JASMIN MORIN AND HER SONS, ALEXANDER AND FRANCIS GRADUATE FROM CIVIL AIR PATROL GROUND SEARCH & RESCUE SCHOOL

*Curtiss-Wright Composite Squadron,
Civil Air Patrol*

During summer break 2025, Livingston resident Jasmin Morin and her sons, Alexander and Francis, graduated from the 2025 New Jersey Ground Search and Rescue (GSAR) School operated by Civil Air Patrol's New Jersey Wing. The Morins, who have resided in Livingston for the past five years, are all members of the local Curtiss-Wright Composite Squadron. They were among the 24 graduates of the summer GSAR School hosted on Joint Base McGuire-Dix-Lakehurst from August 9 to August 16, 2025.

Cadet Chief Master Sergeant Francis Morin (16) is a junior, while his brother Cadet 2nd Lieutenant Alexander Morin (14) is a freshman. First Lieutenant Jasmin Morin is a 25-year employee of the Federal Reserve System.

A cornerstone of the Civil Air Patrol's emergency services mission, the weeklong GSAR immersion training helped CAP members earn qualifications for Ground Team Member 3, Ground Team Member 2, and Urban Direction Finding. The Morin family and other students completed online prerequisites before attending in-person classroom sessions and field exercises, culminating in a two-day, overnight field training exercise. Emergency services readiness ensures CAP members are ready to support communities in need after a natural disaster or other community emergency.

"GSAR school is where our future ground team specialists take their first big step," said Col. Amy Myzie, commander of the New Jersey Wing. "The training here combines field readiness with real-world mission skills, ensuring our teams are prepared to assist whenever and wherever we're needed."

Over the past four decades, New Jersey Wing GSAR School has become one of Civil Air Patrol's premier emergency services schools, producing mission-qualified graduates who support search and rescue, disaster relief, and homeland security missions.

A FAMILY COMMITMENT

The Morins have been active members of Curtiss-Wright Composite Squadron (Fairfield, NJ) since 2023. Jasmin Morin serves as the squadron's Cyber Education Officer, where she leads teenage members through national competitions and other activities designed to spark interest and foster career paths in the cybersecurity industry. She is also the Assistant Deputy Commander of Cadets and works closely with the unit's roster of 54 teenage members.

In addition to executing their squadron duty positions, the two Morin brothers recently completed leadership training at New Jersey Wing's Non-Commissioned Officer Cadet Academy and in the Advanced Cadet Squadron at New Jersey Wing's Basic Encampment, a one-week immersion program focused on teamwork, personal growth, cybersecurity, and aerospace. The cadets also attended a one-week Civil Air Patrol Engineering Technology program held at Middle Tennessee State University (Tennessee).

"The Morin family's commitment to the missions of CAP is a great example of the enthusiasm we seek to ignite in all our members," said Lt. Col Carol McCloud, the commander of the Curtiss-Wright Squadron. "A family's relationship with CAP usually begins with a teen's interest in aviation or rocketry, and quite often it blossoms into a family's expression of community service. Parents and teens end up working side by side and independently on the missions of CAP — to make our communities stronger and safer."

In 2024, New Jersey communities benefited more than \$6.7 million in community service value from CAP New Jersey Wing members (approximately 600 adult members and 954 teen

members).

ABOUT CIVIL AIR PATROL

The Civil Air Patrol is the longtime auxiliary of the U.S. Air Force and, as such, is a valued member of its Total Force. In its auxiliary role, CAP operates a fleet of 560 single-engine aircraft and 1,550 small Unmanned Aircraft Systems. It performs about 90% of continental U.S. inland search and rescue missions as tasked by the Air Force Rescue Coordination Center and is credited by the AFRCC with saving an average of 82 lives annually. CAP's 66,000 members also perform homeland security, disaster relief and drug interdiction missions at the request of federal, state and local agencies.

CAP also plays a leading role in STEM and aerospace education, and its adult members serve as mentors to 32,000 cadets nationwide.

The squadron meets on Tuesday evenings from 7 p.m. to 9 p.m. at the American Red Cross Northern New Jersey Headquarters, 209 Fairfield Road, Fairfield, NJ.

FEBRUARY SPEAKERS PROGRAM FOR THE SUMMIT AREA OLD GUARD

The Summit Area Old Guard is a social, educational, and recreational organization that serves men of retirement age. We meet Tuesdays, 9:30 a.m., at the New Providence Presbyterian Church located at 1307 Springfield Ave – we encourage visitation, and all are welcome. Our motto is “Come for the Programs. Stay for the Friends.” The organization was founded in 1930. Our website address is summitoldguard.org.

In February, we will have four speakers:

FEBRUARY 3RD, MATTHEW LIBERA

Professor of Materials Science and Engineering at Stevens Institute of Technology, will tell us how to make a better hip implant. Biomedical implants such as hip and knee prostheses have had a huge impact on human health and have improved the quality of life for millions of patients. However, in addition to their wonderful healing properties, these, and other tissue-contacting biomedical devices (e.g., catheters, tissue-expanders, pacemakers, etc.) can also catalyze infection. Infection rates vary from about 1-5% but can be as high as 50% depending on the nature of the device. Device-associated infection can be a life-changing complication which currently has no cure. Professor Libera will give an overview of tissue-contacting implants using hips as a prime example and then describe the infection problem as well as ongoing efforts to prevent, detect, and cure these infections.

FEBRUARY 10TH, NANCY ORI

Nancy Ori will discuss ‘Nature as the Inspiration of Art’. Nancy has been an internationally respected photographer for over 35 years and a video producer for Ciba-Geigy and Novartis, and is owner of New Jersey Media Center, LLC in Berkeley Heights, NJ. Nancy studied with Ansel Adams and was a teaching assistant for many years with the Ansel Adams Workshop in California. In 1994 she established the NJ Photography Forum, a group of professional and serious amateur photographers. Nancy will share her personal interpretation of the landscape and architecture, demonstrating how she uses photographs to transform natural and man-made settings. Her images, which reveal a love of light, shadow, and form, become powerful documents that express the land's vulnerability and endurance.

(above, l-r) Matthew Libera, Nancy Ori, Steve Nisberg, and Ken Cavanagh

FEBRUARY 17TH, STEVE NISBERG

We will learn about the Environmental Defense Fund (EDF). Our speaker will be Steve Nisberg, a human resource specialist. Steve will give us insight into this global Non-Governmental Organization and share its history, the work that it does around the world to stabilize the climate, strengthen the ability of people and nature to thrive and support people's health through eight key areas of focus.

FEBRUARY 24TH, KEN CAVANAGH

We'll delve into AI – artificial intelligence. Our speaker will be Ken Cavanagh, former faculty member, cyber security, Fordham University. Ken will review the various elements of AI and how they affect our daily experiences, including debunking common misconceptions and highlighting ways AI is used today, such as virtual assistants, healthcare, and daily assistance.

ROBOTIC PETS BRING COMFORT TO SENIORS IN COUNTY HOUSING

County of Morris

Morris County recently distributed robotic companion pets to seniors living in county-supported housing as part of the “Joy for All” Companion Pet Program, sponsored by the Morris County Office on Aging, Disabilities and Community Programming and expanded this year to include the Morris County Housing Authority.

The Office on Aging partnered with the Housing Authority in 2025 to broaden the program’s reach to seniors residing in senior housing. As part of the expansion, the Housing Authority received 36 robotic companion pets, 26 of which have already been distributed to residents age 60 and older.

The companion pet program was launched in 2024 to help reduce social isolation, loneliness and cognitive decline among older adults by providing the comfort and companionship of a pet without the responsibilities associated with

caring for a live animal. In its first year, the program distributed 110 robotic companion pets to eligible residents and facilities throughout Morris County and partnered with the Morris County Sheriff’s Office Project Lifesaver program.

The robotic cats and dogs are designed to respond to motion and touch, offering realistic behaviors such as purring, rolling over, barking and wagging their tails.

“The companion pets have been the focus of rigorous, peer-reviewed studies demonstrating their effectiveness in reducing loneliness and social isolation,” said Christine Hellyer, director of the Office on Aging, Disabilities and Community Programming. “Recipients often name their pets and keep them as long as they wish, forming meaningful emotional connections.”

The program is funded through the Aging American Rescue Plan. To qualify, recipients

must be at least 60 years old, homebound, and either socially isolated or living with dementia or a similar cognitive condition.

Pegasus: The Orchestra will perform at Drew University on Saturday, March 21 at 4:00 PM for the TheraYouth Foundation's Third Annual Concert fundraiser. Held at the Dorothy Young Center for the Arts, the concert will unite world-class professional musicians with local student performers to raise critical funds for TheraYouth's mission to provide needed physical, occupational, and speech therapy services to disadvantaged children who cannot otherwise access care.

Pegasus: The Orchestra pairs artistic excellence with social impact. Pianist, conductor and composer Karén Hakobyan founded the group in 2017 as a nonprofit dedicated to supporting exceptional musical talent, and to bringing world-class performances to underserved communities. True to its namesake, the ensemble empowers its musicians to soar artistically. Pegasus functions as a collective of artist leaders, resulting in performances that run the range of vibrant, driven orchestral performances alternating with intimate and chamber-like expression. The New York Concert Review calls Pegasus "a truly first-rate ensemble" and a "can't miss" group, urging audiences to "get your tickets right away before they sell out."

As a composer-arranger, Director Hakobyan frequently crafts orchestral works to showcase

the unique musicality of the ensemble's artists, as in this concert which Hakobyan specifically wrote for this performance.

The Chatham High School Chamber Choir, directed by Kenneth Bryson, will perform the Interlude. This ensemble has performed at venues including the White House, the National Anthem at Citi Field to open a Mets game, the Empire State Building, and the Cathedral of St. John the Divine, and appreciated for their musical excellence.

The proceeds from this concert will support the TheraYouth Foundation, whose mission is to ensure that children are never denied critical physical, occupational, or speech therapy simply because their families cannot afford it. TheraYouth serves disadvantaged youth with treatable conditions, helping them gain strength, communication, and independence. Funded entirely through donations and fundraisers, every dollar raised supports life-changing therapy sessions for children who might otherwise go without the care they need to thrive.

"Every child deserves the chance to reach their full potential," said TheraYouth founder, Dr. Irina Marcoff, DPT. "This concert not only raises vital funds but brings the community together around the belief that early, high-quality therapy can change the course of a child's life."

OPERA AT FLORHAM'S VALENTINE SERENADE

Lenfell Hall, The Mansion, Fairleigh Dickinson University (285 Madison Ave, Madison, NJ 07940) • Sunday, February 15, 2026 at 2:00 PM

Opera at Florham invites audiences to celebrate Valentine's Day weekend with a concert of love on stage: Valentine Serenade, a special Sunday afternoon concert on February 15, 2026 at 2:00 pm at Lenfell Hall, The Mansion, Fairleigh Dickinson University (285 Madison Ave, Madison, NJ 07940).

Featuring beloved Opera at Florham favorites Sarah Barrera, Soprano, and Pedro Barrera, Tenor, this program showcases a married couple united on and off the stage, whose shared artistry brings rare intimacy and authenticity to every

performance. Rather than a traditional recital, the concert unfolds as a cinematic emotional journey—exploring love, longing, joy, and farewell through music that resonates deeply with the heart.

In past performances, the Barreras have captivated audiences with repertoire ranging from Giuseppe Verdi, Giacomo Puccini, and Charles Gounod to Ennio Morricone, Stephen Sondheim, and other modern favorites, seamlessly bridging Opera, theater, and film in performances that are both emotionally rich and theatrically compelling.
