NEW HOME FOR THE ARTS COUNCIL OF LIVINGSTON

Submitted by Lois Dyer

Thanks to the Township of Livingston, the Arts Council of Livingston (ACL) has a new gallery space at 240 East Northfield Road, Livingston. The ACL at Evergreen Farm currently has a show titled “The Originals” featuring the original work of 36 artists. These pieces have been photographed and enlarged and will be displayed on town benches along S. Livingston Ave. from the end of May until

October.
“This outdoor installation, titled “We See You” will be the Arts Councils’ Third Annual Bench Project. We hope to make art more accessible to everyone in our community” says Barbara Sax, President of the ACL. Visits to our gallery are currently by appointment only. Please contact Barbara (kidart73@gmail.com) or Viv (Vivolshen21@gmail.com) to make an appointment.

The New Providence Amateur Radio Club is a general interest amateur radio club open to all. Our goals are technical growth, community service, fellowship, and fun! We also hope to encourage more people to become hams. If you are thinking about becoming a ham, or if you are a ham looking for a club affiliation, we invite you to visit one of our meetings or activities and talk to some of our members.

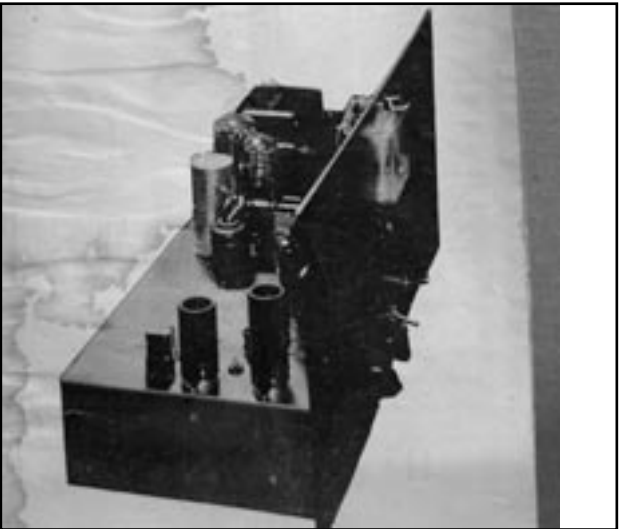

We do all kinds of Ham Radio Activities. We take part in contests and exercises to practice our communications skills. We work with local kids, at school and at summer camps

The club was formed in 1965, primarily by hams working at Bell Labs. Meetings were (and are still) held in New Providence, hence the name of the club. Despite the name, there are no resi-

dency requirements for membership, although most members happen to live within 20 miles of New Providence, NJ, which is in Union County.

We currently have about 50 members - men and women - of all ages, including students, with a wide variety of ham radio skills and interests. Please join us!

Our meetings are held in the Salt Brook Elementary School in New Providence, NJ at 7:30 p.m. on the second and fourth Monday of every month when the school is open. Topics discussed at our meetings are always related to Ham Radio or electronics, but are frequently non-technical, or presented for the education of our young and/or new members. YOU are cordially invited to attend one of our meetings. For more information, please visit nparc.org, or call 908-464-1730.

Mayor Al Morgan, Rick Anderson, Councilwoman Diane Bilicska, and Councilman Alex Kogan

10TH ANNUAL FEATHERFEST – JUNE 1

BIKE AND SEWING MACHINE COLLECTION FOR P4P - JUNE 7

Faith Lutheran Church

Do you have bikes or sewing machines needlessly taking up room in your home or garage? Give them a new home by bringing them to Faith Lutheran Church’s bike and sewing machine collection for Pedals for Progress (P4P) and Sewing Peace on Saturday, June 7th from 9:00 a.m. to 12:00 p.m.

Adult and children’s bicycles in rideable or repairable condition will be shipped overseas by P4P and distributed to those who rely on them for transportation to jobs, markets, medical care, and schools. Donations of working sewing machines also provide income opportunities for those living in developing countries.

If you are unable to drop by on June 7th, you may still leave your bicycle(s) in Faith Lutheran’s lower lot next to the utility shed. If you are donating a sewing machine, please leave it underneath the sheltered alcove by the red doors at the bottom of the parking lot. Faith will make sure these items get to P4P for this collection or will hold them until the next one. Please note that “bikes for parts” or disassembled bicycles will not be accepted.

On average, it costs \$52 to collect, process, and ship each bicycle. A donation toward shipping costs is necessary for P4P’s continued success and \$20 is suggested per bike and sewing machine. All monetary donations (cash or check) and material donations are fully deductible, and a receipt will be provided on site on June 7th. Donations can also be made directly via p4p.org.

To date, Pedals for Progress has shipped over 167,000 bicycles and 6,300 sewing machines to partner agencies in Central America, Africa, and Eastern Europe.

Faith Lutheran Church is located at 524 South Street, New Providence, NJ. Find out more at famfaith.org. Worship is on Sundays at 8:00 a.m. and 10:00 a.m. with livestreaming available via website, Facebook, and YouTube. The church phone number is 908-464-5177 and the pastor of Faith is Rev. Jane McCready.

(above) Donate your unused bikes and sewing machines to Pedals for Progress (P4P), and Sewing Peace, on Saturday, June 7th.

We invite you and your family to The Raptor Trust (TRT) on Sunday, June 1, 2025, for a day of all things bird! Make a difference in one day. FeatherFest is the biggest event of the year, when our community comes together to raise funds to help care for the influx of baby birds we admit each spring/summer. Tour our facilities and participate in games, gifts, auctions, raffles, food, and FUN! Entry times for FeatherFest must be booked online at: theraptortrust.org/featherfest

The Raptor Trust is located at 1390 White Bridge Road, Millington, NJ.

The Raptor Trust is a 501(c)(3) not for profit organization which provides free medical care to thousands of orphaned or injured birds each year. Our infirmary staff is available seven days a week during daylight hours to admit injured birds, but we must rely on the people who find them to bring them to us for care. If you find a bird that needs help, please visit our website

theraptortrust.org for instructions. We cannot do what we do without the kindness of many – including our visitors!

JUNE SPEAKERS PROGRAM FOR THE SUMMIT AREA OLD GUARD

The Summit Area Old Guard is a social, educational, and recreational organization that serves men of retirement age. We meet Tuesdays, 9:30 a.m., at the New Providence Presbyterian Church located at 1307 Springfield Ave. We encourage visitation, and all are welcome. Our motto is “Come for the Programs. Stay for the Friends.” The organization was founded in 1930. Our website address is summitoldguard.org.

JUNE 3RD - MITCH ERICKSON

On June 3rd we will talk about ‘getting the lead out’. Our speaker will be a well-known Old Guard member, Mitch Erickson. Mitch holds a PhD in chemistry and has spent much of his professional career dealing with environmental matters. He will talk about lead mining, the metal’s use, and the dangers from exposure to it. Mitch will review the efforts to remove lead from our environment over the past half-century, notably leaded gasoline, paint, and lead piping. While we have improved human lives and raised IQs by reducing this often-present element, there are still challenges ahead.

JUNE 10TH - ROSIE NOVELLINO-MEARNS

On June 10th, Rosie Novellino-Mearns will tell us of her fight to save Radio City Music Hall. Rosie is a retired Radio City Ballet Dance Captain and formerly President of the Show-people’s Committee to Save Radio City Music Hall. She is also an author and lyricist. Rosie will review the story of how she organized the

gargantuan effort in the spring of 1978 to save Radio City. You will be shocked by the “no good deed goes unpunished” climax of the story in which she reveals her reward for spearheading the movement to save “The Showplace of the Nation.”

JUNE 17TH - STEVE VILLAS

On June 17th, Steve Villas will delve into the intricacies of world oil and gas trading. After receiving a degree in engineering and an MBA from Wharton, Steve spent the next forty-five years in the petroleum industry working for Exxon, Standard Oil of Ohio, British Petroleum, and the Hess Corp. He has experience in Chemical Plant design, advertising and promotion, supply and logistics, government affairs, commodities trading, financial hedging, oil and gas marketing, and more. He will address current topics of interest in the world oil markets

including oil and gas contracts trading.

JUNE 24TH - MIKE MCTERNAN

Finally, on June 24th, Mike McTernan will tell us how he transitioned from a successful career in finance into a totally different career in education, all the while engaging in community service. Mike is currently teaching history at Ridge High School and is also serving as President of the Summit Common Council. He previously spent almost 30 years working in corporate finance and banking. He will address current issues facing secondary education including his subjects of Global History and AP Government and Politics. He will also describe the challenges of a mid-career transition which required him to attain a EdD from Seton Hall University. He will be happy to entertain questions concerning local government issues as well.

Livingston Fire Department

The official start of barbecue season is here. We think of barbecue season as a series of enjoyable times spent outside with family and friends, but outdoor cooking is still serious business and there are significant dangers associated with outdoor cooking.

Before firing up the grill, there are important safety concerns to consider when dealing with fuels like propane, natural gas, and charcoal. Avoid creating a recipe for disaster by taking some simple safety precautions.

LOCATION

Barbecue grills are designed for outdoor use only. Never barbecue in a trailer, tent, house, garage, or any enclosed area because of the danger of carbon monoxide (CO) poisoning. CO is a colorless, odorless gas that can accumulate to toxic levels in closed environments due to the lack of proper ventilation. Make sure the grill is placed in a clear area, away from buildings (15' minimum), trees, dry leaves, or brush. Choose a location that is away from high traffic areas, children playing nearby, and pets. Always be sure to place the grill on a stable surface so that it can't accidentally be tipped over.

BARBECUE SAFETY

Periodically inspect gas-fired barbecue grills. Check for a buildup of spider webs, which can inhibit the flow of gas to controls or for rodent nests in the area of the hoses and controls. Bugs and other "critters" can climb into small places, causing gas to flow where it shouldn't. This can cause propane to leak and ignite when the grill is lit.

It is important to check grill hoses for cracking, brittleness, holes, and leaks before using them. Make sure there are no sharp bends in the hose or tubing that will restrict the flow of gas and cause the unit to malfunction.

PROPANE SAFETY

Store propane bottles and tanks away from potential sources of heat or flame, such as a furnace, water heater, or any appliance with a pilot light. Keep them in a well-ventilated shed away from the house or any habitable structure. Always keep propane gas bottles and tanks upright and in a cool area away from direct sunlight. Exposure to heat will cause the internal gas pressure to increase, which may open the relief valve and allow gas to escape.

Be careful to not store a propane tank in an area that is susceptible to vehicle traffic, such as on a garage floor. A vehicle coming into contact with a propane tank could cause a leak in the tank or an explosion. Keep gas supply lines as far away as possible from hot surfaces and dripping hot grease. Never start a gas grill with the lid

closed, as gas can accumulate inside and, when ignited, could blow the lid off, causing injury.

CHARCOAL SAFETY

Always use approved starter fluid when using a charcoal grill. Never use other flammables, like gasoline, as a starter fluid or accelerant, as this could cause an explosive fire. Since burning charcoal produces carbon monoxide (CO), never put away the grill until you are sure that the coals are no longer hot or burning.

Dispose of hot coals properly by dousing them with plenty of water and stirring the coals to make sure that the fire is out. Store coals in a metal container only — never place coals in plastic, paper, or wooden containers. As a safe practice, store used coal a minimum of 15' from any structure.

GREASE

Whether gas or charcoal, a clean grill is a safe grill. Grease build-up can lead to a fire in the grill — as the grill heats up, the excess grease simply ignites. Grease can build up quickly, leaving several pounds of grease at the bottom of the grill after only a few cookouts. Place a container or "grease-trap" beneath your grill to collect the grease run-off, and replace the container periodically to prevent a grease fire.

SAFETY FIRST

Avoid loose clothing while grilling — especially things like long sleeves or apron strings. Use flame-retardant mitts when adjusting hot vents, and use barbecue utensils with long handles (forks, tongs, etc.) to avoid burns and splatters. Keep a fire extinguisher close in case of emergencies, and never leave the grill when it is lit. Always have one person in charge of the grill to avoid any accidents or injuries.

At the first sign of trouble, turn off the gas supply at the controls if they're not involved in the fire. If the controls are on fire, turn off the gas (if you can do this without risking injury) at the supply (propane tank, or gas supply valve from residence if a natural gas grill). Call 9-1-1 to report the incident, and the Fire Department will respond to ensure that the fire is out and the gas is properly turned off.

Gas grills can produce a great deal of heat which can turn deadly, so it is important to make sure a grill is operating properly before using it. When using a grill, always assume everything is hot and take appropriate precautions. Never attempt to change the location of a hot grill, as there is a high risk of serious burns due to stumbling or dropping the hot grill.

More information on the Livingston Fire Department, fire safety, and fire prevention can be found on the township website at livingstonnj.org/Fire.

ARM PAIN

You Don't Have To Live With It!

That "searing, burning pain" in your arm and shoulder . . . that "achy, numbing" feeling in your forearm... that "tingling" and loss of strength in your hand... It interferes with your ability to use the computer, play golf, garden... to have **FUN IN LIFE!**

Arm pain, hand and arm numbness, and tingling down the arm may actually be caused by a pinched neck nerve even though you have **NO** neck pain - Or something as simple as tendinitis of your shoulder and forearm.

Dr. Murphy is an expert at finding the **CAUSE** of your arm pain and numbness and **CORRECTING IT...** WITHOUT THE USE OF DRUGS OR SURGERY.

ALTERNATIVE TO ROOF REPLACEMENT CAN SAVE THOUSANDS AND EXTEND ROOF LIFE UP TO 15 YEARS

CHECK OUT THE ROOF MAXX CUSTOMERS IN YOUR NEIGHBORHOOD

ROOF MAXX ROOF RESTORATION AND REJUVENATION IS A GREEN, SAFE, EASY, PROVEN AND AFFORDABLE ALTERNATIVE TO A COMPLICATED, EXPENSIVE AND LIFE-DISRUPTING ASPHALT ROOF REPLACEMENT

Our revolutionary rejuvenation treatment is designed to penetrate deeply and restore the protective oils and flexibility of your asphalt shingles. This extends the life of your shingles and renews their water, wind, and sun protection for years to come.

Roof Maxx is Environmentally friendly while drastically reduces the expense of replacing your roof.

- Extend the life of your current roof for as much as 15 years
- Saves up to 75% over the cost of a new roof replacement.
- All-natural formulation is Certified USDA BioPreferred
- No messy, noisy, and lengthy construction process or trips to the landfill.

IS YOUR ROOF READY FOR ROOF MAXX?

Asphalt shingles are made of small, sand-like pebbles pressed and held together with natural oils. As this oil dries out, you will notice changes in your shingles. When you start seeing the following signs, your roof can benefit from a Roof Maxx treatment.

- Sand, pebbles, and debris flaking off and showing up in your gutters and downspouts.
- Watch for black stains or streaking that are visible from the ground.
- Note areas that are cracking, breaking, and curling.

Get a free inspection from Roof Maxx, and we'll give you honest answers about the condition of your roof and what we can do for you!

Safe Easy Proven Affordable Sustainable

FREE SKIN CANCER SCREENING - JUNE 19

Livingston Township

The Livingston Health Department, in conjunction with Jamie Price, PA-C from Advanced Dermatology, will offer a free skin cancer screening on Thursday, June 19, 2025, from 3:00 p.m. to 5:00 p.m. at the Livingston Senior/Community Center, 204 Hillside Avenue in Livingston, on the first floor in Craft Rooms.

Skin cancer is one of the most common forms of cancer. According to the Skin Cancer Foundation, approximately one out of five Americans will develop some form of skin cancer before the age of 70.

Anyone can get skin cancer, but there are factors that can increase the risk for some individuals, such as a history of indoor tanning, multiple sunburns, a family history of skin cancer, and a lot of time spent outdoors for work or leisure.

If you have any concerns about spots on your skin that are changing in shape, size, or color, or that seem irregular, be sure to have them checked.

Appointments are required for this free skin cancer screening. To make an appointment, call the Health Department at 973-535-7961 ext. #7110, #7109, or #7108.

ELECTRONICS RECYCLING & PAPER SHREDDING EVENT

The Township of Livingston will hold its first free Electronics Recycling and Paper Shredding Event on Sunday, June 8, 2025, from 9:00 a.m. to 2:00 p.m. at the Livingston Senior/Community Center, 204 Hillside Avenue.

Under New Jersey state law and the Township's recycling ordinance, it is mandatory to recycle electronic items. Electronic items cannot be placed at the curb for pickup – the garbage and recycling collection trucks will not take them. This event is for residents only and offers drive-through service to safely dispose of unwanted electronics and have confidential papers shredded.

ELECTRONICS RECYCLING

The following items will be accepted for electronic recycling:

- Portable Electronic Music Devices
- Cellular Telephones*
- Computers & Components*
- Copiers
- DVD Players
- Electronic Games
- Fax Machines
- Keyboards
- Laptops

+No TVs or screens accepted with broken

GLASS OR SHARP EDGES

Volunteers will be stationed on site to guide residents to the correct location in the rear and side parking lots, depending upon the types of items to be recycled. Residents are reminded to drive slowly through the parking lot and follow the directions of any volunteer wearing a safety vest. Volunteers will also remove electronic items from each resident's vehicle; residents are asked to remain inside their cars for safety reasons.

Electronic items will be accepted whether they are working or not. However, for safety reasons, TV screens or monitors with broken glass or other sharp edges will not be accepted. Bring those items to one of Essex County's Household Hazardous Waste Disposal days; visit ecuanj.com for more information.

Exercise equipment, alkaline batteries, car batteries, light bulbs, smoke detectors, or

household hazardous materials cannot be recycled at this event. Check the township website to find out when and how these items can be recycled.

EARLY DROP OFF

Early drop off for electronics only (no papers to be shredded) will be available on Friday, June 6 and Saturday, June 7 from 8:30 a.m. to 10:00 p.m. at the Livingston Senior/Community Center, 204 Hillside Avenue, on the lower level in Craft Room 1.

LIGHTBULBS

Unbroken fluorescent "swirl" bulbs and tubes up to 4' in length are accepted at the township's Electronics Recycling Events. Regular "Edison" — incandescent — bulbs are not accepted; dispose of those with regular household garbage.

PAPER SHREDDING

All types of confidential paper documents will be accepted for shredding. These personal paper documents will be shredded and recycled on site during Livingston's event. Shredding is available for Livingston residents only, and there is a limit of five boxes of papers per household. Home-based businesses or institutions are not eligible to use this service.

Residents are reminded that the following will not be accepted: hard-cover books, three-ring binders, paper clips, CDs, computer disks, pendaflex-type folders, other fastened documents

The shredding trucks fill up quickly, so Livingston residents are reminded to bring their documents to the site in a container that can be easily emptied. Residents are reminded to remove pages from plastic binders and bring only sensitive documents for shredding.

Newspapers, magazines, and books should always be recycled with regular bi-weekly paper pickup. Residents who want to watch as their papers are shredded must park their cars in the spaces to the right, beyond the shredding truck; this will allow traffic to continue to flow steadily.

FUTURE E-RECYCLING DATES

The Township typically holds multiple Electronics Recycling and Paper Shredding Events each year. The next event will be on Saturday, October 25, 2025. For more information, call Livingston's Recycling Coordinator at 973-992-5000 ext. #5303 or visit livingstonnj.org/ElectronicsEvents.

NJ FESTIVAL ORCHESTRA PRESENT “MOZART IN THE GARDEN” JUNE 14

A Magical Evening of Music Under the Stars in Westfield

ARTISTS’ OPEN HOUSE: JUNE 7 & 8

Essex County Riker Hill Art Park

Essex County Riker Hill Art Park is a former United States Army Nike Missile Base located in Livingston, NJ that was transformed into an art park in 1974. Over thirty artists work in the park, their studios perched high atop the mountain, with breathtaking scenic views. Artists-in-residence work in various disciplines such as painting, fine metal jewelry, ceramics, pottery, glass-blowing, printmaking, photography, weaving, fiber arts, mixed media, and sculpture.

An open house will be held at the park on Saturday, June 7 and Sunday, June 8 from 11 a.m. to 5 p.m. Come see the artists in action and their work on display. Admission is free. Ricker Hill Art Park is located at 284 Beaufort Ave., Livingston, NJ.

Back by popular demand, New Jersey Festival Orchestra’s highly acclaimed outdoor concert returns on Saturday, June 14, 2025 with “Mozart in the Garden,” a spectacular open-air musical celebration set against the grand backdrop of one of Westfield’s finest residences. Concert begins at 7:30 PM. Gates open at 6 PM. Free on-street parking and full accessibility available.

Under the direction of Maestro David Wroe, the NJ Festival Orchestra invites audiences to step into the golden age of European cultural grandeur. From the joyful flair of Mozart’s “Prague” Symphony to the toe-tapping rhythms of Kodály’s Hungarian folk dances and Elgar’s sweeping, romantic elegance, this concert promises a night of unforgettable charm and symphonic brilliance under the stars.

The evening opens with the fiery folk rhythms and gypsy spirit of Kodály’s Dances of Galánta, a tribute to the Hungarian countryside of the composer’s youth. The program continues with the romantic Viennese-sounding elegance of Elgar’s Introduction and Allegro, a virtuosic showcase for the NJFO string section.

The evening culminates in a performance of Mozart’s joyful and exuberant Symphony No. 38, “Prague,” a dazzling work that celebrates the composer’s special connection to the city that embraced him.

“Viennese giant Wolfgang Amadeus Mozart

made his home in Vienna but allowed the city of Prague to adopt him, said Maestro Wroe. His “Prague” symphony jumps for joy and displays a bravado and confidence unique amongst his compositions.”

“This concert highlights cultural and geographical empires at the pinnacle of their power, all unified through the power of music,” Wroe added.

Held under the stars with full theatrical lighting, acoustically enhanced sound, and Westfield’s historic elegance as the setting, “Mozart in the Garden” promises an unforgettable summer experience.

“This concert is going to be another phenomenal event,” stated NJ Festival Orchestra board member Keith S. Hertell. “We transform my grounds to create a beautiful outdoor performance experience with stage lighting, acoustics, and a fully professional stage. It’s a huge undertaking and we are deeply grateful to Ray Catena of Union for their support.”

Admission: \$45 General Lawn Admission (bring your own chairs and refreshments). \$85 VIP Reserved Seating (limited access seating close to the stage with chairs provided)

Tickets can be purchased online at www.njfestivalorchestra.org, by phone at (908) 232-9400, or in person at the NJFO office, 224 East Broad St., Westfield.
