COMPUTER SCIENCE FAMILY NIGHT

East Hanover Public Schools

Families, students, and volunteers came together on April 24th at East Hanover Township Public Schools for a memorable evening of exploration, learning, and community connection during the 3rd Annual K-5 Computer Science and STEM Family Night. Organized by the East Hanover Board of Education and coordinated by Ms. Dana Aagaard, Supervisor of Curriculum and Instruction; Ms. Melissa Falcone, Principal of Central School; and Mr. Matthew Tuorto, Principal of Frank J. Smith Elementary School, this year's event welcomed a record-breaking turnout.

First launched three years ago as an initiative by Jismi Mathew, a student in the Computer & Information Sciences Academy at Morris County School of Technology (MCST), the Family Night has grown into a signature event for the district. The event has always been held at Central School and, during its first year, was open only to Central School students in grades 3 through 5. Beginning in the second year, the event expanded to include all students from kindergarten through

fifth grade, welcoming both Frank J. Smith Elementary School and Central School students. With expanded activities and growing participation each year, the Family Night continues to offer exciting hands-on STEM and computer science experiences for young learners across the district.

Due to the increased number of activities and attendees, the event this year was held across both the auditorium and cafeteria at Central School. Families rotated through multiple hands-on computer science and STEM stations, where 20 high school volunteers helped guide students through coding challenges, engineering projects, and creative science experiments. To add to the excitement, raffle prizes were awarded to students from each grade level.

"It's hard to believe we're celebrating this event for the third year," said Jismi Mathew. "What started as a simple email to Principal Falcone has grown into an annual tradition for our schools and community. It's amazing to see how much it has expanded and how many students and families it now brings together."

(above) Family Night volunteers and coordinators.

10TH ANNUAL FEATHERFEST – JUNE 1

FOUR DECADES OF MUSICAL MAGIC

Hanover Wind Symphony

Celebrating four decades of “bringing music to people and people to music,” the renowned Hanover Wind Symphony presented a gala 40th Anniversary Concert on Sunday, April 27, at Morristown High School. Roughly half the members of the all-volunteer HWS are music educators; the other half range from engineers and physical therapists, to IT business analysts, speech/language pathologists, even probation officers. All bring their musical talents, plus their other life experiences, to the music they love to play. The group was founded in 1985 by Peter Boor, former band director at Whippany Park High School, who saw the need for an adult ensemble which could perform music of the highest caliber. At the premiere performance there were 30 musicians. Now in its 40th season, the Hanover Wind Symphony has a membership of over 85. For further information about HWS, including details about upcoming concerts, visit hanoverwinds.org.

(above) Among those on hand for the HWS 40th Anniversary Concert founding music director and conductor Peter Boor, left, former band director at Whippany Park High School and Fairleigh Dickinson University in Madison, and Matthew Paterno of Parsippany, current HWS music director and conductor. Boor served as a guest conductor at the 40th Anniversary Concert.

TigerRoofingNJ.com

Get Your Roof Tiger Proofed!

Family-owned since 1978.

We invite you and your family to The Raptor Trust (TRT) on Sunday, June 1, 2025, for a day of all things bird! Make a difference in one day. FeatherFest is the biggest event of the year, when our community comes together to raise funds to help care for the influx of baby birds we admit each spring/summer. Tour our facilities and participate in games, gifts, auctions, raffles, food, and FUN! Entry times for FeatherFest must be booked online at: theraptortrust.org/featherfest

The Raptor Trust is located at 1390 White Bridge Road, Millington, NJ.

The Raptor Trust is a 501(c)(3) not for profit organization which provides free medical care to thousands of orphaned or injured birds each year. Our infirmary staff is available seven days a week during daylight hours to admit injured birds, but we must rely on the people who find them to bring them to us for care. If you find a bird that needs help, please visit our website

theraptortrust.org for instructions. We cannot do what we do without the kindness of many – including our visitors!

ANNUAL CARNIVAL - JUNE 17TH - JUNE 21ST

East Hanover Italian American Club

The East Hanover Italian American Club will be hosting their annual carnival June 17th - June 21st at Lurker Park in East Hanover. The carnival will feature rides, both adult and kiddie, games, and food vendors for all to enjoy. Discounted tickets can be purchased online at Campybluestaramusements.com until Monday, June 16th. The hours during the week are 6 to 10 p.m., Friday and Saturday 6 to 11p.m.

Proceeds from this event fund the East Hanover Italian American Club Scholarship program. The scholarships are given out at both Hanover Park and Whippany Park High Schools. Over the years, the club has given out hundreds of thousands of dollars in scholarships for the benefit of high school seniors who are college bound in our community.

The East Hanover Italian American Club has been a community-based organization since 1982. The club donates to many East Hanover charities. The club is also instrumental for creation of the Bocce Ball League. That program has been a great addition to the town's Recreation Department.

Also, the club sponsors the Morris County Columbus Day Parade. A family fun day has been added after the parade for all to enjoy.

In addition in October, we sponsor a Trunk or Treat for Halloween to ensure the children of our community have a safe and happy Halloween.

STUDENTS ACCEPT NASA CODING CHALLENGE

Students from the Academy for Computer & Information Sciences, located at the Morris County School of Technology in Denville, within the Morris County Vocational School District (MCVSD), embarked on a Science, Technology, Engineering and Math (STEM) journey this school year by participating in NASA's App Development Challenge (ADC). The ADC, one of eight Artemis Student Challenges, is a coding challenge presenting students with technical problems seeking their contributions to deep space exploration missions.

The ADC is a part of the NASA Office of STEM Engagement Next Gen STEM Project and is led out of Johnson Space Center in Houston. This year's challenge asked student teams to research and design a computer application to visualize Artemis II, the first crewed mission on NASA's path to establishing a long-term presence at the Moon for science and exploration through Artemis. The challenge is created in collaboration with NASA's Space Communication and Navigation (SCaN) team to support upcoming mission planning and training activities.

SCaN serves as the program office for all of NASA's space communications activities, presently enabling the success of more than 100 NASA and non-NASA missions. SCaN manages the Near Space Network (NSN) and the Deep Space Network (DSN), ensuring the availability and allocation of the radiofrequency spectrum for all NASA programs. Additionally, SCaN supports the research and development of cutting-edge space communications technologies, such as optical and quantum communications, and is responsible for developing an integrated space communications and navigation architecture to support science and human exploration programs through 2040.

Throughout the 10-week challenge, which occurred Oct. 2-Dec. 11, 2024, students had the opportunity to engage with NASA coders and engineers through four live virtual events and weekly office hours. NASA scientists and engineers reviewed student video submissions and interviewed selected teams. Following interviews, top teams will be selected for a

multiday culminating event at Johnson.

By accepting the ADC challenge, these Artemis Generation students from the Academy for Computer & Information Sciences are participating in NASA's endeavors to land the first woman and first person of color on the surface of the Moon.

For additional information about the App Development Challenge, SCaN and NASA's Next Gen STEM visit their website:

www.nasa.gov/
ACADEMY FOR COMPUTER & INFORMATION SCIENCES

The Academy for Computer & Information Sciences is a rigorous Career & Technical Education (CTE) program that prepares students for success in post-secondary programs and careers related to the computer science field. Students in the Academy are provided with a comprehensive overview of computer programming, internet technology, computer architecture, history of computers, mathematics for programming, network security, and software engineering.

MORRIS COUNTY VOCATIONAL SCHOOL DISTRICT

Morris County Vocational School District (MCVSD) offers a wide range of career and technical education programs that inspire and prepare students to succeed in today's world and pursue tomorrow's opportunities. An academy program of the Morris County Vocational School District (MCVSD) provides students in grades nine through twelve in-depth instruction in a specific career pathway. Students attend the academy program instead of their local high school unless the academy program is housed in their local high school. Students take their academy class each year along with the NJ State Department of Education's academic requirements. All academy students receive a high school diploma from the Morris County Vocational School District, regardless of their academy location. Each academy has a unique academy course sequence and opportunities for internships and earning college credit. For more information visit www.mcvts.org.

UGLY HOMES WANTED FOR TELEVISION PROGRAM IN THIS AREA

TRI-TOWN PBA 2025 FISHING DERBY

On Sunday, May 4th, a fishing derby was hosted by the Florham Park / East Hanover/ Madison Police Benevolent Associations. The ADP pond, located in Florham Park, was stocked with trout. Bait was provided by the PBA.

RUNNING CLUB WELCOMES ALL FOR SATURDAY RUNS

Rose City Runners draws members from Morris County and beyond! We meet every Saturday morning at the Kitchell Rd. parking area of nearby Loantaka Park in Morris Township. (Use 116 Kitchell Rd, Morristown NJ in your mapping software.) Meet time is at 8:30 a.m. April-October and 9 a.m. November-March. We leave promptly so if it's your first time come a little early so you can be introduced.

A small group meets at Cougar Field in Chatham on Tuesdays at 6 a.m.

We share post Saturday run breakfast on a park picnic bench. We even have a fire in the shelter fireplace on cold winter days to keep us warm when we share breakfast. We do have other activities including member hosted house parties. Some members also race and when there is enough interest we form a team. Racing is an option and not a requirement for membership.

Just come some Saturday! Members run varying paces (including a few walkers) and typically cover 3-8 miles, much on quiet wooded

park trails. We often have turnouts of over 20 runners even on cold days. We have a diversity of ages from 20's to 70's! When park trails are icy or snow covered, we use alternate routes. We are a friendly welcoming group.

Contact BarbaraRushman@yahoo.com, check us out on Facebook or visit our website RoseCityRunners.com to join or to learn more. If interested in early morning Chatham runs contact kavishshukla@outlook.com.

(above) Rose City Runners. Come for the run and stay for the friendship!

ALTERNATIVE TO ROOF REPLACEMENT CAN SAVE THOUSANDS AND EXTEND ROOF LIFE UP TO 15 YEARS

CHECK OUT THE ROOF MAXX CUSTOMERS IN YOUR NEIGHBORHOOD

ROOF MAXX ROOF RESTORATION AND REJUVENATION IS A GREEN, SAFE, EASY, PROVEN AND AFFORDABLE ALTERNATIVE TO A COMPLICATED, EXPENSIVE AND LIFE-DISRUPTING ASPHALT ROOF REPLACEMENT

Our revolutionary rejuvenation treatment is designed to penetrate deeply and restore the protective oils and flexibility of your asphalt shingles. This extends the life of your shingles and renews their water, wind, and sun protection for years to come.

Roof Maxx is Environmentally friendly while drastically reduces the expense of replacing your roof.

- Extend the life of your current roof for as much as 15 years
- Saves up to 75% over the cost of a new roof replacement.
- All-natural formulation is Certified USDA BioPreferred
- No messy, noisy, and lengthy construction process or trips to the landfill.

IS YOUR ROOF READY FOR ROOF MAXX?

Asphalt shingles are made of small, sand-like pebbles pressed and held together with natural oils. As this oil dries out, you will notice changes in your shingles. When you start seeing the following signs, your roof can benefit from a Roof Maxx treatment.

- Sand, pebbles, and debris flaking off and showing up in your gutters and downspouts.
- Watch for black stains or streaking that are visible from the ground.
- Note areas that are cracking, breaking, and curling.

Get a free inspection from Roof Maxx, and we'll give you honest answers about the condition of your roof and what we can do for you!

Then and Now with Marta McDowell

Saturday, June 14, 2:00-3:00 p.m.

The hunt for garden history started with a discovery. It was a "visiting gardens" list, circa 1928, found in the archives of the Morris County Park Commission. Miss Caroline Foster drew up the list for the Garden Club of Morristown. Eighty years later Marta McDowell and friends tracked down those properties and a few more for good measure. What did they look like then? Have they survived? Come on this entertaining, informative hunt for the treasures of our gardening past with local author, horticulturalist, and landscape historian Marta McDowell. No registration is required; seating is first-come, first-seated.

Wills, Trusts and Estates (Virtual via Zoom)

Tuesday, June 17, 6:30-7:30 p.m.

Morris County Surrogate Heather J. Darling, Esq. will speak on Wills, Trusts and Estates.

Registration required.

Author Visit with Nick Corasaniti

Wednesday, June 25, 7:00-8:00 p.m.

Nick Corasaniti, New York Times reporter and author, will speak about and read selections from his book, *I Don't Want to Go Home*, an oral history of The Stone Pony.

ALL AGES
