5TH ANNUAL BRIDGES STREETS-TO-HOMES 5K WALK & RUN

Bridges Outreach

Bridges Outreach hosted its 5th Annual Bridges Streets-to-Homes 5K Walk & Run in Summit, NJ on Saturday, September 30th. Despite the rain, over 100 participants crossed the finish line. Other events of the day included a Kids Fun Run, a rejuvenating Burn & Flow class led by The Goodburn, and stations to meet event sponsors and pack lunches for distribution during Bridges' streets-based case management. Thanks to event sponsorships as well as individual and team fundraising efforts, the event raised over \$36,000 to end chronic homelessness in Union and Essex Counties - NJ.

"The Bridges 5K was such a wonderful event! I want to thank all of our sponsors for their generous support – we couldn't do it without you!" reflected Jessica Mills – Bridges Board Member and Fundraising Chair.

Bridges Outreach is at the forefront of tackling chronic homelessness. Founded in 1988 by Geoff and Ginger Worden of Summit NJ, Bridges provides resources and case management to those experiencing homelessness and facing imminent homelessness. Project Connect, launched in 2014, connects people experiencing homelessness in Newark with trained case managers to ultimately achieve permanent housing. "This past year, Bridges has helped to create a 27.7% reduction in unsheltered homelessness, in New Jersey. Bridges is about meeting people where they are, literally and figuratively. We believe that housing is a human right." Shares Richard Uniacke, President of Bridges

Outreach.

Runners were fueled with competition, camaraderie, and a shared passion to make an impact. Congratulations to the top 3 male finishers: Paul Dorsey, 18:14.1, Leon Sarkissian, 19:04.3, and Carlos Cañaveral, 19:14.7; and the top 3 female finishers: Dena Peyster, 20:46.5, Christine Ciccone, 24:11.2, and Sophie Capone, 25:35.3.

Bridges is grateful to all event sponsors. Collaborative Sponsor: Boston Consulting Group; Influencer Sponsors: NY Giants, Oak Knoll School, and Coni Frezzo and Ed Sannini; Outreach Sponsors: Allied Beverage Group, Liquid Church, PSEG, Delia Hamlet, and Rosen Kelly Conway; Community Partner Sponsors: Frames for You, Club Pilates Short Hills, Kent Place School, Lois Schneider Realtor, Propeller, Veracity Athletics, The Fine Art of Mike Dziomba, The R3finery, and Brynne & David Thompson Family; Valued Sponsors: The Goodburn, New Jersey DJ Services, Robert Irvine's FitCrunch, and Sweet Nothings. Special thanks to Teens Tackle Homelessness and Oak Knoll School students who helped with event registration and the Kids Fun Run, and The Goodburn for a pre-run stretch & warm-up for all.

"Participating in events like The Bridges 5K is just one way that we can prioritize the physical and mental well-being of each and every member of our community. When we support each other, we thrive!" reflected Valerie Flax and Jessica Scarpelli of The Goodburn.

HONORING THOSE CURRENTLY SERVING: LANCE CORPORAL JACK T. BALWIERCZAK

Submitted by Michael T. Naya, Jr.

(above) Lance Corporal Jack T. Balwierczak

Kenilworth resident Lance Corporal Jack T. Balwierczak, David Brearley Class of 2021 is currently serving in G Company, 2nd Battalion, 8th Marine Regiment, U.S. Marine Corps. Growing up Jack attended Harding Elementary School and David Brearley Middle / High School. While attending David Brearley he played defensive line and full back for the football team. Three of the four years he played were on the varsity team. In addition to this he threw javelin, and jumped hurdles for track varsity his junior and senior year.

Jack enlisted in the U.S. Marine in February 2021. When asked why he stated, “I wanted to join the Marine Corps my entire life. Another thing that inspired me to join was Marine Lance Corporal William Wold who stated in an interview that while engaging with insurgents in Fallujha that, ‘I’d rather kill them in their backyard then have them come to our backyard.’ That quote reminded me people want what our

families work hard to have. I love my family and friends and be damned if someone wasn’t there to protect them.

Another thing that inspired me to join was pictures of marines taking care of the locals they were surrounded by in foreign countries. People forget just as much as we are trained to kill the enemy, we are trained to protect the women and children we come across. The final reason I joined was to meet people from all walks of life. In my platoon I have brothers from the northern states, the southern states, Nigeria, Brazil, Portugal, Italy, Albania, Puerto Rico, Mexico, and a few other countries. They grew up in good neighborhoods and bad neighborhoods. It doesn’t matter where you are from, a marine is a marine no matter where you come from.

I left for boot camp in October, 2021, a few months after graduating. I attended boot camp at Parris Island, South Carolina for three months. There we weren’t allowed to have a phone until our graduation. My only contact home was by letter the entire time I was there. Upon graduation I went to infantry school for a four-month course. There we learned how to survive and defend ourselves against the enemies we have today. We learned how to survive in the water, make shelters in the woods, become experts on our weapon systems such as rifles, machine guns, rocket launchers, mortars and so much more. Upon completion I was sent to Camp LeJeune, North Carolina with the 2nd Battalion, 8th Marines.”

So far Jack has been stationed on the border of the U.S. and Mexico where he conducted training operations in the deserts of New Mexico for a month. From there he received Arctic Training in the mountains of California where they learned how to survive constant negative degree temperatures for two months. From there he was sent to the desert once again where he received additional training.

Currently, Balwierczak is a fire team leader/assistant patrol leader and occasionally fills in as squad leader. After his discharge from the U.S. Marine Corps, he hopes to become a firefighter or police officer following in the footsteps of his father Joe Balwierczak who is a member of the Kenilworth Police Department. In closing he commented,

“We (Marines) share stories and make memories together only we will tell each other about. We workout together, go on field operations together, freeze together, sweat together, go to church together, and when we have our off time, we go to the bar together. It is like we have known each other our entire lives. After a while it seems like we only understand each other and only get each other. The family I have made in the Marines is something I will miss when it is time to put down my rifle and hang up my body armor.”

This is part IV of an ongoing series honoring those currently serving in the U.S. military from Kenilworth.

REDESIGNED WEBSITE LAUNCHED

Lorraine Ruiz, MLIS, Kenilworth Public Library Director

After several months of hard work and dedication from our team at the Kenilworth Public Library and Renaissance Web Solutions, we are pleased to announce our revamped website was launched on September 11th, 2023.

Our primary goal during the redesign process was to create a more valuable, user-centric and responsive resource across all platforms and devices. Specifically, we wanted to focus on making it easier for our users to locate and learn valuable information about our resources, services and programming, not only at their computers, but on mobile devices.

We integrated a Site Translation to assist patrons in other languages and ADA Compliance to provide high contrast text to color ratio, font

resizer, background color selector, text reader, and so much more!

We hope you enjoy our new look! The Library's website is kenilworthlibrary.org. For any suggestions, questions, and/or comments, please contact us.

WHAT, WHERE, AND WHEN IN OLD KENILWORTH

MILITARY COUPLES WHO SERVED OUR NATION, PART 1

To honor all veterans, VFW Post Commander Robert E. Jeans, Sr. has invited the public to attend Veterans Day ceremonies at the VFW Center, S. 21st St., 11:00 a.m., November 11. If inclement weather the program will be held indoors. Complimentary refreshments will be served after the ceremony.

To recognize some of the many Kenilworth veterans who have served during times of war and peace this special two-part series is presented about unique combinations of relatives who served. This two-part series features husband and wife or brother and sister combinations who served at the same time. All were honorably discharged. If you know of others, please contact this author. Residences indicated are still standing.

KORECKY AND STALLINGS (wife/husband): Karen Korecky, one of four children of Edward and Lorraine Korecky, grew up at 424 Lee Ter. Karen's father served in the Army in WWII and participated in the Battle of the Bulge. Frank's father was a 22-year Army veteran who served two tours in Vietnam. Karen is a 1969 graduate of David Brearley Regional H.S. She entered the military in 1975 and concluded service in 1977.

In 1974 while visiting friends at Ft. Monmouth, Karen met Pvt. Frank Stallings, one of three children of Eugene and Lottie Stallings of TX. In March 1975 they were married in a military ceremony at St. Theresa's Church. Later that same month she entered basic training in Alabama while Frank was completing Advanced Microwave Radio Training in NJ. Once completed, they were assigned to Korea. Karen left Korea after serving 11 months to give birth to their first child, Michael. They later were assigned to Ft. Hood, TX, adjacent to Frank's hometown, Kileen. Their second child, Edward, was born in 1981. Frank served until 1978.

Frank and Lorraine, Vietnam Era veterans, attained the ranks of sergeant. They returned to her hometown of Kenilworth and joined VFW Post 2230. In the 1980s they operated Big Bertha's Banana Boat Ice Cream Shop in town. Here over 35 years, they live on the Boulevard.

THE LOHMANS (husband/wife): Herman C. Lohman was one of four children of Christian and Helen Lohmann. The family moved to Kenilworth from Elizabeth in the 1920s, first living on Union Ave. in a home his parents physically built, and later lived at 239 N. 21st St. His brother, Charles, was a longtime Kenilworth police lieutenant. Under age 18 and working at a gas station in 1939, Herman needed his father's permission to join the Marines, which his father granted. Herman's long military career ended in 1969 with the rank master sergeant. He served in the Pacific Theater during WWII and later in Korea. During WWII he was seriously wounded at the Battle of Guadalcanal necessitating months in the hospital. After military service he was employed as a Kenilworth post office letter carrier until 1983.

In 1945 Herman married Undyne Vernice Wentz, born in CA. She was one of three children

of Lee and Undyne C. Wentz. From 1944 to 1946 she served in the Women Accepted for Volunteer Services, aka the WAVES, of the US Naval reserves, finishing as seaman first class. She was forced to resign when she became married, which greatly troubled her. In 1970 Herman married again. It was to Della Zavitsky of 54 S. 21st St., also a local letter carrier.

At the time of his death in 1994 at age 72, Herman lived in the family home on N. 21st which he then owned. He is buried in Graceland Memorial Park, Kenilworth. Undyne died in 2002 at age 77 and is buried in the National Memorial Cemetery in Phoenix, AZ. She and Herman had a daughter, Yvette (Lass).

Part 2 will be featured in the next edition of Kenilworth Business Life. Research provided by

HAPPY 100TH BIRTHDAY JOE AZZARELLO

The Union Municipal Band recently celebrated Joe Azzarello's 100th Birthday. Joe, who has played trumpet in the band since 1955, turned 100 on October 20th. After serving in the Army during World War II, he played for the West Point Band. The Union Municipal Band began before World War I; it legitimately got its start after the war, when many servicemen, who had either played while on duty or in high school, returned and formed the band listeners know today. Though he doesn't play much tennis any more, he is still an active Chess player.

(above) Joe Azzarello, at 100 years old, plays chess against Joe Renna as Master Scott Massey spectates, at the Kenilworth Chess Club, which meets every Thursday Night, at 8 p.m., at the Kenilworth Recreation Center located on the Boulevard.

RELIEF FROM CHRONIC KNEE PAIN

FDA Approved Treatment to Avoid Surgery

DON'T BLAME THE ARROW FOR MISSING THE TARGET

Just like tens of millions of other Americans, you were looking for relief from your chronic knee pain. You thought Viscosupplementation injections might be the answer, but the results were disappointing and painful. Don't assume the treatment wasn't right. That could very well be like blaming the arrow for its path to the target when the problem might be the archer. If you didn't get the pain relief you were hoping for, chances are your injection treatment was off target. Unlike blind injections or even ultrasound targeted treatments found elsewhere, **Northeast Spine & Wellness Center** uses diagnostic fluoroscopy to make sure the area that needs treated is the exact area where the injection goes. This is the most advanced method of delivering this pain relieving treatment with 95% accuracy to give you the results you're looking for. The use of Fluoroscopy guided injections sets **Northeast Spine & Wellness Center** apart. The end result is you living pain free from your chronic knee pain. You can avoid the lengthy and painful road of knee replacement surgery. You can avoid the endless trial and error assortment of potentially addictive prescription medications. This treatment, using fluoroscopy guided injections has seen a success rate of above 85% in those suffering from knee pain related to osteoarthritis, and that includes people with bone on bone involvement. You've suffered from chronic knee pain long enough. Call **Northeast Spine & Wellness Center** now for a RISK FREE consultation.

If Knee Surgery Sounds Scary, It Should

Have you have been told you are facing knee replacement surgery? Have you been told about all the downsides you could be facing? First and foremost, there are NO guarantees that knee replacement surgery will be the answer to your pain, but let's look further:

- Surgery is costly, regardless of the percentage of services covered by insurance.
- Surgery requires lost time from work and typically requires a regimen of rehabilitation and medications.
- With surgery, there is always a risk for unwelcomed complications. And you could be back to where you started, or worse.
- Medications will be required for relief from surgery and you have been down that road before. Addictions to these pain medications can cause potential side effects, something you do not want to experience.
- Rehabilitation can take years.

Consider This Alternative To Surgery

Northeast Spine & Wellness Center offers you a real opportunity and a painless way to say goodbye to your knee pain without any surgery. Here are just a few of the important benefits you should consider?

- Diagnostic fluoroscopy accurately targets the pain, unlike blind injections.
- Guided fluoroscopic injections are virtually pain free, unlike blind injections.
- No lost time from work or family.
- No expensive or time consuming rehabilitation.
- No potentially addictive prescription medications.
- Recovery time is almost instant, not months or years.

How Does This New Treatment Work?

Relief begins almost as fast as it takes to pronounce the treatment. It's called Viscosupplementation Therapy. To begin with, it starts with **Northeast Spine & Wellness Center** investing in the use of diagnostic fluoroscopy. This enables them to target the exact location of your knee pain with pinpoint accuracy. What follows is a simple injection that causes little to no pain, especially when compared to what you may be living with daily. That explains what you will see on the surface of this revolutionary treatment. What's taking place below the surface is how and where the natural healing process takes place. The injection of a Hyaluronic acid called Hyalgan. This gel-like substance was approved by the FDA in 1996. Hyalgan is a natural substance that mimics the synovial fluid that is already produced by your body in your joints. Osteoarthritis sufferers in particular see a reduction in this much needed synovial fluid in their knee joints. Without that cushioning layer of protection, the cartilage in your knee can begin to wear away leading to the rubbing of bone on bone. Through Viscosupplementation Therapy, this natural substance immediately goes to work reducing the swelling and inflammation in the joint and adding a coating layer of protection. Think about Dorothy taking the oil can to The Tin Man. You'll begin to feel that same kind of relief and quite possibly feel like you're ready for a dance down the yellow brick road to recovery yourself. And with a success rate of over 85% in alleviating pain associated with osteoarthritis, it's easy to see why this treatment is so readily covered by Medicare and by most major insurance providers. Diagnostic fluoroscopy to target the pain. Viscosupplementation Therapy to relieve the pain. Simple, fast and no surgery!

Do you Suffer from any of these Symptoms?

There are a number of reasons why you developed Osteoarthritis pain. It can develop with age or because of heredity. It could be from repetitive stress from a job or some glory days in athletics. Of course your concern is with the symptoms you face daily and how to make them end, hopefully without surgery or the use of potentially addictive medications. **Northeast Spine & Wellness Center** understands the symptoms you have been living with and can help. If you have any of the symptoms below, please call us today. Relief is a phone call away.

- **Pain** - Whether it's a sharp aching or maybe a burning sensation, the pain can range from irritating to debilitating.
- **Swelling** - This can cause tenderness and soreness to the entire knee area, making walking or going up and down stairs painful, getting in and out of bed or bathtubs difficult and dangerous just name a few activities affected by swelling.
- **Stiffness** - Getting up out of bed or after sitting for a period of time gets more and more difficult. This loss of mobility can be more than a hindrance. It can be dangerous if you need to move quickly.
- **Loss of muscle strength** - This can lead to balance issues and the strong possibility of falling.
- **Joint deformity** - Not just unsightly, but painful as well.
- **Creaking Joints** - Can be painful and a sign of more discomfort to come.
- **Sleepless nights** - Losing sleep over your suffering is not just irritating, but potentially dangerous because of so many other health concerns that can be affected by loss of sound sleep.

Let Me Show You Targeted Relief From Your Knee Pain

Every day, I see patients suffering from knee pain due to arthritis, osteoarthritis, sports injuries or other conditions. Many have been told that they are in need of knee replacement surgery. Other patients say they have been prescribed various prescription medications to deal with the pain.

Something else I see almost every day, are patients that have tried viscosupplementation knee injections elsewhere and found it to be a painful and ineffective experience because the injections were not administered using fluoroscopic guidance. Instead of using the incredibly accurate diagnostic fluoroscopy we use at **Northeast Spine & Wellness Center** these patients experienced a blind injection technique, which can be as inaccurate as playing pin the tail on the donkey.

Once I am able to explain to my patients about the pin point accuracy of using diagnostic fluoroscopy and the amazing results viscosupplementation can provide, they are thrilled to get started. They are even more thrilled when they feel the relief. Please contact **Northeast Spine & Wellness Center** today to schedule your RISK FREE consultation.
