VOLUNTEERS AND STUDENTS MAKE URBAN FARM POSSIBLE

Volunteers make everything that Grow it Green Morristown does at their Urban Farm possible. Most projects involve working outdoors and may require physical labor. Volunteers do not need to have any gardening experience, the expert staff helps and guide them with the tasks.

Students looking for volunteer opportunities will enjoy the chance to get outside and learn new skills while meeting others in the community. Grow it Green provides documentation of volunteer hours if needed.

The land for the educational farm is provided by the Morris School District. It's an outdoor classroom promoting STEM learning and sustainable practices, all while providing fresh produce for our community.

Grow It Green welcomes corporate and community groups at The Urban Farm and the Early Street Community Garden. Volunteer days spent with us are a great way to promote team building while completing critical tasks to serve the community and making all the work we do possible! For more information visit: growitgreenmorristown.org

**PRESERVATION TRUST GRANT
APPLICATIONS DUE JUNE 19TH**

Morris County

The Morris County Office of Planning and Preservation has announced the availability of grant applications to file for open space funding through the Morris County Preservation Trust.

The applications are available on the Open Space Preservation website: morriscountynj.gov/Departments/Open-Space-Preservation/Open-Space-Application

The deadline for submitting open space applications and appraisals for 2025 funding is Thursday, June 19, 2025.

In 2024, the Morris County Board of County Commissioners approved the Open Space Trust Fund Committee's recommendations to award \$1.8 million in grants for acquisition and preservation of 65.2 acres across three municipalities.

Since its inception in 1994, the Open Space Trust Fund program has helped to preserve more than 18,300 acres throughout Morris County, supported by \$300,022,868 in funding generated through a preservation tax approved by voters in 1992.

In addition to open space projects, the county's Preservation Trust Fund also supports farmland and historic preservation, county parkland acquisition, recreational trails projects, and the purchase of flood-prone residential properties.

The review process for grant applications is managed by the Open Space Trust Fund Committee, which visits the proposed sites and makes final recommendations to the Board of County Commissioners each fall.

"Any of Morris County's 39 municipalities and qualified charitable conservancies are eligible to apply for grant funding," said Barbara Murray, program coordinator of the Morris County Open Space Trust Fund program.

For more information, contact the Office of Planning and Preservation at 973-829-8120.

IS YOUR ROOF READY FOR ROOF MAXX?

Asphalt shingles are made of small, sand-like pebbles pressed and held together with natural oils. As this oil dries out, you will notice changes in your shingles. When you start seeing the following signs, your roof can benefit from a Roof Maxx treatment.

- Sand, pebbles, and debris flaking off and showing up in your gutters and downspouts.
- Watch for black stains or streaking that are visible from the ground.
- Note areas that are cracking, breaking, and curling.
