ROTARY HOSTS TASTE OF FLORHAM PARK –MAY 19

Florham Park Rotary

The Taste of Florham Park is the annual festive food extravaganza that benefits the Florham Park Rotary Scholarship Fund. Mark your calendars for May 19, 2025.

Florham Park is known as "a community of volunteers". This is one event that rewards Florham Park students who have a record of community volunteerism and who are Seniors in any local high school may earn Scholarships from the Rotary. In addition to the monetary awards, students may add Rotary scholarships to their resumes. In a competitive environment it's a great reference to have to the world's oldest service organization - an organization with 40,000 clubs in 200 countries around the world. Net proceeds from the Taste of Florham Park are dedicated to the scholarship fund.

Florham Park's eating establishments graciously provide samples of some of their best dishes. Florham Park Liquors greets guests with wine, beer and spirits. These merchants show their commitment to our local community.

The Taste is a must attend party for food lovers. It is also a celebration and an opportunity to enjoy the evening with family and friends – and neighbors – at a historic mansion.

Tours of the Vanderbilt-Twombly Mansion will be offered throughout the event. Adding to the ambiance of food and history, music by Florham Park resident violinist Marilyn Tepper will waft through the Great Hall of the Mansion.

PRESERVATION TRUST GRANT APPLICATIONS DUE JUNE 19TH

Morris County

The Morris County Office of Planning and Preservation has announced the availability of grant applications to file for open space funding through the Morris County Preservation Trust.

The applications are available on the Open Space Preservation website: morriscountynj.gov/Departments/Open-Space-Preservation/Open-Space-Application

The deadline for submitting open space applications and appraisals for 2025 funding is Thursday, June 19, 2025.

In 2024, the Morris County Board of County Commissioners approved the Open Space Trust Fund Committee's recommendations to award \$1.8 million in grants for acquisition and preservation of 65.2 acres across three municipalities.

Since its inception in 1994, the Open Space Trust Fund program has helped to preserve more than 18,300 acres throughout Morris County, supported by \$300,022,868 in funding generated through a preservation tax approved by voters in 1992.

In addition to open space projects, the county's Preservation Trust Fund also supports farmland and historic preservation, county parkland acquisition, recreational trails projects, and the purchase of flood-prone residential properties.

The review process for grant applications is managed by the Open Space Trust Fund Committee, which visits the proposed sites and makes final recommendations to the Board of County Commissioners each fall.

"Any of Morris County's 39 municipalities and qualified charitable conservancies are eligible to apply for grant funding," said Barbara Murray, program coordinator of the Morris County Open Space Trust Fund program.

For more information, contact the Office of Planning and Preservation at 973-829-8120.

ANNUAL SCIENCE FAIR INCREASES STEM CURIOSITY AND SKILLS

Submitted by Dr. Steven Caponegro, Superintendent of Schools

The annual Florham Park Brooklake Elementary School Science Fair took place the evening of April 3rd and served as an importance activity to increase STEM curiosity and skills in our elementary school students. The fair, and experiments done throughout, encourages handson scientific inquiry, and develops essential problem-solving skills, partnership, communication, and critical thinking. So much time and effort was put forth by the students, their

Science Fair staff coordinators. The event could not have gone any smoother.

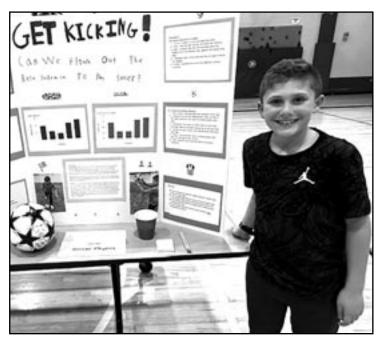

The Science Fair had an impressive turnout, with many parents, siblings, grandparents and community members in attendance. I was amazed not only by the high level of student participation, but by their ability to effectively articulate and explain their experiences and findings. This fair, at their age level, was second to none! I'm proud of them!

said "It was a pleasure to organize this year's

teachers, Principal Foster, and particularly by Ms. STEAM expo alongside Ms. Pasquale. The Diaz and Ms. Pasquale, who served as the experiments the students presented were phenomenal; I loved to see the passion and excitement in their faces as they shared their findings with the community. Thank you to everyone who came out to support our students!"

Ms. Francesca Pasquale, Science Fair Coordinator, said "It was an absolute pleasure to be a part of the STEAM Expo this school year. Kudos to all the brilliant students who showcased their creativity, innovation, and passion through their experiments. You've inspired us all with Ms. Raquel Dian, Science Fair Coordinator, your ingenuity and reminded us that the future is in incredibly capable hands."

RECENT RETIREES INVITED TO NEW GROUP IN CHATHAM

RESIDENTS 55+ WELCOMED

Senior Center of the Chathams 58 Meyersville Road, Chatham Mon through Fri from 9 a.m. to 3 p.m. For more information call 973-635-4565 or visit chathamseniorcenter.org.

The Senior Center of the Chathams is holding a new group for recent retirees that is part of its ongoing Connections series. This free four-week session starts on Tuesday, May 6 and meets on Tuesdays. It's a great opportunity to meet others and share experiences during this exciting new phase of life. If you are interested in participating, please call the Senior Center of the Chathams at 973-635-4565.

Retiring, whether by choice or not, can be a challenging experience. On the one hand, retirement is supposed to feel like a happy time earned after many years of hard work; on the other, it can be an uncertain and stressful period. Many new retirees experience a drop in wellbeing because they find they miss working, miss the camaraderie of colleagues, are bored, or haven't yet determined what to do with their time. This can also be accompanied by feelings of loss of professional identity, loneliness, and questions about the future. Many may benefit from group support and talking with others going through the same life transition.

The Senior Center of the Chathams (SCC) is an independent 501 (c) (3) non-profit organization celebrating its 35th anniversary this year. Since its founding, the Senior Center of the Chathams has provided older adults with opportunities for connection, community, and engagement. Not your typical "senior center," energetic and intellectually curious older adults are offered a huge variety of programming and services each month that enrich, support, and help to maintain an active lifestyle.

Chatham residency is not a requirement for participation. The Center welcomes people from Chatham and surrounding communities, as well as individuals from anywhere in New Jersey. There is no fee to join the Center. Many programs are offered free of charge, while others involve a minimal cost thanks to individual donations, fundraising events, and grants. Located at 58 Meyersville Road (lower level), Chatham, the Center is open Mondays through Fridays from 9:00 a.m. - 3:00 p.m. For more information, call 973.635.4565 or visit chathamseniorcenter.org.

Morris County School of Technology

The Morris County School of Technology's (MCST) Academy for Education & Learning, Law & Public Safety, and Healthcare Sciences is excited to announce its Teddy Bear Clinic, a fun and educational event for children ages 3-9, taking place on Saturday, May 3rd. DONE FOR YOU - NJLOCALINFO.COM

Struggling to build your business' online presence? NJLocalInfo.com offers not only a powerful, cutting-edge content marketing service, but also a high quality local directory to connect you with leads directly.

NEW JERSEY: POWERED BY SMALL BUSINESS

It would not be a stretch to say that the New Jersey economy is built on the backs of the small businesses that call the state their home. Nearly one million SMB enterprises are registered in the state as of 2024, a sector of the economy that now accounts for half of all employment in the state. Things are competitive, to say the least. So, how do vou, as a business owner, stand out?

WHAT TO BOOST YOUR ONLINE VISIBILITY? VISIT NJLOCALINFO.COM

To answer that question, we need to first understand the shape of the problem facing many small business owners. There is one very critical thing putting many businesses at a massive disadvantage, not only when compared to other SMBs, but against larger competitors as well. That key ingredient? Digital marketing.

A recent Forbes report found that over half of all small business growth in 2025 comes from digital sources. Translation? Without a digital presence, you are leaving a huge chunk of your potential revenue on the table.

NJLOCALINFO TO THE RESCUE

help To level the playing field, NJLocalInfo.com has developed a two-fold visibility solution that will allow your business to quickly and sustainably build organic traffic in your local market. They accomplish this both by establishing high-quality backlinks to build site authority, and by promoting your business directly to customers through their own directory. **PROVEN SYSTEM**

Their content marketing services are based on their "Create, Repurpose, Distribute" system, which combines the talents of a team of human experts with leading automation technologies to facilitate broad-reach campaigns on a budget. The system relies on informative yet engaging content, which is then transformed into various formats using automation and distributed to hundreds of high-authority channels
