STUDENTS RISE TO THE AMERICAN HEART CHALLENGE

Clark Public Schools

The American Heart Association has partnered with Kumpf Middle School this February for the American Heart Challenge. The purpose of the event is for the students to complete Finns Mission as they look to take on lifesaving skills.

As part of the American Heart Challenge, Physical Education and Health Teacher Brittany Casares set up an event where all Kumpf students will have the opportunity to learn about CPR/AED. All students will learn how to perform hands only CPR and use the AED during their Physical Education and Health class. The students began

learning these lifesaving skills on February 4th and will continue to learn these skills next week. With the help of certified CPR and AED instructor, Physical Education and Health teacher Mr. Hartzler is helping with the event.

Students will be provided the knowledge and information on what to do step by step. "This is a great opportunity for students to learn lifesaving skills. We are happy to provide them with the knowledge of what to do and hope they will not have to use these skills", Ms. Casares stated. In a few years the students will have the chance to be CPR and AED certified as a Junior at ALJ.

NJEA GRANT HELPS ALJ STUDENTS DESTRESS

Clark Public Schools

This school year, Ms. Jenn Barbera's class at ALJ High School had a special visitor made possible through the New Jersey Education Association's HIPP grant. Licensed art therapist Samantha Commarato visited Ms. Barbera's class incorporating art into social-emotional learning (SEL).

Most recently, students assessed their levels of stress and learned how painting can help individuals destress. The students were taught that stress can be assessed through a number, almost like taking a temperature. The students rated their stress level from 1-10. If the student felt comfortable explaining and saying their number, they had the opportunity to share. The students then transitioned to a painting or drawing activity. There is a lot of choice

involved in our activities and students had the choice between painting and drawing with marker and colored pencil. Many of the students opted to paint. The students were instructed to think of something that makes them happy or calm and to illustrate that. The pictures varied from Mario Kart, to Fortnite, to a butterfly, to an ocean at night and numerous other drawings. At the end of the session, students shared why they drew what they drew.

"These past few months have been great having the chance to incorporate SEL through art. I think incorporating these topics into my lessons has helped my students understand better, while increasing my own knowledge of SEL. My students and I really look forward to these lessons and I enjoy seeing what they create," says Ms. Jenn Barbera.

SAY GOODBYE TO KNEE & JOINT PAIN WITHOUT RADIATION

Introducing RADIATION FREE KNEE INJECTIONS Under Ultrasound Guidance

Do You Experience:

- Joint pain or tenderness?
- Joint stiffness after a period of inactivity or when you first wake up?
- Loss of flexibility?
- Grating sensation when you move?

Why Do You Need It?

- You have knee pain that's so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- No pain from the injection
- No recovery time
- Quick results
- No radiation

If you answered "yes" to any of these questions, there's good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure in which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

The 41st Sharing the Quilts will be held at the Willow Grove Presbyterian Church, 1961 Raritan Road, Scotch Plains, NJ from 9 a.m. to 5 p.m. Admission is \$8 for adults and \$3 for children under twelve.

At 10:30 a.m., Elsa Hahn of Edison will show her work and speak on “Surface Design – Making it Personal.” The award-winning quilter and retired Westfield music teacher will share her firsthand knowledge of various art quilting techniques, including the pros and cons of popular methods.

Tellier’s whimsical fiber art will be featured alongside her acrylic paintings, crochet, examples of bobbin lace making and a fascinating diorama of a miniature modern quilting studio. “My hope is to have the quilts speak to the viewer, with a sense of humor or play on words,” Tellier said.

As is tradition, local charities will benefit from drawings for a modern lap-sized quilt, a

traditional queen-sized bed quilt, gift cards and craft themed gift baskets.

In addition to viewing a full array of modern, traditional, art and wall-hanging quilts, attendees can participate in viewer’s choice awards, kid’s crafting table and vendor sales area.

GRIEF FACILITATORS WELCOMED; VOLS SOUGHT

The staff at Imagine, A Center for Coping with Loss are so pleased to welcome 10 new facilitators to their wonderful team of volunteers! The new facilitators completed three full days of training where they learned about Dr. Alan Wolfelt's Companionship Model practiced at Imagine, and role-played situations in which they used their new facilitation skills assisted by members of the Imagine staff.

One of the participants in the training shared a bit about her experience saying: "I was amazed by the way a group of strangers could feel so safe in a non-judgmental environment to share their most vulnerable feelings and stories." Another spoke about the Imagine staff who facilitated the training sharing: "All three facilitators were more than generous of heart and spirit."

Each of the new volunteers is now facilitating a grief support group on one of Imagine's Nights of Support in Mountainside or Newark. The staff at Imagine are so grateful to welcome this new team of volunteers! One of the largest hurdles the staff at Imagine faces in meeting the demand for

their services is finding compassionate individuals like those above, who can dedicate their time and talents to volunteer.

If you would like to explore the possibility of joining Imagine's incredible team of volunteers, please visit their website at imagineenj.org to complete their interest form, or contact Imagine's Communications and Volunteer Engagement Manager, Val Stierhoff at val@imagineenj.org. Additional trainings are planned for youth facilitators in January, and for adults in and May 2025.

Imagine, A Center for Coping with Loss is a 501c3 that offers grief and loss education and training to the community and free year-round grief support groups for children ages 3-18 and young adults 19-30 who are coping with a loss due to death. Concurrently, support groups are available for the parents and guardians of the children in the groups and offered in English and Spanish. For more information, please contact Imagine at 908-264-3100 or info@imagineenj.org or visit our website at imagineenj.org.
