacts and learn interesting facts about the popular Italian dish and its history from Kenilworth's renowned pizza aficionado, collector and Guinness World Record holder, Telina Cuppari.

"Pizzarama," which will feature the pizza of local pizzerias and other eateries, will be held at the Kenilworth Veterans Center (Kennedy Room), 33 South 21 Street, beginning at 12:30 p.m. Pizza, salad, dessert, soda, coffee and tea will be served. There also will be a gift auction, 50/50 raffle and door prizes. Admission is \$20. Advance reservations are required (by October 18 recommended), as seating is limited. Attendees under 18 years of age must be accompanied by an adult. For reservations/tickets and further information, please call 908-709-0434. Tickets may also be obtained at Love You More floral boutique (13 North 20th Street, Kenilworth).

Cuppari, a Kenilworth resident who is fondly known as "Pizza Girl," holds the Guinness World Record for having the world's largest collection of pizza-related items. Cuppari started her collection in 2012 with a red "pizza dress." From the time she was recognized by Guinness World Records in December 2021 for having 669 pizza items, her collection has grown to more than 750 items, which she plans to showcase in a home-based pizza museum that she is working toward opening.

During her November 4th presentation, Cuppari, who has lived abroad, traveled extensively and speaks three languages, will trace the history of pizza; discuss its many varieties and cultural differences; and show pizza-related artifacts from her vast museum-quality collection. She also will review the challenging process of attaining Guinness World Record Holder status. The Nov. 4th program is sure to

please, for as Cuppari says, "Pizza brings everyone together — we can all agree on pizza!"

Proceeds from "Pizzarama" will benefit the Kenilworth Historical Society's Oswald J. Nitschke House (c. 1880) "living history" museum and cultural arts center by helping defray operating expenses, including the cost of an elevator that makes all levels of the site ("living history" museum, exhibition center and cultural arts center) fully accessible to everyone.

Cuppari, by profession, is a talented writer and the editor-publisher of the daily hyperlocal online publication TAPinto Kenilworth. She is also the

parent editor and staff writer of the first online beauty magazine, Beauty News NYC. Having lived and worked in six different countries, Cuppari has written for various publications all over the world. She recently authored a children's book, The Pizza Palooza Alphabet Book, which will be released shortly.

The Kenilworth Historical Society is an independent, volunteer-based, non-profit, tax-exempt, 501(c) (3) organization dedicated to the research, preservation and interpretation of the Oswald J. Nitschke House (c. 1880), local history and culture.

RELIEF FROM CHRONIC KNEE PAIN

FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain, Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.

WHAT WHERE AND WHEN IN OLD KENILWORTH

WAS KENILWORTH AN ENEMY TARGET IN WWII?

Research suggests that Kenilworth was considered by the US War Department as a target for our enemies during WWII. Why would this have been so? The answer is the fact that heavy industries then located here were capable of producing war products.

During the 1940s and into the 1970s Kenilworth had a strong industrial base. Local factories employed thousands of workers. An enemy would want to destroy manufacturing plants of an adversary. Some of Kenilworth's major industries during WWII included the Kenilworth Steel Co. on the Boulevard, now home to Access Storage. Across the street a car wash stands where once was the Volco Brass and Copper Co. Downtown on 12th St. was the National Tool Co., now known as NTM, which manufactured parts for anti-aircraft guns. A few blocks away along N. 8th St. were the Allied Steel and Westfield Sheet Metal companies. At the end of Monroe Ave. on the 35-acre site of the former Flex-Van Co. was a collection of manufacturing companies.

The Borough had countless small machine shops and metal foundries along Market St.; and many on and off N. Michigan, Monroe and Fairfield avenues capable of producing war materials if called upon. They could manufacture all kinds of essential components that might be needed in the war effort. There were tool and die shops, chemical manufacturers, and a number of trucking companies to transport goods. The Rahway Valley Railroad serviced the biggest industries and could haul countless tons of raw materials to the factories and then take finished products to the main lines of the NJ Central and Lehigh Valley RR in Roselle Park with some

potentially earmarked for destinations to military bases and war zones around the world.

These industries and smaller shops were potential targets from enemy aerial attacks. To lessen the threat, blimp-like barrage balloons were floated overhead in parts of Kenilworth and elsewhere. Tethered to the ground they'd float hundreds of feet into the air with long metal cables dangling from them. In some places metal netting was strung from one balloon to another. Barrage balloons were intended to further thwart dive bombers and other enemy aircraft attempting to get close enough to bomb manufacturing plants.

Not every community had a federal government aerial spotting tower. Kenilworth did. It was off the southside of the Boulevard in the proximity of the strip mall containing the Bagels for U shop. Local civil defense volunteers climbed to the top of the tower and with their naked eyes and binoculars searched the skies for enemy aircraft. The last known surviving Kenilworth spotter appears to be Irma Shallcross George, a teenager at the time.

Not every community had spotting towers or barrage balloons during WWII. The fact that Kenilworth was selected by the government to have both lends credence to the rationale that Kenilworth, with its crucial wartime industrial production capacity, was considered by the United States government as a potential target from enemy attacks.

DOCUMENTING NJ'S REVOLUTIONARY WAR VETERANS

Elizabeth Snyder-Continental Chapter DAR

Two local women are helping create a new database of New Jersey Revolutionary War Soldiers. A project of the Daughters of the American Revolution (DAR), the database will be the most comprehensive produced to date utilizing a wide variety of sources.

"The hope is that this database will not only allow us to recognize and honor these veterans, but also help their descendants and researchers to learn about them," said DAR volunteer Holly Dunbar. Working on Somerset County, Dunbar has compiled information on more than 1,700 individuals to date.

Project volunteers aim to find and record as much information about each patriot as possible. This includes dates and locations of birth, enlistment, death and burial; service record with rank and unit, battles, if wounded, taken prisoner or killed; family with names of spouses, parents and children; and the sources of this information. A special effort is being made to include women, African Americans and Native Americans.

"We are starting with the current DAR database, but also using church records, county and local histories, surviving military and pension records, newspapers, and more," said Dunbar, who is a member of Elizabeth Snyder-Continental Chapter in Green Brook.

Another chapter member, Ruth Ryno, is working on Essex County, which also includes present-day Union and part of Passaic County. "I look forward to helping prepare this database in honor of our New Jersey patriots as

our country prepares to celebrate America's 250th anniversary in 2026." When the project is completed, the database will cover all of New Jersey and will be made available to the public.

DAR is a nonprofit nonpolitical service organization open to women 18 and older who can prove lineal descent from a patriot of the American Revolution. Elizabeth Snyder-Continental Chapter is based in Green Brook and serves areas in Somerset, Middlesex and Union counties. New members are welcome. Contact ESCchapterDAR@gmail.com or learn more at DAR.org.

“FOUR CENTURIES IN A WEEKEND” AT THE OSWALD J. NITSCHKE HOUSE

Visitors to Kenilworth’s historic Oswald J. Nitschke House (c. 1880), at 49 South 21 Street, on October 21 and October 22 will gain glimpses into everyday life in a developing late 19th-/early 20th-century suburb through enlightening, interactive, multicultural “living history” and garden programs, exhibits and activities based primarily on the theme “100 Years and More of School Days in New Orange/Kenilworth.”

The Oct. 21-Oct. 22 weekend activities at the Nitschke House will be offered to the general public from 12 to 5 p.m., during Union County’s annual historic sites tour, “Four Centuries in a Weekend.” The Nitschke House is equipped with an elevator, and the building and gardens are fully accessible. Admission is free. For information, please call 908-709-0434.

A guided tour of the Nitschke House, geared to all age groups and offered in Spanish as well as in English, will start in the site’s “teaching gardens,” where vegetables and herbs representing different heritage groups have been grown for use in a multicultural garden-to-table demonstration and tasting. Other activities and offerings will include a fun printmaking exercise related to the “school days” theme of this year’s program, visits with colorful characters from Kenilworth’s past plus international music performed live on the front porch

Per a schedule posted on the website kenilworthhistoricalsociety.org.

Visitors will be shown the site’s period kitchen, bedroom, dining room, parlor and former Mayor Nitschke’s office. They also will have the opportunity to view a newly installed “100 Years and More of School Days in New Orange/Kenilworth” exhibition/replica classroom, particularly staged in honor of Harding School’s 100th anniversary, in addition to the exhibition “New Orange/Kenilworth – A

Melting Pot of Many Cultures,” which comprises enlightening displays of historic photos, posters, artifacts and other materials that tell the story of late 19th-/early 20th-century immigrants, including Oswald J. Nitschke and family, who settled in the Kenilworth area (formerly known as New Orange) and contributed to the early development of the community. Other displays, themed “The Nitschke House Then and Now,” will commemorate the 20 years of progress since the home was saved by relocation in 2003.

(above) The historic Oswald J. Nitschke House (c. 1880) at 49 South 21 Street, Kenilworth, N.J., will be open to the general public on Oct. 21 and Oct. 22 (12-5 p.m.), during Union County’s annual historic sites tour, “Four Centuries in a Weekend.” Multicultural living history and garden programs, exhibits and music at the Nitschke House will be based primarily on the theme “100 Years and More of School Days in New Orange/Kenilworth.” Admission is free.
