## A SPLIT SECOND ON WHITE OAK RIDGE ROAD

Parents in our town are likely familiar with incessant requests from their teens for an e-bike. The arguments go: “You won’t have to drive me,” “You want me to be more independent,” “It’s way more environmentally friendly.” Let’s face it—the appeal is real. The freedom to explore, the exhilaration of acceleration, the thrill of cruising on a Super 73, riding with a friend.

What’s not to love about riding! The magic of seeing a small child peddling away, or a grown man peeling the dust sheet off his Ducati, roaring it to life. Add the zip of e-bikes, hoverboards, and scooters, and just like that, summer’s arrived.

But this is an article written by an EMT, so you know where it’s headed. One sunny afternoon, a dedicated off-duty EMT, witnesses the exact moment a kid on an e-bike, going too fast and without a helmet, loses control. The bike slides out from under him.

We see it: kids blazing past, helmet straps dangling, phone in hand, earbuds in, all gratification centers lit up. We get it. My 83-year-old father-in-law once asked to take a spin on my son’s e-bike. Skeptical, we let him. Priceless—he wore that grin all day.

In New Jersey, Class 3 e-bike riders must be 15, licensed, and stay under 28mph. Class 1 and 2 are limited to 20mph with no age minimum, but helmets are required under 17. E-scooters follow the same rules. Speed-modifying kits make e-bikes illegal and riskier. Even untampered models can be dangerously fast. Nationwide, e-bike injuries—especially head trauma—are rising.

Back to our story, the EMT stabilizes the boy’s spine, tends to his head injury, fractured wrist and grazed knees. In no time, he is loaded into the ambulance and transported to hospital. How to avoid scenes like this? Lead by example, wear a helmet, follow traffic rules - kids mimic behavior. Practice with them in safe areas so they can build skills. And for teens, have the “e-bike speed talk”. Share real stories. Set clear rules. In our house, helmet, no phone, reflective jacket, lights on. That’s the deal.

### ABOUT THE MILLBURN-SHORT HILLS VOLUNTEER FIRST AID SQUAD (MSHVFA)

With the support of both our primary and backup crews, our 100% volunteer EMTs and EMT Crew Chiefs step up when their community needs them the most and respond to nine 911 calls — several of them concurrent — ranging from e-bike accidents to critical medical emergencies. It’s a powerful example of leadership, resilience, and the strength of a volunteer system that works. The squad serves the community 24 hours a day, 7 days a week, 365 days a year, never charges for services rendered and is funded solely by private donations.

## JUNE SPEAKERS PROGRAM FOR THE SUMMIT AREA OLD GUARD

The Summit Area Old Guard is a social, educational, and recreational organization that serves men of retirement age. We meet Tuesdays, 9:30 a.m., at the New Providence Presbyterian Church located at 1307 Springfield Ave. We encourage visitation, and all are welcome. Our motto is "Come for the Programs. Stay for the Friends." The organization was founded in 1930. Our website address is [summitoldguard.org](http://summitoldguard.org).

### JUNE 3RD - MITCH ERICKSON

On June 3rd we will talk about 'getting the lead out'. Our speaker will be a well-known Old Guard member, Mitch Erickson. Mitch holds a PhD in chemistry and has spent much of his professional career dealing with environmental matters. He will talk about lead mining, the metal's use, and the dangers from exposure to it. Mitch will review the efforts to remove lead from our environment over the past half-century, notably leaded gasoline, paint, and lead piping. While we have improved human lives and raised IQs by reducing this often-present element, there are still challenges ahead.

### JUNE 10TH - ROSIE NOVELLINO-MEARNS

On June 10th, Rosie Novellino-Mearns will tell us of her fight to save Radio City Music Hall. Rosie is a retired Radio City Ballet Dance Captain and formerly President of the Showpeople's Committee to Save Radio City Music Hall. She is also an author and lyricist. Rosie will review the story of how she organized the

gargantuan effort in the spring of 1978 to save Radio City. You will be shocked by the "no good deed goes unpunished" climax of the story in which she reveals her reward for spearheading the movement to save "The Showplace of the Nation."

### JUNE 17TH - STEVE VILLAS

On June 17th, Steve Villas will delve into the intricacies of world oil and gas trading. After receiving a degree in engineering and an MBA from Wharton, Steve spent the next forty-five years in the petroleum industry working for Exxon, Standard Oil of Ohio, British Petroleum, and the Hess Corp. He has experience in Chemical Plant design, advertising and promotion, supply and logistics, government affairs, commodities trading, financial hedging, oil and gas marketing, and more. He will address current topics of interest in the world oil markets

including oil and gas contracts trading.

### JUNE 24TH - MIKE MCTERNAN

Finally, on June 24th, Mike McTernan will tell us how he transitioned from a successful career in finance into a totally different career in education, all the while engaging in community service. Mike is currently teaching history at Ridge High School and is also serving as President of the Summit Common Council. He previously spent almost 30 years working in corporate finance and banking. He will address current issues facing secondary education including his subjects of Global History and AP Government and Politics. He will also describe the challenges of a mid-career transition which required him to attain a EdD from Seton Hall University. He will be happy to entertain questions concerning local government issues as well.

## Blue Envelope Program

The Millburn Police Department is proud to announce a new program to help people with Autism Spectrum Disorder (ASD) during a traffic stop.

The goal of this program is to avoid any misunderstandings between officers and individuals with ASD. If someone with ASD gets pulled over, the driver shows the blue envelope. The driver will keep a copy of their driver's license, registration card, current insurance card, and an emergency contact list inside. The outside of the blue envelope contains instructions for the driver, like keeping hands on the wheel and a warning about the flashing lights and noises. On the reverse side of the envelope, it tells the officers what to do, like simplifying requests. A checked off box will also indicate whether the driver is verbal or nonverbal.

### DRIVER IS ON THE AUTISM SPECTRUM

☐ DRIVER IS VERBAL

☐ DRIVER IS NONVERBAL

**"BLUE ENVELOPE" IMPORTANT VEHICLE PAPERS!**

- Keep your hands on the steering wheel until otherwise directed, even if the officer is not at your car.
- The officer may shine a flashlight in your car, may have a radio, and may have flashing lights on their car.
- When the officer gets to your car let them know you have a blue envelope, answer the officer's questions, and ask the officer before moving any parts of your body.

**SPONSORED BY**

If anyone needs a Blue Envelope for themselves, family, and/or friend and are residents of Millburn/Short Hills you can contact : [communitypolicing@millburntwp.org](mailto:communitypolicing@millburntwp.org)
