KUMPF TAKES 2ND PLACE AT SCIENCE OLYMPIAD REGIONALS

Clark Public Schools

Carl H. Kumpf Middle School's Science Olympiad team is celebrating their incredible achievement of 2nd place against 18 other schools at the NJIT Regional Tournament on Wednesday, January 7th, 2026 becoming a top school to compete at the State Tournament! According to soinc.org, "Founded in 1984, Science Olympiad is the premier team STEM competition in the nation, providing standards-based challenges to 6,000 teams at 425 tournaments in all 50 states."

The students on the team prepared for many weeks to compete in Science and Engineering competitions. This includes building and testing events such as Boomilever, Circuit Lab, Codebusters, Helicopter, Mission Possible, Scrambler, and more. Preparation, building, testing, data-taking, and studying all took place during and after school in the science and art classrooms. Many hours were spent dedicated to consulting with coaches and working hard to prepare for the regional competition.

Coaches and Kumpf Teachers Joe Rodriguez, Annemarie Lamberti, Andrew Calo, and Thomas Peitz attended the Regionals at NJIT with the Kumpf Science Olympiad team. After the events, the coaches and the team felt confident that they did well and were eager to await the results from the

Science Olympiad judges.

KUMPF'S TEAM WAS AWARDED:

- Gold Medals in 2 events:
Disease Detectives and Meteorology
- Silver Medal in 1 event: Write It Do It
- Bronze Medals in 3 events: Boomilever, Entomology, and Rocks & Minerals

Students placed in the top 5 in 8 out of the 12 events. This places Kumpf Middle School in 2nd overall, the best Kumpf has achieved in the team's history starting in 2008.

Joe Rodriguez, Science teacher and lead coach, says, "The unity and work ethic of this group have been truly outstanding. Seeing the results of their dedication is a source of pride for all of us. It's an honor to work with such a passionate and dedicated team of students."

Andrew Calo, Math teacher and coach, states, "Being a new coach to Science Olympiad this season, it has been truly astonishing to see how these students have not stopped working toward their goal since back in October. It is clear that all of their hard work has paid off. If they continue this process, I see great success in our future."

The New Jersey Science Olympiad State Tournament will be held at Middlesex College in March.

LITTLE SHOP OF HORRORS - MARCH 26 - 28

Clark Public Schools

Arthur L. Johnson High School will proudly present the musical comedy classic Little Shop of Horrors in late March. This darkly comedic and wildly entertaining show, a fan favorite for decades, features unforgettable characters, a fantastic musical score, and the star of the show, a not-so-ordinary and very hungry plant.

Based on the cult classic film, the story of Little Shop follows Seymour Krelborn, a meek flower shop assistant, who discovers a strange and interesting plant that promises him fame, fortune, and love—all at a terrifying cost. With music by Alan Menken, and book and lyrics by Howard Ashman, the show blends doo-wop, Motown, pop, and rock, coupled with sharp humor and some thrilling theatrical moments.

Director Peter Nevargic is thrilled to be remounting this production, as this was the first show he produced and directed back in 2009. "I've never repeated a show before, but I felt it was time for this show to come back to ALJ. We will also be bringing back the matinee performance, which we have not done here in quite some time. This production promises to be hilarious, creepy, and better than ever before!"

Don't miss out on the chance to see this wonderful musical, performed by the very talented student performers of ALJ...and remember...DON'T FEED THE PLANT!!

Performances:

Thursday, March 26 at 7:00 PM

Friday, March 27 at 7:00 PM

Saturday, March 28 at 2:00 PM

PRESCHOOLERS PERFORM HEALTH CARE AT TEDDY BEAR CLINIC

Clark Public Schools

Students in the Clark Preschool Program recently had an opportunity to participate in a Teddy Bear Clinic with Hackensack Meridian Health. Students were able to learn about healthy living by using a stethoscope taking beats per minute, taking temperatures, and wrapping an ankle or arm.

Deena Santora, Practice Development Manager, Hazlet & Clark of Hackensack Meridian Urgent Care visited the classrooms to facilitate the activity. The idea is to help children feel more comfortable around doctors and medical equipment. Each child could bring their own teddy bear (or stuffed animal) and fill out a little form sharing what kind of "boo-boo" their bear has. Then, the students helped to "fix" their

bear - just like we would for a real patient! Students were able to practice in a fun, familiar environment and use storytelling skills about health and wellness.

According to preschool teacher Caitlin Yergaloni, "The children enjoyed being doctors and taking care of their patients! It was fun to see

the children use the medical tools and give their stuffed animal a full physical exam! The children even pretended their stuffed animals had injuries and wrapped bandages on them. The hands-on experience of getting to act out a doctor's office visit helped reassure children that a doctor is there to help you and take care of you."

SAY GOODBYE TO KNEE & JOINT PAIN WITHOUT RADIATION

Introducing RADIATION FREE KNEE INJECTIONS Under Ultrasound Guidance

Do You Experience:

- Joint pain or tenderness?
- Joint stiffness after a period of inactivity or when you first wake up?
- Loss of flexibility?
- Grating sensation when you move?

Why Do You Need It?

- You have knee pain that's so bad it interferes with everyday life.
- You have tried nonsurgical treatments for several weeks or months and your symptoms have not improved.

Benefits of Viscosupplementation

- No pain from the injection
- No recovery time
- Quick results
- No radiation

If you answered "yes" to any of these questions, there's good news: NORTHEAST SPINE AND SPORTS MEDICINE can offer the relief you need to save a life free of knee pain.

Ask us about Viscosupplementation

Viscosupplementation is a non-invasive, FDA-approved treatment proven effective for Osteoarthritis and other types of pain.

Viscosupplementation is a procedure in which a gel-like fluid called hyaluronic acid is injected into the knee joint. Hyaluronic acid is a naturally occurring substance found in joint fluid, acting as a lubricant to enable smooth bone movement and absorb shock when needed; Because people with osteoarthritis have a lower than normal concentration of hyaluronic acid in their joints, viscosupplementation is an excellent therapeutic option for these individuals.

Viscosupplementation is a high-tech answer for all those who think that surgery, dietary supplements, and prescription medication are the only options for eliminating knee pain. In fact, this new treatment enables most people to get back to enjoying everyday activities in a matter of weeks. Treatment is covered by most major health insurance plans, including Medicare.

Funds raised at the Gala help sustain these programs and ensure that NJFO’s artistry and educational initiatives remain accessible to communities across New Jersey.

Clark Girl Scout Troop 40710 completed a highly successful book drive collecting and sorting hundreds, if not well over 1,000 books received from the generous donations of our community. Books are being donated to the Clark preschool, schools from the surrounding area, and the ALJ Key Club. The girls created flyers, dropped collection boxes throughout the schools and the Clark recreation center, and contacted

teachers regarding classroom donations. The girls worked tirelessly and spent hours unboxing, sorting, and bagging the books by grade level so they could be donated to the appropriate classrooms. The girls of Girl Scout Troop 40710 hope all the children enjoy having new books in their classroom to read.

STUDENTS CONSTRUCT 17TH CENTURY SALEM PURITAN NEWSPAPER

Clark Public Schools

As a summative assessment for their drama unit, Mrs. Michele Zederbaum's 11th grade honors English class at Arthur L. Johnson High School worked collaboratively to construct 17th century Puritan newspapers for Salem, Massachusetts. Each team of students took on the

roles of 17th century editors and utilized Google Sites. This creative and skill set project highlighted the literary elements of Arthur Miller's 1952 play, *The Crucible* and included headline news articles, feature stories, character obituaries, advice columns, and "for sale" ads. In addition to a creative component, the

construction of these sites required students to demonstrate an in-depth understanding of the play's characterization; narrative arc; individual and societal conflicts; and historical and cultural contexts. Components of journalism and technological skills were also incorporated.

SENIOR VALENTINES LUNCHEON BRINGS COMMUNITY TOGETHER

Courtesy Photos

Clark seniors enjoyed a special Valentine's celebration at this year's Senior Valentine's Luncheon, generously supported by the Birchwood Rehabilitation Center in Cranford. Approximately 100 seniors in attendance were treated to lunch, along with a thoughtful goody bag and a box of chocolates.

Adding an extra heartfelt touch, Clark preschool children created handmade valentines for each senior, helping make the day even more meaningful. The event was filled with smiles, good conversation, and community spirit, making for a wonderful time for everyone involved.
