# LANDSCAPE WITH BIRDS IN MIND

## The Raptor Trust

How many Eastern Screech Owls do we currently have at The Raptor Trust? Apparently ALL of them! Most of these owlets were displaced after the trees that held their nests were cut down.

Cutting down trees and landscaping - especially during nesting season - can destroy active nests, scare off parents, and even injure adult birds during a critical time.

Most birds nest between March and August. Even small projects - like pruning shrubs or pulling out vines - can have a devastating result on a nest.

Here's how you can help:

- Delay major trimming until fall
- Check for nests before cutting or clearing

- Leave a few brush piles - birds and critters love them
  - Avoid pesticides and non-native plants
- These small steps can make all the difference for birds trying to raise their families nearby—or young birds in the first days of their lives.

The Raptor Trust is a 501(c)(3) not for profit organization which provides free medical care to thousands of orphaned or injured birds each year. Our infirmary staff is available seven days a week during daylight hours to admit injured birds, but we must rely on the people who find them to bring them to us for care.

If you find a bird that needs help, please visit our website [theraptortrust.org](http://theraptortrust.org) for instructions. We cannot do what we do without the kindness of many – including our visitors!

# SENIOR CENTERS COMBAT LONELINESS

## Somerset County

Loneliness has become a national epidemic. According to the National Institute on Aging (NIH), the consequences of loneliness and isolation can lead to chronic health conditions, such as high blood pressure, heart disease, dementia, and other health concerns. One way for older adults to combat loneliness is to stay connected.

In Somerset County, our senior wellness centers provide an ideal place for older adults to socialize as proven by testimonials from Somerset County-operated senior wellness center clients.

## COUNTDOWN TO JULY 4TH, 2026

### America250 - In New Jersey & Nationwide

Next year, on July 4, 2026, the United States of America will commemorate and celebrate the 250th anniversary of the signing of the Declaration of Independence. This historic milestone is an opportunity to pause and reflect on our country's past, to honor the contributions of all Americans, and to also look ahead towards the future that we want to create and leave behind for the next generation of Americans.

On the federal level, America250 is a nonpartisan initiative working to engage every American in commemorating the 250th anniversary of our country. This multi-year effort, from now through July 4, 2026, is an opportunity to pause and reflect on our nation's past, honor the contributions of all Americans, and look ahead toward the future we want to create for the next generation and beyond.

In New Jersey, RevolutionNJ has been set up and is a partnership between the New Jersey Historical Commission (NJHC), a division of the New Jersey Department of State, and the nonprofit Crossroads of the American Revolution Association to plan the commemoration of the 250th anniversary of the American Revolution in New Jersey.

A Montgomery Senior Center client said, "My older years have been predominantly lonely until I joined the senior center. Regularly attending the center helps me keep fit, healthy, and joyful all day."

A Quail Brook Senior Center client said, "I live alone, and the senior center provides me with

a social life where I can enjoy talking to folks in my age group. I have met interesting people and have attended fascinating programs. The staff and other clients make me feel welcomed."

Another senior wellness center client asserted, "Attending the senior wellness center saved my life! I love it here."

# SOWING SEEDS FOR A BETTER FUTURE

Community groups and young people in our area recently joined together to offer a helping hand to hungry families in Appalachia. They were responding to a request from Hindman Settlement School, a Daughters of the American Revolution (DAR) supported school in eastern Kentucky, for donations of vegetable seeds.

The school participates in Grow Appalachia, an initiative that addresses food insecurity by providing free vegetable seeds and organic gardening instruction. They also provide access to a commercial kitchen for canning and food processing so that area residents can preserve their garden harvests.

When word reached Elizabeth Snyder-Continental Chapter DAR, they asked their members to donate and also invited the Somerset County 4-H Youth Development Program to participate. They were soon joined by 4-H in Bergen, Monmouth, Salem and Warren counties and the 4-H office at Rutgers University. Likewise, the teen Confirmation candidates at St. Luke’s R.C. Church in North Plainfield collected seeds as a service project, and seeds were donated by the Neshanic Garden Club.

“The response was overwhelming,” said Holly Dunbar, New Jersey DAR liaison to 4-H. “People realized that this is a great program serving a real need and they wanted to help. Thanks to their

generosity, we were able ship 1,800 seed packets valued at \$2,400 to the school in Kentucky, a gift from the people of the Garden State.”

Hindman, Kentucky, suffered flooding in February and the area is still recovering from catastrophic flooding in 2022. The region is in the same USDA hardiness zone as parts of central and south Jersey, so seeds purchased locally could be donated. According to the school, the most requested seeds are tomatoes, beans, peppers, and squash, but seeds of all varieties of vegetables and herbs were accepted.

The DAR shipped the seeds to Kentucky where the school hosted a Seed Shower in March, inviting area residents to pick out seeds for their gardens. According to Hindman Settlement School, the donated seeds do more than fill gardens, they empower community members with hands-on learning, increase access to affordable food, and bring a little joy to families who need it.

The DAR is a nonprofit service organization that promotes education, historic preservation and patriotism. Based in Green Brook, Elizabeth Snyder-Continental Chapter serves areas of Somerset, Middlesex and Union counties. Contact the chapter at [ESCchapterDAR@gmail.com](mailto:ESCchapterDAR@gmail.com).

# EXPERIENCE VOLUNTEERISM WITH COUNTY'S HANDYMAN PROGRAM

## Somerset County

For over 30 years, local volunteers from Somerset County's Handyman Program have dedicated countless hours of manual labor to provide independence for elderly and disabled residents throughout Somerset County.

The volunteer program, which consists of men and women, offers small interior household repairs that focus on keeping people safe in their homes. The program offers many services, including: installing grab bars, replacing smoke detectors, installing or removing air conditioners, small plumbing, electrical repairs, and more. Some Handyman Program volunteers also participate in the Wheelchair Ramp Construction Team to build ramps for people who are permanently wheelchair bound.

"It is reassuring to know that the volunteers through our Somerset County Handyman Program are giving residents their personal freedoms back," said Commissioner Paul Drake. "Losing the ability to go outside your home is not something that any resident should be forced to

accept. With every ramp project completed, the burden of excessive labor costs and isolation is lifted off the back of another family. That freedom allows residents to spend time outdoors, visit loved ones, and stay connected to the things they enjoy. The entire Board of Commissioners is so grateful to these dedicated, thoughtful, skilled countywide volunteers."

Although residents are expected to pay for supplies, the cost of volunteer labor is free.

"Getting a metal ramp from a private company can cost \$10,000 or more. People can't always afford that," said Somerset County Volunteer Services Director Laurie Roome. "We do ask, if they're able to, to pay for the price of materials that we use. But, if they can't afford that, our program and other donations will cover the cost. Our ramps are built with high - quality materials and by expert craftspersons. Some residents have been trapped in their houses, so they can't get out to visit a doctor or attend a family event. These ramps not only mean safety, but actually represent freedom."

"Some of our volunteers have carpentry backgrounds and some of them were CEO's, IT specialists, or dentists. They come from all walks of life, but they all love giving back," said Roome. "You don't really need to have any experience to be part of our programs."

Bill Bollwage, a resident of Bridgewater and 15-year veteran of the Handyman Program, said that a willingness to help your neighbor is the main requirement for getting involved.

"You don't need to know everything, so no one should hesitate to get involved," said Bollwage. "You can come here and pick up skills as you go along. When you get to see one of the residents come out of their house for the first time in over a year, it makes you feel good. It gets emotional for the homeowner. We've had a couple of people break down in tears. They get to see their neighbors and now they can just come out and enjoy the weather."

To volunteer or to receive assistance from the program: call (908) 541-5715 or email VolunteerSvs@co.somerset.nj.us.
