BROWNIE TROOPS BRING HOLIDAY CHEER TO SENIORS

Long Hill Township Girl Scout Brownie Troops 98840 and 98535, comprised of 2nd- and 3rd-grade scouts, visited the Lounsberry Meadow senior community to spread holiday cheer through music, cards, and cookies.

The event was coordinated with Kristen Oleske, Event Coordinator for Lounsberry Meadow. During the visit, the Brownies sang classic holiday favorites including Rudolph the Red-Nosed Reindeer, Frosty the Snowman, The Twelve Days of Christmas, Feliz Navidad, and The Dreidel Song. The troops also brought cookies to share and presented residents with handmade holiday cards they created especially for the occasion.

Residents at Lounsberry Meadow delighted in singing along to the festive music and expressed admiration for the thoughtful, handmade cards. The community also provided snacks for the scouts, adding a warm and welcoming touch to the celebration.

The troops hope to make this visit an annual tradition as a way to bring joy and connection to their local senior citizen community during the holiday season.

SHARP-SHINNED HAWK RELEASED BACK TO WILD

This feisty Sharp-shinned Hawk was admitted on 12/22 after being found in a yard in Warren following a window strike. On intake, the hawk had bloody nares and mouth, consistent with head trauma often seen after collisions. The nares are a bird's nostrils, located near the base of the beak, and bleeding there often points to head or facial trauma from collisions.

With supportive care and time to heal, this "Sharpie" as we call them, made great progress and was moved to an outside flight cage on 12/28/25. After proving strong, steady flight and good awareness, the hawk was successfully released back to the wild on 1/2/2026.

Sharp-shinned Hawks are incredibly fast and agile forest hunters, built to weave through dense trees while chasing small birds. That same speed and focus, however, can make them especially vulnerable to window strikes when reflective glass looks like open sky or habitat.

Remember, small changes matter, adding window decals is a simple way to help.

DAR LAUNCHES AMERICA 250 CELEBRATION

Submitted by Holly Dunbar

America's semiquincentennial year has arrived and the Daughters of the American Revolution (DAR) kicked off the celebration by honoring their patriot ancestors at the Somerset County Park Commission's Festival of Trees.

"Celebrating America 250 by Honoring Our Patriot Ancestors" was the theme of the tree hosted by Elizabeth Snyder-Continental Chapter DAR at the Environmental Education Center in Basking Ridge during December. The 8-ft. tall tree was decorated with red, white and blue lights and the profiles of the Revolutionary War ancestors of DAR chapter members.

Featured on the tree were mini profiles of 50 patriot ancestors and their service. They included a captain of the Lexington Alarm in Massachusetts, a river boat pilot, people who donated money or supplies, a brigadier general of the light dragoons, a spy, a president of the provincial Congress, and farmers who joined

their local militia.

To join the DAR, women need to document their descent from a man or woman who aided the cause of American independence. Some prospective members have mapped out their family tree, but others know only that they have an ancestor who served in the Revolution. In that case, the DAR will assist them with research and the application process.

The DAR is a non-profit, non-political women's service organization dedicated to promoting patriotism, preserving American history, and securing America's future through better education. There are currently 190,000 members in 3,000 chapters in the U.S. and several nations abroad.

If you are a descendent from a patriot of the Revolution and would like to join the DAR, contact the chapter at

ESCchapterDAR@gmail.com.

We are proud to serve the residents and visitors of Long Hill Township and help our surrounding communities.

STIRLING'S FIREFIGHTER SANTA 2025

For 15 years Stirling Volunteer Fire Co. took Santa to visit more than 100 families in Long Hill Twp. that brought much excitement and delight to well over 100 children in the Township on Dec. 13. A few minutes before his arrival, one of Santa's elves called to advise the family he would be arriving in minutes.

A few houses away the flashing lights on the fire engine were turned on and a blast of the siren cut through the cold air. Santa sat in the front seat waving out the window as the fire engine came to a stop.

At one family's house the 6-year old Madison sprung up from playing and ran to the front door. She had heard that Santa may visit her and come

on a fire engine. She raced to get on her boots, coat, and hat. With her mom and dad and grandparents they raced out the door to the sidewalk. The big red fire engine stopped and Santa stepped down. To Madison it was like a miracle come true!

Santa and Madison talked and then Santa handed her a present. Santa said to be extra good and he'd bring her some nice presents. A photo was taken of Santa with her family, she hugged Santa with great endearment, and Santa was off to the North Pole!

Firefighter Santa is one of the happiest Stirling Volunteer Fire Co.'s fund raisers that brings delight and happiness to children and residents.

ROBOTIC PETS BRING COMFORT TO SENIORS IN COUNTY HOUSING

County of Morris

Morris County recently distributed robotic companion pets to seniors living in county-supported housing as part of the "Joy for All" Companion Pet Program, sponsored by the Morris County Office on Aging, Disabilities and Community Programming and expanded this year to include the Morris County Housing Authority.

The Office on Aging partnered with the Housing Authority in 2025 to broaden the program's reach to seniors residing in senior housing. As part of the expansion, the Housing Authority received 36 robotic companion pets, 26 of which have already been distributed to residents age 60 and older.

The companion pet program was launched in 2024 to help reduce social isolation, loneliness and cognitive decline among older adults by providing the comfort and companionship of a pet without the responsibilities associated with caring for a live animal. In its first year, the program distributed 110 robotic companion pets to eligible residents and facilities throughout Morris County and partnered with the Morris County Sheriff's Office Project Lifesaver program.

The robotic cats and dogs are designed to

respond to motion and touch, offering realistic behaviors such as purring, rolling over, barking and wagging their tails.

"The companion pets have been the focus of rigorous, peer-reviewed studies demonstrating their effectiveness in reducing loneliness and

social isolation," said Christine Hellyer, director of the Office on Aging, Disabilities and Community Programming. "Recipients often name their pets and keep them as long as they wish, forming meaningful emotional connections."

The program is funded through the Aging American Rescue Plan. To qualify, recipients must be at least 60 years old, homebound, and either socially isolated or living with dementia or a similar cognitive condition.
