WOODLAND SCHOOL HOSTS THE MYFACE WONDER PROJECT

On Friday, October 4th, Woodland School hosted an assembly for the students called "The myFace Wonder Project." According to myFace, "The goal of the myFace Wonder Project is to teach students of all ages the importance of empathy, inclusivity, and being an Upstander against bullying."

The assembly opened with Alexis Lindy, 5th grade student ambassador, speaking to the students and introducing the main speaker, Dina Zuckerberg, myFace Director of Family Programs.

Dina kicked off the presentation by talking about facial differences in people. She shared her own story of growing up with facial differences such as a cleft lip, hearing and vision impairments. Dina instilled the belief that, although many different children may have been born with facial differences, they can do anything they set their minds to.

She has not allowed these limitations to disrupt her quality of life. Her message to all is to "be nice to people and to include them and lend a helping hand. You may not mean it at the time, but any unkind words are very hard to take back." She shared stories from her own childhood and how she was

not a stranger to kids being mean to her. She has also worked with other children who also have experienced some form of bullying.

Dina continued the presentation by engaging the students with an exercise in which they were each holding a piece of paper. Dina instructed them to crumple the paper and then attempt to make it look like its original form again. The significance of the exercise was to show how words can crumple and leave a crease on your heart that becomes very challenging to correct.

The Wonder Project teaches to "Choose Kindness." Dina talked about and encouraged the students to use their superpower of saying sorry and to choose to be kinder to one another. Dina challenged the students to talk about how to be kind. The students were encouraged to share their kindness at home and encourage their families to join them in spreading the kindness.

TROOP 228 OF WARREN ADDS TWO NEW EAGLE SCOUTS

Warren Troop 228 is proud to announce two more scouts have earned the Eagle rank, the highest achievement available within the Scouts BSA program. Eagle Scouts have demonstrated their knowledge in a variety of important life skills including first aid and emergency preparedness, camping and the outdoors, citizenship, physical fitness and time and money management. They have also honed their leadership skills by taking on a variety of roles in

their troop setting. As a culminating experience, scouts are required to plan, develop and lead others in carrying out a significant service project for the benefit of any religious institution, school or community.

Troop 228, originally chartered in 1965, is part of the Pioneer District of Patriot's Path Council BSA, and is chartered by the Mt. Bethel

Volunteer Fire Company in Warren. Only about 4% of scouts nationally achieve the Eagle rank, and we are extremely proud of the character and perseverance demonstrated by each of these young men. Troop 228 welcomes new members, and is open to boys in middle or high school.

DAUGHTERS OF THE AMERICAN REVOLUTION HAS A BUSY AUTUMN AGENDA

The Daughters of the American Revolution (DAR) hosted an exhibit at Washington Rock State Park during Somerset County's Journey Through the Past on October 13.

Members of Elizabeth Snyder-Continental Chapter were on hand to help tell the story of this famous landmark and the role that the DAR chapter had in preserving the site. They joined the Green Brook Cultural, Heritage & Historic Preservation Commission and their special guest, Gen. George Washington, portrayed by Sam Davis.

Also in October, chapter members celebrated Indigenous Peoples Day with a program on the development of corn by Native Americans and a craft project to create beaded Indian corn. In addition, the chapter gathered holiday gifts worth more than \$300 for the veterans at Lyons V.A. Medical Center as a DAR Day of Service project.

This month, the chapter will honor veterans at Mira Vie in Warren on Nov. 9, assisted by Boy Scout Pack 67. The chapter meeting on Nov. 12 will feature a guest speaker from the Somerset County Environmental Education Center. Later in the month, DAR members will accept a Proclamation of November as Native American Heritage Month from the Somerset County Board of County Commissioners.

The DAR is a nonprofit service organization open to women 18 and over who can prove descent from a patriot of the American Revolution. Based in Green Brook, the chapter serves areas of Somerset, Middlesex and Union counties. New members are welcome. Contact the chapter at ESCchapterDAR@gmail.com.

SHOP LOCAL FARMERS' MARKETS FOR THE HOLIDAYS

The New Jersey Council of Farmers and Communities (NJFCF) is excited to highlight the abundant offerings of local farmers' markets, where residents can access the freshest produce the Garden State has to offer.

By visiting jerseyfarmersmarket.com, consumers can easily locate farmers' markets in their area and explore a wide array of locally-grown fruits and vegetables, along with delicious recipes that enhance the farm-to-table experience. Look for the unmistakable Jersey Fresh sign, it insures the purchase of authentic New Jersey produce.

New Jersey boasts over 715,000 acres of dedicated farmland and is renowned for its diverse specialty crops, producing an impressive 1.2 billion pounds of tomatoes, 74 million pounds of blueberries, and 400 million pounds of sweet corn annually. With its unique climate and fertile soil, New Jersey's farmers are devoted to sustainable practices that not only elevate the flavor and quality of their crops but also support environmental stewardship. Specialty crops from New Jersey play a crucial role in both local consumption and national markets, significantly bolstering the state's economy.

The NJCFC supports numerous farmers' markets across the state, fostering community engagement and promoting sustainable living. "New Jersey's agricultural industry is thriving, and our specialty crops are among the best in the nation," said Joseph Mikulewicz, President of NJCFC. "By choosing local produce, consumers invest in their health while supporting our

dedicated farmers and strengthening their communities."

Buying local produce provides numerous advantages: it minimizes carbon footprints thanks to shorter transportation distances, stimulates local economies, and guarantees access to fresher, nutrient-rich food. Research shows that locally grown fruits and vegetables often have higher nutrient levels compared to those transported over long distances.

Farmers' markets, along with local restaurants and grocery stores throughout New Jersey, proudly feature locally sourced produce that encourages healthier eating habits while nurturing a sense of community connection. The state remains committed to upholding its leadership in specialty crop production through initiatives centered on education, sustainability, and making fresh food accessible to all residents.

For more information on New Jersey's specialty crops and the benefits of purchasing local produce, please visit jerseyfarmersmarket.com.

BIG NEWS: RENNA MEDIA IS LAUNCHING SIX MORE NEWSPAPERS IN DECEMBER

Renna Media will be launching six new newspapers in December 2024. The new towns joining Renna Media's family of newspapers are Livingston, Roseland, Hanover, East Hanover, Morristown, and Morris Township. The newspapers are Every Door Direct Mailing (EDDM) to every home and business in town.

The new monthly publications will add over 40,000 new postal patrons for a new total of over 200,000 newspapers mailed to 30 towns in Union, Somerset and Morris Counties.

The publications are "hyperlocal" in nature in that they contain information focused on each individual town and are direct mailed within those towns. The newspaper's goal is to have a positive influence on the economic development and overall well-being of the town. Our publications exist to share community service news and the good things that are happening in the community.

The concept of being hyper-local is to give local businesses a venue to promote services. Reaching local customers gives you the highest return for your advertising dollars. The black and white newspapers are designed to keep the cost of an advertisement to a minimum. Ads in one town start at \$100. Regional businesses can take advantage of discounted rates for advertising in multiple towns.

Renna Media also prints full-color flyers and tri-fold menus that get mailed along with the newspapers. A cost effective alternative to mailing postcards.

Renna Media is a Cranford, NJ based business

owned and operated by husband-and-wife team of Joe and Tina Renna. They are celebrating 40 years in business.
