# **MEMORIAL DAY: A TIME FOR REFLECTION AND ACTION**

Michael Boll, New Jersey Veterans Network

Every Memorial Day, millions of Americans attend parades, fire up their grills, and host large backyard BBQs for friends and family. As a veteran, I look forward to marching in a parade and attending a BBQ. However, before the festivities begin, I make it a point to check in on fellow veterans and ensure they are in a good place. For some veterans, Memorial Day is a difficult day, and they could use some reassurance from a friend or comrade.

For too long, our military members and veterans have been facing a heartbreaking crisis. A new study suggests that 44 veterans and servicemembers take their lives every day. This has become a nationwide epidemic, and countless families are struggling with this issue alone. Fortunately, there are many organizations working tirelessly to help our uniformed heroes get through these difficult times.

In 2017, the New Jersey Veterans Network (501(c)3) was created with a focus on the wellbeing of military members, veterans, and their families. The NJVN is a volunteer-driven mobile outreach team that actively seeks out veterans in need, providing them with free, life-saving resources and services. As a grassroots organization, we have a unique perspective on the needs of our uniformed heroes.

Our approach, combined with the ability to

collaborate with other organizations that share our mission, has allowed us to save lives and help veterans live a better quality of life. Recently, the NJVN has ramped up our mentorship and peer support programs. However, our recreational therapy events and functions have produced the most impactful results.

The NJVN has had great success hosting social events such as: movie nights, group hiking, paintball, professional sporting games, fishing trips, hunting, and other outdoor activities. Additionally, every year, the NJVN sends veterans to Camp Patriot (a PTSD retreat) for a week of healing.

Each week, the NJVN provides veterans with food, clothing, housing assistance, VA benefits information, and mental health support. By partnering with numerous other groups and organizations, we can offer our uniformed heroes a better way of life.

We are always looking for volunteers that can both assist with upcoming events and help mentor veterans so they can live better productive lives. Volunteers are the most important NJVN resource, and we would love to have more people help us save lives. If you need assistance, or are interested in joining our team of volunteers. please send us your name, email, and phone number to NJVN1775@gmail.com or call 973-332-1556. This immersive weekend event highlights the daily lives of Continental soldiers and camp followers during the Revolutionary War.

Throughout the weekend, visitors can explore the sights and sounds of a recreated 18th-century military encampment. Demonstrations will include musket drills, military inspections, cooking, sewing, and other camp chores. Younger guests are invited to take part in the "children's muster," where they'll be taught how to march and drill like Revolutionary soldiers. This year's encampment includes additional interpretive demonstrations sponsored by the Friends of Jockey Hollow. Visitors can observe 18th-century carpentry with Scott Lance of At the Sign of the Adze, Ace, and Chisel, historical laundry methods, and trade interactions with the camp sutler.

All activities are free and open to the public. The schedule is as follows:

### NEW JERSEY: POWERED BY SMALL BUSINESS

It would not be a stretch to say that the New Jersey economy is built on the backs of the small businesses that call the state their home. Nearly one million SMB enterprises are registered in the state as of 2024, a sector of the economy that now accounts for half of all employment in the state. Things are competitive, to say the least. So, how do you, as a business owner, stand out?

### WHAT TO BOOST YOUR ONLINE VISIBILITY? VISIT NJLOCALINFO.COM

To answer that question, we need to first understand the shape of the problem facing many small business owners. There is one very critical thing putting many businesses at a massive disadvantage, not only when compared to other SMBs, but against larger competitors as well. That key ingredient? Digital marketing.

A recent Forbes report found that over half of all small business growth in 2025 comes from digital sources. Translation? Without a digital presence, you are leaving a huge chunk of your potential revenue on the table.
